Certain Conventions

All references in the Draft Red Herring Prospectus to “India” are to the Republic of India. All references in the Draft Red Herring Prospectus to the “U.S.”, “USA” or “United States” are to the United States of America.

In this Draft Red Herring Prospectus, the terms “we”, “us”, “our”, the “Company”, “our Company”, “Australian Premium Solar (India) Limited”, “APS”, and, unless the context otherwise indicates or implies, refers to Australian Premium Solar (India) Limited. In this Draft Red Herring Prospectus, unless the context otherwise requires, all references to one gender also refers to another gender and the word “Lac / Lakh” means “one hundred thousand”, the word “million (mn)” means “Ten Lac / Lakh”, the word “Crore” means “ten million” and the word “billion (bn)” means “one hundred crore”. In this Draft Red Herring Prospectus, any discrepancies in any table between total and the sum of the amounts listed are due to rounding-off.

Use of Financial Data

Unless stated otherwise, throughout this Draft Red Herring Prospectus, all figures have been expressed in Rupees and in Lakh. Unless stated otherwise, the financial data in the Draft Red Herring Prospectus is derived from our financial statements prepared and Restated Standalone Financial Statement for the year ended on March 31, 2023, 2022, and 2021 in accordance with Indian GAAP, the Companies Act and SEBI (ICDR) Regulations, 2018 included under Section titled “*Restated Financial Information*” beginning on page 158 of this Draft Red Herring Prospectus. Our fiscal year commences on April 1 of every year and ends on March 31st of every next year.

There are significant differences between Indian GAAP, the International Financial Reporting Standards (“IFRS”) and the Generally Accepted Accounting Principles in the United States of America (“U.S. GAAP”). Accordingly, the degree to which the Indian GAAP financial statements included in this Draft Red Herring Prospectus will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian accounting practice and Indian GAAP. Any reliance by persons not familiar with Indian accounting practices on the financial disclosures presented in this Draft Red Herring Prospectus should accordingly be limited. We have not attempted to explain those differences or quantify their impact on the financial data included herein, and we urge you to consult your own advisors regarding such differences and their impact on our financial data.

Any percentage amounts, as set forth in “*Risk Factors*”, “*Business Overview*”, “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” and elsewhere in the Draft Red Herring Prospectus unless otherwise indicated, have been calculated on the basis of the Company’s Restated Financial Information prepared in accordance with the applicable provisions of the Companies Act, Ind AS and restated in accordance with SEBI (ICDR) Regulations, as stated in the report of our Peer Review Auditor, set out in section titled “*Restated Financial Information*” beginning on page 158 of this Draft Red Herring Prospectus.

For additional definitions used in this Draft Red Herring Prospectus, see the section “*Definitions and Abbreviations*” on page 1 of this Draft Red Herring Prospectus. In the section titled “*Description of Equity Shares and Terms of the Articles of Association*”, on page 237 of the Draft Red Herring Prospectus defined terms have the meaning given to such terms in the Articles of Association of our Company.

- “USD” or “US\$” are to United States Dollar, the official currency of the United States.

Our Company has presented certain numerical information in this Draft Red Herring Prospectus in “Lakhs” units. One Lakh represents 1,00,000. In this Draft Red Herring Prospectus, any discrepancies in any table between the total and the sums of the amounts listed are due to rounding off. All figures derived from our Financial Statements in decimals have been rounded off to the second decimal and all percentage figures have been rounded off to two decimal place.

Use of Industry & Market Data

Unless stated otherwise, industry and market data and forecast used throughout the Draft Red Herring Prospectus was obtained from internal Company reports, data, websites, Industry publications report as well as Government Publications. Industry publication data and website data generally state that the information contained therein has been obtained from sources believed to be reliable, but that their accuracy and completeness and underlying assumptions are not guaranteed and their reliability cannot be assured.

Although, we believe industry and market data used in the Draft Red Herring Prospectus is reliable, it has not been independently verified by us or the BRLM or any of their affiliates or advisors. Similarly, internal Company reports and

data, while believed by us to be reliable, have not been verified by any independent source. There are no standard data gathering methodologies in the industry in which we conduct our business, methodologies, and assumptions may vary widely among different market and industry sources.

In accordance with the SEBI (ICDR) Regulations, the section titled “*Basis for Offer Price*” on page 85 of the Draft Red Herring Prospectus includes information relating to our peer group companies. Such information has been derived from publicly available sources, and neither we, nor the BRLM, have independently verified such information.

FORWARD – LOOKING STATEMENTS

All statements contained in this Draft Red Herring Prospectus that are not statements of historical fact constitute forward-looking statements. All statements regarding our expected financial condition and results of operations, business, plans and prospects are forward-looking statements. These forward-looking statements include statements with respect to our business strategy, our revenue and profitability, our projects and other matters discussed in this Draft Red Herring Prospectus regarding matters that are not historical facts. We have included statements in the Draft Red Herring Prospectus which contain words or phrases such as “will”, “aim”, “is likely to result”, “believe”, “expect”, “will continue”, “anticipate”, “estimate”, “intend”, “plan”, “contemplate”, “seek to”, “future”, “objective”, “goal”, “project”, “should”, “will pursue” and similar expressions or variations of such expressions, that are “forward-looking statements”. Also, statements which describe our strategies, objectives, plans or goals are also forward-looking statements.

All forward looking statements are subject to risks, uncertainties and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement. Forward-looking statements reflect our current views with respect to future events and are not a guarantee of future performance. These statements are based on our management’s beliefs and assumptions, which in turn are based on currently available information. Although we believe the assumptions upon which these forward-looking statements are based are reasonable, any of these assumptions could prove to be inaccurate, and the forward-looking statements based on these assumptions could be incorrect. Important factors that could cause actual results to differ materially from our expectations include but are not limited to:

1. Destruction in our service process.
2. Our ability to successfully implement our strategy, our growth and expansion, technological changes.
3. Failure to attract, retain and manage the transition of our management team and other skilled & unskilled employees;
4. Our ability to protect our intellectual property rights and not infringing intellectual property rights of other parties;
5. Ability to respond to technological changes;
6. Failure to comply with regulations prescribed by authorities of the jurisdictions in which we operate;
7. Inability to successfully obtain registrations in a timely manner or at all;
8. General economic and business conditions in the markets in which we operate and in the local, regional and national economies;
9. Our ability to effectively manage a variety of business, legal, regulatory, economic, social and political risks associated with our operations;
10. Recession in the market;
11. Changes in laws and regulations relating to the industries in which we operate;
12. Effect of lack of infrastructure facilities on our business;
13. Our ability to successfully implement our growth strategy and expansion plans;
14. Our ability to meet our capital expenditure requirements;
15. Our ability to attract, retain and manage qualified personnel;
16. Failure to adapt to the changing technology in our industry of operation may adversely affect our business and financial condition;
17. Failure to obtain any approvals, licenses, registrations and permits in a timely manner;
18. Changes in political and social conditions in India or in countries that we may enter, the monetary and interest rate policies of India and other countries, inflation, deflation, unanticipated turbulence in interest rates, equity prices or other rates or prices;
19. Occurrence of natural disasters or calamities affecting the areas in which we have operations;
20. Conflicts of interest with affiliated companies, the promoter group and other related parties;
21. The performance of the financial markets in India and globally;
22. Any adverse outcome in the legal proceedings in which we are involved;
23. Our ability to expand our geographical area of operation;
24. Concentration of ownership among our Promoters.

For further discussion of factors that could cause our actual results to differ, see the Section titled “*Risk Factors*”; “*Business Overview*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” beginning on page 25, 112 and 160 respectively of the Draft Red Herring Prospectus. By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual future gains or losses could materially differ from those that have been estimated.

There can be no assurance to investors that the expectations reflected in these forward-looking statements will prove to be correct. Given these uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements and not to regard such statements to be a guarantee of our future performance.

Neither our Company, our Directors, our Officers, Lead Manager and Underwriter nor any of their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. In accordance with SEBI requirements, our Company, and the Book Running Lead Manager will ensure that investors in India are informed of material developments until such time as the grant of listing and trading permission by the Stock Exchange for the Equity Shares allotted pursuant to this Offer.

SECTION II - SUMMARY OF DRAFT RED HERRING PROSPECTUS

PRIMARY BUSINESS OF THE COMPANY

Our Company was originally incorporated as “Australian Solar Panel (India) Private Limited” as a private limited company under the provisions of the Companies Act, 1956 vide Certificate of Incorporation dated May 23, 2013 issued by Registrar of Companies, Gujarat, Dadra and Nagar Haveli. Subsequently, the name of our company was changed from “Australian Solar Panel (India) Private Limited” to “Australian Premium Solar (India) Private Limited”, pursuant to a special resolution passed by our Shareholders in the Extra-Ordinary General Meeting held on November 27, 2013, vide Certificate of Incorporation dated November 28, 2013, issued by the Registrar of Companies, Gujarat, Dadra and Nagar Haveli. Further, our Company was converted from a private limited company to public limited company pursuant to special resolution passed in the Extra-Ordinary General Meeting of the company dated July 24, 2023 and consequently, the name of our Company was changed from “Australian Solar Panel (India) Private Limited” to “Australian Premium Solar (India) Limited” and a fresh certificate of incorporation dated August 03, 2023 was issued to our Company by the Registrar of Companies, Ahmedabad. The Corporate Identification Number of our Company is U40300GJ2013PLC075244.

Australian Premium Solar (India) Limited is one of the recognised brands in the solar industry, which is in the business of manufacturing of Monocrystalline and Polycrystalline Solar Panels and Engineering, procurement, and construction (“EPC”) services thereof. The Company has modern manufacturing facility at Tajpur, Sabarkantha, Gujarat that helps in delivering quality and latest technology products in the industry. The products manufactured by the Company are used in residential, agricultural and commercial installations.

Our Promoters, Mr. Chimanbhai Ranchhodbhai Patel and Mrs. Savitaben Chimanlal Patel are associated with our company since incorporation. While one of our current promoters Mr. Nikunj Chimanlal Patel acquired the shares from then existing shareholders in year 2017. Back in 2012, our promoters recognized the potential of solar energy market in India and incorporated this company in order to perceive the untapped potential of harnessing this boundless renewable resource. As solar technology gradually gained momentum and recognition, the foresight of our promoter began to manifest in a tangible and impactful manner. Our promoter has combined experience of more than twenty five years in solar industry. With their enriching experience and progressive thinking, we aim to continue to grow in this industry.

Our company is primarily engaged in the manufacturing of Solar Panels and EPC Services of solar systems. The industry term for solar panel is PV Module (Photovoltaic Module) which refers to setup for generating electricity from sunlight, using semiconductor materials in devices called photovoltaic cells or solar cells. Currently in the solar panel segment, we manufacture both monocrystalline and polycrystalline solar panels at our manufacturing facility spread across in 25,375 square meters, located at Sabarkantha, Gujarat having capacity of 200 MW per annum.

We manufacture two types of solar panels: (i) Monocrystalline Solar Panel; and (ii) Polycrystalline Solar Panel. The difference between both lies in their integral raw material i.e., solar cell. Solar cell is typically made of semiconductor materials such as silicon wafers and it is an integral part of any solar powered device. In Monocrystalline Panels, solar cells are typically more efficient and have a darker, uniform appearance due to their single-crystal structure allowing for bus bars (Copper coated thin strip) to be placed more strategically without significant visual impact. On the other hand, Polycrystalline solar cells have a blue or speckled appearance due to their multiple crystal structures, bus bars may need to be positioned to accommodate the less uniform appearance of these cells.

We also provide installation services for solar panels and solar pumps. We undertake installation services under this segment for household and industrial end users, while also provide solar pump installation services for agricultural end users which enable us to supply our manufactured solar panels along with solar pumps. Till August 31, 2023, we have served more than 10,000 unique customers towards installation of solar modules out of which more than 9500 has been roof top installation for residential use and more than 1300 solar pumps installation for agricultural use.

We are certified with ISO 9001: 2015 by M/s. OSS Certification Services Private Limited for Quality Management System demonstrating we are an organization which delivers quality products and services to its end users, having direct relationship with reputation, customer satisfaction and long-term success.

Our Core business can be divided in following categories:

- a) Manufacturing of solar panels
- b) EPC Services:
 1. Installation Services for Solar Rooftop
 2. Installation of Solar Pumps

SUMMARY OF INDUSTRY IN WHICH THE COMPANY IS OPERATING

GLOBAL OUTLOOK

Global inflation has been pushed higher by demand pressures, including those from the lagged effects of earlier policy support, and supply shocks, including disruptions to both global supply chains and the availability of key commodities. In some countries, inflation has also been spurred by large currency depreciations relative to the U.S. dollar, as well as tight labor market conditions.

Inflation remains high worldwide and well above central bank targets in almost all inflation targeting economies. Although inflation is likely to gradually moderate over the course of the year, there are signs that underlying inflation pressures could be becoming more persistent. In response, central banks around the world have been tightening policy faster than previously expected. Monetary policy tightening in advanced economies, a strong U.S. dollar, geopolitical tensions, and high inflation have dampened risk appetite and led to widespread capital outflows and slowing bond issuance across EMDEs. Financial conditions have particularly worsened for less creditworthy EMDEs, especially if they are also energy importers.

Fiscal space has narrowed considerably, and concerns over debt sustainability in many countries have risen as global financial conditions have made it more difficult to service debt loads that have accumulated rapidly in recent years, particularly during the pandemic. Nonetheless, many governments have announced new support measures to shield households and firms from the effects of sharply rising prices, slowing the pace of fiscal consolidation as pandemic-related stimulus is withdrawn.

Most commodity prices have eased, to varying degrees, largely due to the slowdown in global growth and concerns about the possibility of a global recession. By historical standards, however, they remain elevated, prolonging challenges associated with energy and food insecurity. Crude oil prices have steadily declined from their mid- 2022 peak; meanwhile, natural gas prices in Europe soared to an all-time high in August but have since fallen back toward pre-invasion levels. Non-energy prices, particularly metal prices, have declined alongside weak demand. While food prices have eased from earlier peaks, food price inflation remains very high in some EMDEs.

INDIAN ECONOMY

Introduction

The Indian economy, however, appears to have moved on after its encounter with the pandemic, staging a full recovery in FY22 ahead of many nations and positioning itself to ascend to the pre-pandemic growth path in FY23. Yet in the current year, India has also faced the challenge of reining in inflation that the European strife accentuated. Measures taken by the government and RBI, along with the easing of global commodity prices, have finally managed to bring retail inflation below the RBI upper tolerance target in November 2022. However, the challenge of the depreciating rupee, although better performing than most other currencies, persists with the likelihood of further increases in policy rates by the US Fed. The widening of the CAD may also continue as global commodity prices remain elevated and the growth momentum of the Indian economy remains strong. The loss of export stimulus is further possible as the slowing world growth and trade shrinks the global market size in the second half of the current year.

India's Economic Resilience and Growth Drivers

Monetary tightening by the RBI, the widening of the CAD, and the plateauing growth of exports have essentially been the outcome of geopolitical strife in Europe. As these developments posed downside risks to the growth of the Indian economy in FY23, many agencies worldwide have been revising their growth forecast of the Indian economy downwards. These forecasts, including the advance estimates released by the NSO, now broadly lie in the range of 6.5-7.0 per cent. Despite the downward revision, the growth estimate for FY23 is higher than for almost all major economies and even slightly above the average growth of the Indian economy in the decade leading up to the pandemic. IMF estimates India to be one of the top two fast-growing significant economies in 2022. Despite strong global headwinds and tighter domestic monetary policy, if India is still expected to grow between 6.5 and 7.0 per cent, and that too without the advantage of a base effect, it is a reflection of India's underlying economic resilience; of its ability to recoup, renew and re-energise the growth drivers of the economy.

SOLAR POWER SECTOR IN INDIA

- Due to its favourable location in the solar belt (400 S to 400 N), India is one of the best recipients of solar energy with abundant availability.
- Solar power installed capacity has increased by more than 18 times, from 2.63 GW in March 2014 to 63.3 GW at the end of 2022.
- In 2022, till November, India has added 12 GW of solar power capacity.

- In the first half of 2022, India has saved US\$ 4.2 billion in fuel costs through solar power generation, as well as 19.4 million tonnes of coal.
- India has generated 70.24 BU of solar power in the first nine months of 2022, a 36% YoY increase.
- The Bhadla Solar Park in Rajasthan’s Jodhpur district is the largest solar power plant in the world. Spanning 14,000 acres, the power plant is fully operational and has a capacity of 2,250 MW.
- Delhi’s Indira Gandhi International Airport (IGIA) has become the first Indian airport to run entirely on hydro and solar power. Around 6% of the airport’s electricity requirement is met from the onsite solar power plants.
- In November 2021, the government announced future plans to increase the funding under the PLI scheme for domestic solar cells and module manufacturing to RS. 24,000 crore (US\$ 3.17 billion) from the existing Rs. 4,500 crore (US\$ 594.68 million) to make India an exporting nation.
- The world's largest floating 600 MW solar energy project will be constructed at the Omkareshwar Dam in the Khandwa district of Madhya Pradesh at the estimated cost of Rs. 3,000 crore (US\$ 3.84 billion). The project is expected to begin power generation by FY23.

SECTION II – RISK FACTORS

Any investment in equity securities involves a high degree of risk. Investor should carefully consider all the information in this Draft Red Herring Prospectus, including the risks and uncertainties described below, before making an investment in our Equity Shares. To obtain a more complete understanding, you should read this section together with Sections titled, “Business Overview”, “The Issue”, “Industry Overview”, “Restated Financial Information”, “Outstanding Litigation and Other Material Developments”, and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” beginning on page no. 112, 40, 97, 158, 171, and 160 respectively, as well as the other financial and statistical information contained in this Draft Red Herring Prospectus.

Any of the following risks, as well as the other risks and uncertainties discussed in this Draft Red Herring Prospectus, could have an adverse effect on our business, financial condition, results of operations and prospects and could cause the trading price of our Equity Shares to decline, which could result in the loss of all or a part of your investment. The risks and uncertainties described in this section are not the only risks that we may face. Additional risks and uncertainties not known to us or that we currently believe to be immaterial may also have an adverse effect on our business, results of operations, financial conditions and Red Herring Prospects.

This Draft Red Herring Prospectus contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements because of certain factors, including the considerations described below and elsewhere in this Draft Red Herring Prospectus.

The financial and other related implications of risks concerned, wherever quantifiable, have been disclosed in the risk factors mentioned below. However, there are certain risk factors where the effect is not quantifiable and hence has not been disclosed in such risk factors. You should not invest in this Issuing unless you are prepared to accept the risk of losing all or part of your investment, and you should consult your tax, financial and legal advisors about the consequences to you of an investment in the Equity Shares.

The financial information in this section is, unless otherwise stated, derived from our Restated Standalone Financial Statements prepared in accordance with Indian GAAP, as per the requirements of the Companies Act, 2013, and SEBI (ICDR) Regulations.

The Risk factors have been determined on the basis of their materiality. The following factors have been considered for determining the materiality.

1. Some risks may not be material individually but may be material when considered collectively.
2. Some risks may have material impact qualitatively instead of quantitatively.
3. Some risks may not be material at present but may have a material impact in the future.

INTERNAL RISK FACTORS:

1. **Our Company, Promoters, Promoters Group and Group Companies are party to certain litigation and claims. These legal proceedings are pending at different levels of adjudication before various courts and regulatory authorities. Any adverse decision may make us liable to liabilities/penalties and may adversely affect our reputation, business and financial status. A classification of these legal and other proceedings is given below:**

There is no assurance that in future, we, our promoters, our directors or group company may not face legal proceedings and any adverse decision in such legal proceedings may impact our business. For further details in relation to legal proceedings involving our Company, Promoters, Directors and Group Company, kindly refer the chapter titled “Outstanding Litigation and Material Developments” on page 171 of this Draft Red Herring Prospectus.

2. Our Registered Office from where we operate is not owned by us.

Our Registered Office premise situated Tajpur, NH-08 TA-Prantij, NA Sabarkantha, Gujarat- 383205 India is not owned by us, it is taken on lease rental basis w.e.f. September 03, 2019 from our promoter, Mr. Nikunj Kumar Chimanlal Patel, being the owner of the property, for period of 5 years.

We cannot assure you that we will be able to continue the above arrangement on commercially acceptable / favourable terms in future. If we are required to vacate the current premises, we would be required to make alternative arrangements for new office and other infrastructure, and we cannot assure that the new arrangements will be on commercially acceptable/favourable terms. If we are required to relocate our business operations during this period, we may suffer a disruption in our operations or have to pay higher charges, which could have an adverse effect on our business, prospects, results of operations and financial condition.

3. The Company is dependent on few numbers of customers for sales. Loss of any of this large customer may affect our revenues and profitability.

Our top ten customers contribute 44.65%, 17.44%, and 24.40% of our total sales for financial year ended on March 31, 2023, 2022 and 2021, respectively. Our company is primarily engaged in the manufacturing of Solar Panels and providing installation services. Our business operations are highly dependent on our customers and the loss of any of our customers may adversely affect our sales and consequently on our business and results of operations. While we typically have long term relationships with our customers, we have not entered into long term agreements with our customers and the success of our business is accordingly significantly dependent on us maintaining good relationships with our customers and suppliers. The actual sales by our Company may differ from the estimates of our management due to the absence of long-term agreements. The loss of one or more of these significant or key customers or a reduction in the amount of business we obtain from them could have an adverse effect on our business, results of operations, financial condition and cash flows. We cannot assure you that we will be able to maintain historic levels of business and/or negotiate and execute long term contracts on terms that are commercially viable with our significant customers or that we will be able to significantly reduce customer concentration in the future. Any decline in our quality standards, growing competition and any change in the demand, may adversely affect our ability to retain them. We cannot assure that we shall generate the same quantum of business, or any business at all, and the loss of business from one or more of them may adversely affect our revenues and results of operations.

However, the composition and revenue generated from these customers might change, as we continue to add new customers in the normal course of business. Though we believe that we will not face substantial challenges in

maintaining our business relationship with them or finding new customers, there can be no assurance that we will be able to maintain long term relationships with such customers or find new customers in time.

4. ***We highly depend on our major raw materials and a few key suppliers who help us procure the same. Our Company has not entered into long-term agreements with its suppliers for supply of raw materials. In the event we are unable to procure adequate amounts of raw materials, at competitive prices our business, results of operations and financial condition may be adversely affected.***

Our company is primarily engaged in the manufacturing of Solar Panels and providing installation services. Therefore, we are highly dependent on solar cells, which is the primary component of our manufacturing process. Thus, if we experience significant increase in demand, or need to replace an existing supplier, we cannot assure you that we will be able to meet such demand or find suitable substitutes, in a timely manner and at reasonable costs, or at all. In view of the above, we will have to source adequate raw materials for our manufacturing unit to cater to the consistent demand of our pharmaceutical customers.

Furthermore, the demand of the solar cells is seeing an increasing demand due to the Government policy to increase dependence on renewable energy caused due to the scarcity of traditional fossil fuels in in near future, accordingly the demand of our products is also likely to rise. In the event, due to logistical glitches and restrictions on crossing state and country borders imposed by various governments, we are not able to procure the required number of raw materials, we might not be able to efficiently satisfy the demand of our customers. Even if we are able to procure the required amount of raw materials in the backdrop of the global pandemic, we cannot assure you that we will be able to do in a cost effective manner, which may impact our pricing and profitability.

We depend on a few suppliers for procurement of raw materials, required for manufacturing our products. Our Top 10 suppliers contribute 72.51% 74.53%, and 64.43% of our total purchase for the financial year ended on March 31, 2023, 2022 and 2021, respectively.

Our Company maintains a list of registered suppliers from whom we procure the materials on order basis as per our internal demand projections. We have not entered into long term contracts with our suppliers and prices for raw materials are normally based on the quotes we receive from various suppliers. Since we have no formal arrangements with our suppliers, they are not contractually obligated to supply their products to us and may choose to sell their products to our competitors. Non-availability or inadequate quantity of raw material or use of substandard quality of the raw materials in the manufacture of our products, could have a material adverse effect on our business. Further, any discontinuation of production by these suppliers or a failure of these suppliers to adhere to the delivery schedule or the required quality and quantity could hamper our manufacturing schedule. There can be no assurance that strong demand, capacity limitations or other problems experienced by our suppliers will not result in occasional shortages or delays in their supply of raw materials to us. Further, we cannot assure you that our suppliers will continue to be associated with us on reasonable terms, or at all. Since our suppliers are not contractually bound to deal with us exclusively, we may face the risk of our competitors offering better terms to such suppliers, which may cause them to cater to our competitors alongside us.

5. ***Our revenues are highly dependent on our operations in geographical region of state of Gujarat. Any adverse development affecting our operations in this region could have an adverse impact on our business, financial condition and results of operations.***

We derive our revenue from domestic as well as international regions. However, for our domestic business, we derive a large portion of our domestic revenue from state of Gujarat. State of Gujarat contribute 71.23%, 93.47%, and 91.91% of our total domestic revenue for the financial year ended on March 31, 2023, 2022 and 2021, respectively. If there is change in policy by Government of Gujarat regarding solar panels or economic conditions of State of Gujarat become volatile or uncertain or the conditions in the financial market were to deteriorate, or if there are any changes in laws applicable to our industry or if any restrictive conditions are imposed on us or our business, there will be a severe impact on the financial condition of our business. Further, the ultimate customers located in this geography may reduce or postpone their spending significantly which would adversely affect our operations and financial conditions.

6. ***We conduct our business activities on a purchase order basis and therefore, have not entered into long-term agreements with our customers.***

Our Company is engaged in the business of manufacturing of solar panels on the basis of orders which are received from our customers. We have not entered into any formal agreements, arrangement or any other understanding with our customers or our traders and therefore, our business is dependent upon the continuous relationship with the customers, our traders and the quality of products supplied to us. Further, neither do we have any exclusive agents, dealers, distributors nor have we entered into any agreements with any of the market intermediaries for selling or marketing the products supplied to us. If there occurs any change in the market conditions, market trends, requirements of our customers, or if we fail to identify and understand evolving industry trends, preferences or fail to meet our

customers' demands, it might have a direct impact on our revenue and customer base. The inability to procure new orders on a regular basis or at all may adversely affect our business, revenues, cash flows and operations.

7. *Our company has availed credit facility from banks, and it is subject to certain restrictive covenants. Any Delay in issuing No Objection Certificate for the proposed issue may delay our proposed Initial public offering.*

As on date of this Draft Red Herring Prospectus, we avail credit facilities from HDFC Bank aggregating to ₹ 184.32 Lakh. We have entered into mortgage agreement with our lender and the covenants in borrowings from bank / lenders, among other things require us to obtain prior permissions in writing in respect of, including, but not limited to effecting any change in the management/Board of the Company, declaration of dividend, capital structure of the Company; undertake any new project, implement any scheme of expansion or acquire fixed assets, enter into borrowing arrangement either secured or unsecured with any other bank/financial institution/Company or otherwise, formulate any scheme of amalgamation, acquisition, merger, or reconstruction etc. We have applied to our lenders for No Objection Certificate (NOC) for our proposed Initial Public offer, for which their NOC is awaited. In an event, Lender's delay in granting their NOC, it will delay our proposed Initial public offering which may delay our Schedule of Implementations and consequently impact our functioning to that extent.

8. *Any failure in our quality control processes may adversely affect our business, results of operations and financial condition. We may face product liability claims and legal proceedings if the quality of our products does not meet our customers' expectations.*

Our products may contain certain quality issues or undetected errors, due to defects in manufacture of products or raw materials which are used in the products. We have implemented quality control processes for our raw materials and finished goods on the basis of internal quality standards. However, we cannot assure you that our quality control processes, or our product will pass the quality tests and inspections conducted by various international and domestic agencies as per their prescribed standards will not fail. Any shortcoming in the raw materials procured by us or in the production of our products due to failure of our quality control procedures, negligence and human error or otherwise, may damage our products and result in deficient products. It is imperative for us to meet the quality standards set by our customers and agencies as deviation from the same can cause them to reject our products and can also cause damage to our reputation, market standing and brand value.

In the event the quality of our products is sub-standard, or our products suffer from defects and are returned by our customers due to quality complaints, we might be compelled to take back the substandard products and reimburse the cost paid by our customers. Such quality lapses could strain our longstanding relationship with our customers and our reputation and brand image may suffer, which in turn may adversely affect our business, results of operations and financial condition. Our customers may lose faith in the quality of our products and could in turn refuse to further deal in our products, which could have a severe impact on our revenue and business operations. We also face the risk of legal proceedings and product liability claims being brought against us by our customers for defective products sold. We cannot assure you that we will not experience any material product liability losses in the future or that we will not incur significant costs to defend any such claims. A product liability claim may adversely affect our reputation and brand image, as well as entail significant costs.

9. *Our business activities are exposed to fluctuations in the prices of raw materials.*

Our Company is dependent on third party suppliers for procuring the raw materials required for manufacturing of our products. We are exposed to fluctuations in the prices of these raw materials as well as its unavailability, particularly as we typically do not enter into any long-term supply agreements with our suppliers for raw materials. Our major requirement is met in the spot market. We may be unable to control the factors affecting the price at which we procure the raw materials for products we get manufactured. We also face the risks associated with compensating for or passing on such increase in our cost of trades on account of such fluctuations in prices to our customers. Upward fluctuations in the prices of traded goods may thereby affect our margins and profitability, resulting in a material adverse effect on our business, financial condition and results of operations. Though we enjoy favourable terms from the suppliers both in prices as well as in supplies, our inability to obtain high quality materials in a timely and cost-effective manner would cause delays in our production/trade cycles and delivery schedules, which may result in the loss of our customers and revenues.

10. *We have only one Manufacturing Facility, continued operations of our manufacturing facility is critical to our business and any disruption in the operation of our manufacturing facility may have a material adverse effect on our business, results of operations and financial condition.*

As on the date of this Draft Red Herring Prospectus, we have only one manufacturing facility situated at Tajpur near Sabar kantha region of Gujarat. Our manufacturing facility is subject to operating risks, such as unavailability of spare parts of the machinery, break- down, obsolescence or failure of machinery, disruption in power supply or processes, performance below expected levels of efficiency, any local social unrest, natural disaster or breakdown of services and

utilities in these areas could have material adverse effect on the business, financial position and results of our operations. In the event, we are forced to shut down our manufacturing unit for a prolonged period; it would adversely affect our earnings, our other results of operations and financial condition as a whole. Spiralling cost of living around our unit may push our manpower costs in the upward direction, which may reduce our margin and cost competitiveness.

In addition to the above if our manufacturing unit suffers losses as a result of any industrial accident, we may be forced to shut down our manufacturing unit which could result in us being unable to meet with our commitments, which will have an adverse effect on our business, results of operation and financial condition. Further, any contravention of or non-compliance with the terms of various regulatory approvals applicable to our manufacturing unit may also require us to cease or limit production until such non-compliance is remedied to the satisfaction of relevant regulatory authorities. We cannot assure you that we will not experience work disruptions in the future resulting from any dispute with our employees or other problems associated with our employees and the labor involved in our manufacturing unit, which may hinder our regular operating activities and lead to disruptions in our operations, which could adversely affect our business, prospects, financial condition, cash flows and results of operations.

11. *Our company is engaged in providing EPC service of solar rooftops and solar pumps and receives subsidy from state/central government for residential rooftop and agricultural segment. Any reduction or discontinuation of such subsidy will result in reduction in number of potential consumers.*

We provide EPC Services for solar roof top projects to Residential, Industrial and Commercial customers. We provide EPC Services for Solar Pumps to Agricultural customers for their captive purpose. For residential rooftop and solar pumps projects for agricultural purposes we are eligible for claiming subsidy from State/Central Government.

In majority of the cases, company directly claims subsidy from state/Central government upon successful installation of residential rooftop and solar pumps projects. For seeking subsidy, the project needs to be registered first before competent authority and only after receipt of registration the same shall be implemented. Any delay in getting the subsidy amount from state government will affect our working capital cycle.

In addition, if there is any reduction or any discontinuance of subsidy from State/Central Government, we may require charging total cost of project from customers which will ultimately results higher cost to the customer. As a result, number of potential consumers of our services may reduce which will ultimately affect our potential revenue in future to that extent.

12. *Our failure to perform in accordance with the standards prescribed in work order of our client could result in loss of business or payment of liquidated damages.*

We received work order from our clients. Certain of these work order may require us to comply with the code of conduct and rules and regulations prescribed by our clients, which may increase our compliance costs. We may be unable to effectively address service constraints or accurately predict service requirements, as a result of which our clients may experience service shortfalls. Any disruptions to our businesses, including as a result of actions outside of our control, could significantly impact the continued performance of our obligations to meet the quality or performance standards set out in our client contracts which may in-turn harm and cause clients to terminate their contracts with us, impair our ability to obtain renewal of our contracts from existing clients and impair our ability to grow our client base, any of which could affect our business, financial condition and results of operations. In the event that we are unable to meet the prescribed obligations, we may also be required to pay compensation or liquidated damages to our clients on the terms set out in our contracts. In certain instances, we may also be required to bear consequential liability. Certain work order may also require us to provide indemnities to our clients with respect of any negligent act or omission by or misconduct of our employees. In the event there is an increase in claims against us for which we are not insured, our business, financial condition and results of operations may be affected.

13. *Our Company has in the past not complied with the certain provisions of the Companies Act, 2013. Further, there have also been instances where our Company has inadvertently filed incorrect information with the RoC in its statutory filings.*

In the past, our Company has not complied with certain provisions of Companies Act, 2013 and the rules made therein, amended from time to time, as mentioned below:

1. Our company has not complied with provisions of Section 148 of the Companies Act, 2013 for maintenance of Cost Records for the financial year ended on March 31, 2019, 2020, 2021, 2022.
2. Our company has filed erroneous Form SH-7 for increase of equity shares from ₹ 5,00,000/- to ₹ 20,00,00,000/- where the form has typographic error of in the additional number of shares, however, the resultant revised number of shares and value are correct.

3. Our company has filed erroneous Form PAS-3 for allotment of bonus equity shares on June 16, 2023 where the forms has been submitted stating the bonus issue to be with consideration rather than other than cash. However, a revised form with a clarification letter for the said matter has been filed in due time.

No show cause notice in respect to the above has been received by our Company till date and no penalty or fine has been imposed by any regulatory authority in respect to the same. It cannot be assured, that there will not be such instances in the future, or our Company will not commit any further delays or defaults in relation to its reporting requirements, or any penalty or fine will not be imposed by any regulatory authority in respect to the same. The happening of such event may cause a material effect on our results of operations and financial position.

- 14. *There are certain discrepancies and non-compliances noticed in some of our financial reporting and/or records relating to filing of returns and deposit of statutory dues with the taxation and other statutory authorities.***

In the past, our company has at several instances, delayed in filing our GST returns, and deposit of statutory dues, as a result of which, we have been required to pay the late filing fees along with interest on delayed deposit of due taxes and statutory dues. Although the late filing fees levied are small but if we continue this practice, the accumulated amounts of each delay may adversely affect our cash flows. Further no-show cause notice has been issued against our Company till date, in respect of above. In the event of any cognizance being taken by the concerned authorities in respect of above, actions may be taken against our Company and its directors, in which event the financials of our Company and our directors may be affected.

For further details of certain material legal proceedings involving our Company, our Promoter, our directors, see “Restated Financial Information” beginning on page 158 of this Draft Red Herring Prospectus.

- 15. *We require a number of approvals, licences, registrations and permits in the ordinary course of our business and any failure or delay in obtaining the same in a timely manner may adversely affect our operations.***

We need to apply for renewal of approvals which expire, from time to time, as and when required in the ordinary course of our business Any failure to renew the approvals that may expire, or to apply for the required approvals, licences, registrations or permits, or any suspension or revocation of any of the approvals, licences, registrations and permits that have been or may be issued to us, could result in delaying the operations of our business, which may adversely affect our business, financial condition, results of operations and prospects.

Currently, with respect to the material approvals/ licenses with regards to our business operations, our Company has made applications for the following and the approvals are pending for approval/authorisation of renewal:

- a) Authorization to carry electrical installation works
- b) Professions Taxpayer Enrolment Certificate (PTEC)
- c) Professions Taxpayer Registration Certificate (PTRC)
- d) Registration under the Employees Provident Fund (EPF)

Currently, with respect to the material approvals/ licenses with regards to our business operations, our Company is yet to make application for registration under e-waste management rule.

We cannot assure you that the approvals, licences, registrations and permits issued to us would not be suspended or revoked in the event of non-compliance or alleged non-compliance with any terms or conditions thereof, or pursuant to any regulatory action.

Further, many of the Licenses and approvals are in the name of “Australian Premium Solar (India) Private Limited”, the same are required to be updated/ changed with various government/semi government authorities and various organizations pursuant to conversion of the company to public limited company.

Furthermore, our failure to comply with existing or increased regulations, or the introduction of changes to existing regulations whether in India or in the countries of export, could adversely affect our business, financial condition, results of operations and prospects. Kindly see “Government Approvals” on page 176 of this Draft Red Herring Prospectus for further details on the required material approvals for the operation of our business.

- 16. *We have issued Equity Shares to promoter/promoter group and public during the last 12 months preceding the date of this Prospectus at a price lower than the Issue Price as detailed in the following table:***

Date	Name of Promoters	No. of Equity Shares held	Issue Price (In ₹)	Face Value (In ₹)	Consideration	Remarks
1.	Mr. Chimanbhai Ranchhodbhai Patel	3781008	10	10	Other than Cash	Bonus Issue

Date	Name of Promoters	No. of Equity Shares held	Issue Price (In ₹)	Face Value (In ₹)	Consideration	Remarks
2.	Mrs. Savitaben Chimanbhai Patel	3330888	10	10	Other than Cash	Bonus Issue
3.	Mr. Nikunj Kumar Chimanlal Patel	7405200	10	10	Other than Cash	Bonus Issue

17. Any delays and/or defaults in customer payments could result in increase of working capital investment and/or reduction of our Company's profits, thereby affecting our operation and financial condition.

We are exposed to payment delays and/or defaults by our customers. Our financial position and financial performance are dependent on the creditworthiness of our customers. As per our business model, we supply our products directly to our customers other than solar rooftop services, without taking any advance payment or security deposit against the orders placed by them. Such delays in payments may require our Company to make a working capital investment. We cannot assure you that payments from all or any of our customers will be received in a timely manner or to that extent will be received at all. If a customer defaults in making its payments on an order on which our Company has devoted significant resources, or if an order in which our Company has invested significant resources is delayed, cancelled or does not proceed to completion, it could have a material adverse effect on our Company's results of operations and financial condition.

There is no guarantee on the timeliness of all or any part of our customers' payments and whether they will be able to fulfil their obligations, which may arise from their financial difficulties, deterioration in their business performance, or a downturn in the global economy. If such events or circumstances occur, our financial performance and our operating cash flows may be adversely affected.

18. Our Company requires significant amount of working capital for a continued growth. Our inability to meet our working capital requirements may have an adverse effect on our results of operations.

Our business requires significant working capital, part of which would be met through additional borrowings in the future. In many cases, significant amounts of working capital are required to finance the procurement of raw material before payments are received from customers. Our working capital requirements may increase, under certain conditions, where payment terms do not include advance payments or include delayed payments from customers. Additionally, our working capital requirements have increased in recent years due to the general growth of our business. All these factors may result, or have resulted, in increases in our working capital needs. The details of working capital requirements are as follows:

- 19. We are 100% dependent on third party transportation providers for delivery of raw materials to us from our suppliers and delivery of our products to our customers. We have not entered into any formal contracts with our transport providers and any failure on part of such service providers to meet their obligations could adversely affect our business, financial condition and results of operation.**

To ensure smooth functioning of our manufacturing operations, we need to maintain continuous supply and transportation of the raw materials required from the supplier to our manufacturing unit and transportation of our products from our unit to our customers, which may be subject to various uncertainties and risks. We are significantly dependent on third party transportation providers for the delivery of raw materials to us and delivery of our products to our customers. Uncertainties and risks such as transportation strikes or delay in supply of raw materials and products could have an adverse effect on our supplies and deliveries to and from our customers and suppliers. Additionally, raw materials and products may be lost or damaged in transit for various reasons including occurrence of accidents or natural disasters. A failure to maintain a continuous supply of raw materials or to deliver our products to our distribution intermediaries in a timely, efficient and reliable manner could adversely affect our business, results of operations and financial condition.

Further, we have not entered into any long-term agreements with our transporters for our manufacturing unit and the costs of transportation are generally based on mutual terms and the prevailing market price. In the absence of such agreements, we cannot assure that the transport agencies would fulfil their obligations or would not commit a breach of the understanding with us. In the event that the finished goods or raw materials suffer damage or are lost during transit, we may not be able to prosecute the agencies due to lack of formal agreements. Further, the transport agencies are not contractually bound to deal with us exclusively, we may face the risk of our competitors offering better terms or prices, which may cause them to cater to our competitors alongside us or on a priority basis, which could adversely affect our business, results of operations and financial condition.

- 20. Any adverse change in regulations governing our products and the products of our customers, may adversely impact our business prospects and results of operations.**

Regulatory requirements with respect to our products and the products of our customers are subject to change. An adverse change in the regulations governing the development of our products and their usage by our customers, including the development of licensing requirements and technical standards and specifications or the imposition of onerous requirements, may have an adverse impact on our operations. Our Company may be required to alter our manufacturing and/or distribution process and target markets and incur capital expenditure to achieve compliance with such new regulatory requirements applicable to us and our customers.

We cannot assure you that we will be able to comply with the regulatory requirements. If we fail to comply with new statutory or regulatory requirements, there could be a delay in the submission or grant of approval for manufacturing and marketing new products or we may be required to withdraw existing products from the market. Moreover, if we fail to comply with the various conditions attached to such approvals, licenses, registrations and permissions once received, the relevant regulatory body may suspend, curtail or revoke our ability to market such products and/or we may be deemed to be in breach of our arrangements with our customers. Consequently, there is an inherent risk that we may inadvertently fail to comply with such regulations, which could lead to forced shutdowns and other sanctions imposed by the relevant authorities, as well as the withholding or delay in receipt of regulatory approvals for our new products, which may adversely impact our business, results of operations and financial condition.

- 21. Our Company has availed ₹ 37.61 lakhs as unsecured loan as on March 31, 2023, which are repayable on demand. Any demand from the lenders for repayment of such unsecured loan may affect our cash flow and financial condition.**

Our Company has, as per the Restated Financial Statements, as on March 31, 2023, has availed total sum of ₹ 37.61 lakhs as unsecured loan from Director/Promoter of our company, which may be recalled at any time. Sudden recall may impact our operations and also may force us to opt for funding at unviable terms resulting in higher financial burden. Further, we will not be able to raise funds at short notice and thus result in shortage of working capital fund. For details of transactions, please refer “Annexure – J - Related Party Transactions” under the chapter titled “Restated Financial Information” beginning from page no. 158 of this Draft Red Herring Prospectus.

- 22. We are subject to foreign currency exchange rate fluctuations which could have a material and adverse effect on our results of operations and financial conditions.**

Our company's 100% of the revenue is not derived from India. In past, we have exported our products to USA. We have received revenue in foreign currency from such operations. Any changes in value of currencies with respect to the rupee may cause fluctuations in our operating results expressed in rupees. The exchange rate between the Rupee and other currencies is variable and may continue to fluctuate in future. Fluctuations in the exchange rates may affect our company to the extent of cost of services sold in foreign currency terms. Any adverse or unforeseen fluctuations with respect to the unhedged exchange rate of any foreign currency for Indian Rupees may affect our Company's results of operations.

23. Failure to effectively manage labour or failure to ensure availability of sufficient labour could affect the business operations of the Company.

Our business activities are dependent on availability of skilled and unskilled labour. Non-availability of labour at any time or any disputes with them may affect our production schedule and timely delivery of our products to customers which may adversely affect our business and result of operations. We have not entered into any contract for supply of labour and there is no certainty that we will be able to get the requisite amount of manpower whenever required. Though we have not faced any labour problem in the past, we cannot assure that we will not experience disruptions to our operations due to disputes or other problems with our work force, which may lead to strikes, lock-outs or increased wage demands. Such issues could have adverse effect on our business, and results of operations

24. Strikes, work stoppages or increased wage demands by our employees or any other kind of disputes with our employees/workmen in future could adversely affect our business and results of operations.

Our Company has total 169 full-time employees as at July 31, 2023. With an increase in our operation capacities or execution of any expansion projects in future, we expect increase in such number of employees and labours. Historically, we have enjoyed a good relationship with our employees, labours and have not experienced any lockouts, strikes, or any disruptions of any sort due to labour unrest. However, there can be no assurance that we may not experience any disruptions in our operations in future as well. In case of disputes or other problems with our work force such as strikes, work stoppages or increased wage demands, our business, financial conditions and results of operations may be materially and adversely affected.

25. In addition to normal remuneration, other benefits and reimbursement of expenses to our Promoters and Directors; they are interested to the extent of their shareholding and dividend entitlement thereon in our Company and for the transactions entered into between our Company and themselves as well as between our Company and our Group Companies/Entities. Our Company in future may enter in related party transactions subject to necessary compliances.

Our Promoter – Directors are interested in our Company to the extent of their shareholding and dividend entitlement thereon in our Company, in addition to normal remuneration or benefits and reimbursement of expenses. Our Promoter and Directors are interested in the transactions entered into between our Company and themselves as well as between our Company and our Group Company/Entity. All transactions with related parties entered into by the company in past were at arm's length basis, in compliance with applicable provisions of Companies Act, 2013 and other applicable provisions. Our company, promoter and group companies may enter into such related party transaction in future as well which may be or may not be at Arms' Length Price and in Ordinary Course of Business. If such future transactions are not on Arms' Length Price and in Ordinary Course of Business, our financial position may get affected to that extent. Additionally, our Company may enter in related party transactions in future subject to necessary compliances in accordance with relevant acts, rules and regulations. For details of transactions already executed by our Company with our Promoter, Directors and Group Companies/Entities during last three years, please refer to the "Annexure J – Related Party Transaction" under the Chapter titled "Restated Financial Information" beginning on Page No. 158 of this Draft Red Herring Prospectus.

26. The average cost of acquisition of Equity shares by our Promoters is lower than the Issue price.

Our Promoter's average cost of acquisition of Equity shares in our Company is lower than the Issue Price of Equity shares as given below:

Sr. No.	Name of Promoters	No. of Equity Shares held	Average Cost of Acquisition per equity share (in ₹)*
1.	Mr. Chimanbhai Ranchhodhai Patel	3786216	0.01
2.	Mrs. Savitaben Chimanbhai Patel	3335476	Nil
3.	Mr. Nikunj Kumar Chimanlal Patel	7415400	0.52

*The average cost of acquisition of Equity Shares by our Promoters has been calculated by taking into account the amount paid by them to acquire and Shares allotted to them as reduced by amount received on sell of shares i.e., net of sale consideration is divided by net quantity of shares acquired.

27. *Our success depends heavily upon our Promoters, Directors and Key Managerial Personnel for their continuing services, strategic guidance and financial support. Our success depends heavily upon the continuing services of Promoters, Directors and Key Managerial Personnel who are the natural person in control of our Company.*

Our Promoters and Directors have a vast experience in the business undertaken by our company. They have established cordial relations with various customers and suppliers over the past several years, which have immensely benefitted our Company's current customer and supplier relations. We believe, our Promoters and Directors, who have rich experience in this industry, managing customers and handling overall businesses, has enabled us to experience growth and profitability.

We benefit from our relationship with our Promoters, Director and Key Managerial Personnel and our success depends upon their continuing services. We also depend significantly on our Directors and Key Managerial Persons for executing our day-to-day activities. The loss of any of our Promoters, Directors and Key Management Personnel, or failure to retain, recruit suitable or comparable replacements, could have an adverse effect on us. The loss of service of the Promoters and other senior management could seriously impair the ability to continue to manage and expand the business efficiently. If we are unable to retain qualified employees at a reasonable cost, we may be unable to execute our growth strategy. For further details of our Directors and Key Managerial Personnel, please refer to the chapter titled "Our Management" on page 139 of this Draft Red Herring Prospectus.

28. *We are subject to risks associated with expansion into new markets.*

Expansion into new markets, including in India and overseas, subjects us to various challenges, including those relating to our lack of familiarity with the culture, legal regulations and economic conditions of these new regions, language barriers, difficulties in staffing and managing such operations, and the lack of brand recognition and reputation in such regions. The risks involved in entering new geographic markets and expanding operations, may be higher than expected, and we may face significant competition in such markets.

By expanding into new markets, we could be subject to additional risks associated with establishing and conducting operations, including compliance with a wide range of laws, regulations and practices, including uncertainties associated with changes in:

- laws, regulations and practices and their interpretation; local preferences and service requirements;
- fluctuations in foreign currency exchange rates;
- inability to effectively enforce contractual or legal rights and adverse tax consequences;
- differing accounting standards and interpretations;
- stringent as well as differing labour and other regulations;
- differing domestic and foreign customs, tariffs and taxes;
- exposure to expropriation or other government actions; and
- political, economic and social instability.

29. *Our Promoters and members of the Promoter Group will continue jointly to retain majority control over our Company after the Issue, which will allow them to determine the outcome of matters submitted to shareholders for approval.*

Post this Issue, our Promoter and Promoter Group will collectively own 73.64 % of our post issue equity share capital. As a result, our Promoter, together with the members of the Promoter Group, will continue to exercise a significant degree of influence over Company and will be able to control the outcome of any proposal that can be approved by a majority shareholder vote, including, the election of members to our Board, in accordance with the Companies Act, 2013 and our Articles of Association. Such a concentration of ownership may also have the effect of delaying, preventing or deterring a change in control of our Company.

In addition, our Promoter will continue to have the ability to cause us to take actions that are not in, or may conflict with, our interests or the interests of some or all of our creditors or other shareholders, and we cannot assure you that such actions will not have an adverse effect on our future financial performance or the price of our Equity Shares.

30. *There is no monitoring agency appointed by Our Company to monitor the utilization of the Issue proceeds.*

As per SEBI (ICDR) Regulations, 2018, as amended, appointment of monitoring agency is required only for Issue size above ₹ 10,000.00 Lakhs. Hence, we have not appointed any monitoring agency to monitor the utilization of Issue proceeds. However, the audit committee of our Board will monitor the utilization of Issue proceeds in terms of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. Further, our Company shall inform about

material deviations in the utilization of Issue proceeds to the stock exchange and shall also simultaneously make the material deviations / adverse comments of the audit committee public.

31. *Industry information included in this Draft Red Herring Prospectus has been derived from industry reports. There can be no assurance that such third-party statistical, financial and other industry information is either complete or accurate.*

We have relied on the reports of certain independent third party for purposes of inclusion of such information in this Draft Red Herring Prospectus. These reports are subject to various limitations and based upon certain assumptions that are subjective in nature. We have not independently verified data from such industry reports and other sources. Although we believe that the data may be considered to be reliable, their accuracy, completeness and underlying assumptions are not guaranteed, and their dependability cannot be assured. While we have taken reasonable care in the reproduction of the information, the information has not been prepared or independently verified by us or any of our respective affiliates or advisors and, therefore, we make no representation or warranty, express or implied, as to the accuracy or completeness of such facts and statistics. Due to possibly flawed or ineffective collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced for other economies and should not be unduly relied upon. Further, there is no assurance that they are stated or compiled on the same basis or with the same degree of accuracy as may be the case elsewhere. Statements from third parties that involve estimates are subject to change, and actual amounts may differ materially from those included in this Draft Red Herring Prospectus.

32. *Within the parameters as mentioned in the chapter titled “Objects of this Issue” of this Draft Red Herring Prospectus, our Company’s management will have flexibility in applying the proceeds of this Issue. The fund requirement and deployment mentioned in the Objects of this Issue have not been appraised by any bank or financial institution.*

We intend to use substantial portion of the Net Issue Proceeds towards meeting the working capital requirement. We intend to deploy the Net Issue Proceeds in financial year 2023-24 and such deployment is based on certain assumptions and strategy which our Company believes to implement in future. The funds raised from the Issue may remain idle on account of change in assumptions, market conditions, strategy of our Company, etc., For further details on the use of the Issue Proceeds, please refer chapter titled “Objects of the Issue” on page 74 of this Draft Red Herring Prospectus. The deployment of funds for the purposes described above is at the discretion of our Company’s Board of Directors. The fund requirement and deployment are based on internal management estimates and has not been appraised by any bank or financial institution. Accordingly, within the parameters as mentioned in chapter titled “Objects of the Issue” on page 74 of this Draft Red Herring Prospectus, the Management will have significant flexibility in applying the proceeds received by our Company from the Issue, subject to approval from Shareholders of the Company. Our Board of Directors will monitor the proceeds of this Issue.

33. *We have not identified any alternate source of raising the funds required for the object of the Issue and the deployment of funds is entirely at our discretion and as per the details mentioned in the section titled “Objects of the Issue”.*

Our Company has not identified any alternate source of funding for our object of the Issue and hence any failure or delay on our part to mobilize the required resources or any shortfall in the Issue proceeds can adversely affect our growth plan and profitability. The delay/shortfall in receiving these proceeds could result in inadequacy of funds or may result in borrowing funds on unfavourable terms, both of which scenarios may affect the business operation and financial performance of the company. Further the deployment of the funds raised in the issue will be entirely at the discretion of the management and any revision in the estimates may require us to reschedule our projected expenditure and may have a bearing on our expected revenues and earnings. For further details of Please refer chapter titled “Object for the Issue” beginning on page 74 of this Draft Red Herring Prospectus.

34. *Any future issuance of Equity Shares may dilute your shareholdings, and sale of the Equity Shares by our major shareholders may adversely affect the trading price of our Equity Shares.*

Any future equity issuances by our Company may lead to the dilution of investors’ shareholdings in our Company. In addition, any sale of substantial Equity Shares in the public market after the completion of this Issue, including by our major shareholders, or the perception that such sales could occur, could adversely affect the market price of the Equity Shares and could significantly impair our future ability to raise capital through offerings of the Equity Shares. We cannot predict what effect, if any, market sales of the Equity Shares held by the major shareholders of our Company or the availability of these Equity Shares for future sale will have on the market price of our Equity Shares.

35. *Our ability to pay dividends in the future will depend upon our future earnings, financial condition, cash flows, working capital requirements, capital expenditure and restrictive covenants in our financing arrangements.*

We may retain all our future earnings, if any, for use in the operations and expansion of our business. As a result, we may not declare dividends in the foreseeable future. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board of Directors and will depend on factors that our Board of Directors deem relevant, including among others, our results of operations financial condition, cash requirements, business prospects and any other financing arrangements.

Additionally, we may not be permitted to declare any dividends under the loan financing arrangement that our Company may enter into future, if there is a default under such loan agreements or unless our Company has paid all the dues to the lender up to the date on which the dividend is declared or paid or has made satisfactory provisions thereof. Accordingly, realization of a gain on shareholders investments may largely depend upon the appreciation of the price of our Equity Shares. There can be no assurance that our Equity Shares will appreciate in value.

36. *Our inability to effectively implement our business and growth strategy may have an adverse effect on our operation and growth.*

The success of our business will largely depend on our ability to effectively implement our business and growth strategy. In the past we have generally been successful in execution of our business but there can be no assurance that we will be able to execute our strategy on time and within the estimated budget in the future. If we are unable to implement our business and growth strategy, this may have an adverse effect on our business, financial condition and results of operations.

37. *The requirements of being a public listed company may strain our resources and impose additional requirements.*

With the increased scrutiny of the affairs of a public listed company by shareholders, regulators and the public at large, we will incur significant legal, accounting, corporate governance and other expenses that we did not incur in the past. We will also be subject to the provisions of the listing agreements signed with the Stock Exchange. In order to meet our financial control and disclosure obligations, significant resources and management supervision will be required. As a result, management's attention may be diverted from other business concerns, which could have an adverse effect on our business and operations. There can be no assurance that we will be able to satisfy our reporting obligations and/or readily determine and report any changes to our results of operations in a timely manner as other listed companies. In addition, we will need to increase the strength of our management team and hire additional legal and accounting staff with appropriate public company experience and accounting knowledge and we cannot assure that we will be able to do so in a timely manner. Failure of our Company to meet the listing requirements of stock exchange could lead to imposition of huge penalties, if any including suspension of trading, imposed by Stock Exchange.

EXTERNAL RISK FACTORS

38. *The COVID-19 pandemic, or any future pandemic or widespread public health emergency, could materially and adversely impact our business, financial condition, cash flows and results of operations.*

Since first being reported in December 2019, the outbreak of COVID-19 has spread globally. The World Health Organization declared the outbreak of COVID-19 to be a public health emergency of international concern on January 30, 2020, and a global pandemic on March 11, 2020.

The COVID-19 pandemic has had, and any future pandemic or widespread public health emergency could have, repercussions across regional and global economies and financial markets. The outbreak of COVID-19 in many countries, including India has significantly and adversely impacted economic activity and has contributed to significant volatility and negative pressure in financial markets, and it is possible that the outbreak of COVID-19 will cause a prolonged global economic crisis, recession or depression, despite monetary and fiscal interventions by governments and central banks globally.

The global impact of the outbreak has been rapidly evolving. As cases of COVID-19 have continued to be identified in additional countries, many jurisdictions, including the governments of India, have reacted by instituting restrictive measures including invoking lock downs and quarantines, requiring the closure of non-essential businesses and placing restrictions on the types of businesses that may continue to operate, mandating restrictions on travel, implementing "shelter-in-place" rules and "stay-at-home" orders, and enforcing remote working regulations. No prediction can be made of when any of the restrictions currently in place will be relaxed or expire, or whether or when further restrictions will be announced. Although some governments are beginning to ease or lift these restrictions, the impacts from the severe disruptions caused by the effective shutdown of large segments of the global economy or localized lockdowns remain unknown.

On March 24, 2020, the Government of India ordered a national lockdown in response to the spread of COVID-19. Our business was determined to be operating in an essential industry, which allowed us to continue our operations after the introduction of the lockdown in India, subject to certain adjustments in working patterns.

There can be no assurance that there will not be any material impact on our operations if the outbreak of COVID-19 is not effectively controlled. Although some restrictions have been eased, it is not yet clear when the lockdown conditions will be fully lifted in India. Further, although we were declared an essential business and were able to adjust our business to continue operating during the lockdown, there can be no assurance that further restrictions will not be introduced or that we will continue to retain such essential status. Further, we may be required to quarantine employees that are suspected of being infected of COVID-19, as well as others that have come into contact with those employees or shut down our manufacturing facilities as a health measure, which could have an adverse effect on our business operations or result in a delay in the production and supply of products to our customers in a timely manner. If any of our suppliers are affected by COVID-19 to the extent our supply chain is disrupted, this may affect our ability to meet the demand of our customers.

The full extent to which the COVID-19 pandemic, or any future pandemic or widespread public health emergency impacts our business, operations and financial results will depend on numerous evolving factors that we may not be able to accurately predict, including the scope, severity, and duration of the pandemic; actions taken by governments, business and individuals in response to the pandemic; the effect on customer demand for and ability to pay for our products; the disruptions or restrictions on our employees' and suppliers' ability to work and travel; volatility in foreign exchange rates; any extended period of remote work arrangements; and strain on our or our customers' business continuity plans, and resultant operational risk.

The COVID-19 pandemic, or any future pandemic or widespread public health emergency could therefore materially and adversely impact our business, financial condition, cash flows and results of operations.

39. *The price of our Equity Shares may be volatile, or an active trading market for our Equity Shares may not develop.*

Prior to this Issue, there has been no public market for our Equity Shares. Our Company and the Book Running Lead Manager has appointed [●] as Designated Market Maker for the equity shares of our Company. However, the trading price of our Equity Shares may fluctuate after this Issue due to a variety of factors, including our results of operations and the performance of our business, competitive conditions, general economic, political and social factors, the performance of the Indian and global economy and significant developments in India's fiscal regime, volatility in the Indian and global securities market, performance of our competitors, the Indian Capital Markets and Finance industry, changes in the estimates of our performance or recommendations by financial analysts and announcements by us or others regarding contracts, acquisitions, strategic partnership, joint ventures, or capital commitments.

40. *You will not be able to sell immediately on Indian Stock Exchanges any of the Equity Shares you purchase in the Issue until the Issue receives appropriate trading permissions.*

The Equity Shares will be listed on the Stock Exchange. Pursuant to Indian regulations, certain actions must be completed before the Equity Shares can be listed and trading on stock exchange. We cannot assure you that the Equity Shares will be credited to investor's demat accounts, or that trading in the Equity Shares will commence, within the time periods specified in this Draft Red Herring Prospectus. Any failure or delay in obtaining the approval would restrict your ability to dispose of the Equity Shares. In accordance with section 40 of the Companies Act, if the permission of listing the Equity Shares is denied by the stock exchanges, we are required to refund all monies collected to investors.

41. *There is no guarantee that the Equity Shares issued pursuant to the Issue will be listed on the Emerge Platform of National Stock Exchange of India Limited in a timely manner, or at all.*

In accordance with Indian law and practice, permission for listing and trading of the Equity Shares issued pursuant to the Issue will not be granted until after the Equity Shares have been issued and allotted. Approval for listing and trading will require all relevant documents authorizing the issuing of Equity Shares to be submitted. There could be a failure or delay in listing the Equity Shares on the Emerge Platform of National Stock Exchange of India Limited. Any failure or delay in obtaining the approval would restrict your ability to dispose of your Equity Shares.

42. *We are subject to risks arising from interest rate fluctuations, which could adversely impact our business, financial condition and operating results.*

Changes in interest rates could significantly affect our financial condition and results of operations. If the interest rates for future borrowings increase significantly, our cost of servicing such debt will increase. This may negatively impact our results of operations, planned capital expenditures and cash flows.

43. *Taxes and other levies imposed by the Government of India or other State Governments, as well as other financial policies and regulations, may have a material adverse impact on our business, financial condition and results of operations.*

Taxes and other levies imposed by the Central or State Governments in India that impact our industry include customs duties, excise duties, sales tax, income tax and other taxes, duties or surcharges introduced on a permanent or temporary

basis from time to time. There can be no assurance that these tax rates/slab will continue in the future. Further, with the Introduction of the Goods and Services Act, tax rates and its implication may have material impact on our products. Any changes in these tax rates/slabs could adversely affect our financial condition and results of operations.

44. Foreign investors are subject to foreign investment restrictions under Indian law that limits our ability to attract foreign investors, which may adversely impact the market price of the Equity Shares.

Under the foreign exchange regulations currently in force in India, transfer of shares between non-residents and residents are freely permitted (subject to certain exceptions) if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares, which are sought to be transferred, is not in compliance with such pricing guidelines or reporting requirements or fall under any of the exceptions referred to above, then the prior approval of the RBI will be required. Additionally, shareholders who seek to convert the Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India will require a no objection/tax clearance certificate from the income tax authority. There can be no assurance that any approval required from the RBI or any other government agency can be obtained on any particular terms or at all.

45. Global economic, political and social conditions may harm our ability to do business, increase our costs and negatively affect our stock price.

Global economic and political factors that are beyond our control, influence forecasts and directly affect performance. These factors include interest rates, rates of economic growth, fiscal and monetary policies of governments, change in regulatory framework, inflation, deflation, foreign exchange fluctuations, consumer credit availability, consumer debt levels, unemployment trends, terrorist threats and activities, worldwide military and domestic disturbances and conflicts, and other matters that influence consumer confidence, spending and tourism.

46. Civil disturbances, extremities of weather, regional conflicts and other political instability may have adverse effects on our operations and financial performance.

Certain events that are beyond our control such as earthquake, fire, floods and similar natural calamities may cause interruption in the business undertaken by us. Our operations and financial results and the market price and liquidity of our equity shares may be affected by changes in Indian Government policy or taxation or social, ethnic, political, economic or other adverse developments in or affecting India.

47. Terrorist attacks, civil unrests and other acts of violence or war involving India or other countries could adversely affect the financial markets, our business, financial condition and the price of our Equity Shares.

Any major hostilities involving India or other acts of violence, including civil unrest or similar events that are beyond our control, could have a material adverse effect on India's economy and our business. Incidents such as the terrorist attacks in India, other incidents such as those in US, Indonesia, Madrid and London, and other acts of violence may adversely affect the Indian stock markets where our Equity Shares will trade. Such acts could negatively impact business sentiment as well as trade between countries, which could adversely affect our Company's business and profitability. Additionally, such events could have a material adverse effect on the market for securities of Indian companies, including the Equity Shares.

BOOK BUILDING PROCESS

Book Building, with reference to the Issue, refers to the process of collection of Bids on the basis of the Red Herring Prospectus within the Price Band. The Price Band shall be determined by our Company in consultation with the Book Running Lead Manager in accordance with the Book Building Process and advertised in in all editions of the English national newspaper, all editions of Hindi national newspaper and in Regional newspaper where our registered office is situated at least two working days prior to the Bid/Issue Opening date. The Issue Price shall be determined by our Company in consultation with the Book Running Lead Manager in accordance with the Book Building Process after the Bid/Issue Closing Date.

Principal parties involved in the Book Building Process are-

- Our Company;
- The Book Running Lead Manager in this case being Beeline Capital Advisors Private Limited;
- The Syndicate Member(s) who are intermediaries registered with SEBI / registered as brokers with NSE Limited and eligible to act as Underwriters. The Syndicate Member(s) will be appointed by the Book Running Lead Manager;
- The Registrar to the Issue;
- The Escrow Collection Banks/ Bankers to the Issue and
- The Designated Intermediaries and Sponsor bank

The SEBI ICDR Regulations have permitted the Issue of securities to the public through the Book Building Process, wherein allocation to the public shall be made as per Regulation 253 of the SEBI ICDR Regulations

The Issue is being made through the Book Building Process wherein 50% of the Net Issue shall be available for allocation on a proportionate basis to QIBs, 5% of the QIB Portion shall be available for allocation on a proportionate basis to Mutual Funds only, and the remainder of the QIB Portion shall be available for allocation on a proportionate basis to all QIB Bidders, including Mutual Funds, subject to valid Bids being received at or above the Issue Price. Further, not less than 15 % of the Net Issue shall be available for allocation on a proportionate basis to Non-Institutional Bidders and not less than 35 % of the Net Issue shall be available for allocation to Retail Individual Bidders, in accordance with the SEBI Regulations, subject to valid Bids being received at or above the Issue Price.

All potential Bidders may participate in the Issue through an ASBA process by providing details of their respective bank account which will be blocked by the SCSBs. All Bidders are mandatorily required to utilize the ASBA process to participate in the Issue. Under-subscription if any, in any category, except in the QIB Category, would be allowed to be met with spill over from any other category or a combination of categories at the discretion of our Company in consultation with the BRLM and the Designated Stock Exchange.

All Bidders, are mandatorily required to use the ASBA process for participating in the Issue. In accordance with the SEBI ICDR Regulations, QIBs bidding in the QIB Portion and Non-Institutional Bidders bidding in the Non-Institutional Portion are not allowed to withdraw or lower the size of their Bids (in terms of the quantity of the Equity Shares or the Bid Amount) at any stage. Retail Individual Bidders can revise their Bids during the Bid/Issue Period and withdraw their Bids until the Bid/Issue Closing Date.

Subject to valid Bids being received at or above the Issue Price, allocation to all categories in the Net Issue, shall be made on a proportionate basis, except for Retail Portion where allotment to each Retail Individual Bidders shall not be less than the minimum bid lot, subject to availability of Equity Shares in Retail Portion, and the remaining available Equity Shares, if any, shall be allotted on a proportionate basis. Under – subscription, if any, in any category, would be allowed to be met with spill – over from any other category or a combination of categories at the discretion of our Company in consultation with the Book Running Lead Manager and the Stock Exchange. However, under – subscription, if any, in the QIB Portion will not be allowed to be met with spill over from other categories or a combination of categories.

In terms of SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, all the investors applying in a public Issue shall use only Application Supported by Blocked Amount (ASBA) process for application providing details of the bank account which will be blocked by the Self Certified Syndicate Banks (SCSBs) for the same. Further, pursuant to SEBI Circular No. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 01, 2018, Retail Individual Investors applying in public Issue may use either Application Supported by Blocked Amount (ASBA) facility for making application or also can use UPI as a payment mechanism with Application Supported by Blocked Amount for making application. For details in this regards, specific attention is invited to the chapter titled “*Issue Procedure*” beginning on page 208 of the Draft Red Herring Prospectus.

The process of Book Building under the SEBI ICDR Regulations is subject to change from time to time and the investors are advised to make their own judgment about investment through this process prior to making a Bid or application in the Issue.

For further details on the method and procedure for Bidding, please see section entitled “*Issue Procedure*” on page 208 of this Draft Red Herring Prospectus.

Illustration of the Book Building and Price Discovery Process: Bidders should note that this example is solely for illustrative purposes and is not specific to the Issue. Bidders can bid at any price within the Price Band. For instance, assume a Price Band of ₹20 to ₹ 24 per share, Issue size of 3,000 Equity Shares and receipt of five Bids from Bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the Equity Shares of the Issuer at various prices and is collated from Bids received from various investors.

Bid Quantity	Bid Amount (₹)	Cumulative Quantity	Subscription
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.67%
2,500	20	7,500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the Issuer is able to Issue the desired number of Equity Shares is the price at which the book cuts off, i.e., ₹ 22.00 in the above example. The Company in consultation with the BRLM, may finalise the Issue Price at or below such Cut-Off Price, i.e., at or below ₹ 22.00. All Bids at or above this Issue Price and cut-off Bids are valid Bids and are considered for allocation in the respective categories.

Steps to be taken by the Bidders for Bidding:

- Check eligibility for making a Bid (see section titled “*Issue Procedure*” on page 208 of this Draft Red Herring Prospectus);
- Ensure that you have a demat account and the demat account details are correctly mentioned in the Bid cum Application Form;
- Ensure correctness of your PAN, DP ID and Client ID mentioned in the Bid cum Application Form. Based on these parameters, the Registrar to the Issue will obtain the Demographic Details of the Bidders from the Depositories.
- Except for Bids on behalf of the Central or State Government officials, residents of Sikkim and the officials appointed by the courts, who may be exempt from specifying their PAN for transacting in the securities market, for Bids of all values ensure that you have mentioned your PAN allotted under the Income Tax Act in the Bid cum Application Form. The exemption for Central or State Governments and officials appointed by the courts and for investors residing in Sikkim is subject to the Depository Participant’s verification of the veracity of such claims of the investors by collecting sufficient documentary evidence in support of their claims.
- Ensure that the Bid cum Application Form is duly completed as per instructions given in this Draft Red Herring Prospectus and in the Bid cum Application Form;

Bid/Issue Program:

Event	Indicative Dates
Bid/Issue Opening Date	[●]
Bid/Issue Closing Date	[●]
Finalization of Basis of Allotment with the Designated Stock Exchange	On or before [●]
Initiation of Allotment / Refunds / Unblocking of Funds from ASBA Account or UPI ID linked bank account	On or before [●]
Credit of Equity Shares to Demat accounts of Allottees	On or before [●]
Commencement of trading of the Equity Shares on the Stock Exchange	On or before [●]

The above timetable is indicative and does not constitute any obligation on our Company or the Book Running Lead Manager. Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchange are taken within 6 Working Days of the Bid/Issue Closing Date, the timetable may change due to various factors, such as extension of the Bid/ Issue Period by our Company, revision of the Price Band or any delays in receiving the final listing and trading approval from the Stock Exchange. The Commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws.

Bid Cum Application Forms and any revisions to the same will be accepted only between 10.00 a.m. to 5.00 p.m. (IST) during the Issue Period (except for the Bid/Issue Closing Date). On the Bid/ Issue Closing Date, the Bid Cum Application Forms will be accepted only between 10.00 a.m. to 3.00 p.m. (IST) for retail and non-retail Bidders. The time for applying for Retail Individual Applicant on Bid/ Issue Closing Date maybe extended in consultation with the BRLM, RTA and NSE Emerge taking into account the total number of applications received up to the closure of timings

Due to the limitation of time available for uploading the Bid Cum Application Forms on the Bid/ Issue Closing Date, Bidders are advised to submit their applications one (1) day prior to the Bid/ Issue Closing Date and, in any case, not later than 3.00 p.m. (IST) on the Bid/ Issue Closing Date. Any time mentioned in this Draft Red Herring Prospectus is IST. Bidders are cautioned that, in the event a large number of Bid Cum Application Forms are received on the Bid/Issue Closing Date, as is typically experienced in public Issue, some Bid Cum Application Forms may not get uploaded due to the lack of sufficient time. Such Bid Cum Application Forms that cannot be uploaded will not be considered for allocation under this Issue. Applications will be accepted only on Working Days, i.e., Monday to Friday (excluding any public holidays). Neither our Company nor the BRLM is liable for any failure in uploading the Bid Cum Application Forms due to faults in any software/hardware system or otherwise.

In accordance with SEBI ICDR Regulations, QIBs and Non-Institutional Applicants are not allowed to withdraw or lower the size of their Application (in terms of the quantity of the Equity Shares or the Application amount) at any stage. Retail Individual Applicants can revise or withdraw their Bid Cum Application Forms prior to the Bid/ Issue Closing Date. Allocation to Retail Individual Applicants, in this Issue will be on a proportionate basis.

In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical Bid Cum Application Form, for a particular Applicant, the details as per the file received from Stock Exchange may be taken as the final data for the purpose of Allotment. In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical or electronic Bid Cum Application Form, for a particular ASBA Applicant, the Registrar to the Issue shall ask the relevant SCSBs / RTAs / DPs / stock brokers, as the case may be, for the rectified data.

WITHDRAWAL OF THE ISSUE

Our Company in consultation with the BRLM, reserve the right not to proceed with the Issue at any time before the Bid/Issue Opening Date without assigning any reason thereof.

If our Company withdraw the Issue any time after the Issue Opening Date but before the allotment of Equity Shares, a public notice within 2 (two) working days of the Issue Closing Date, providing reasons for not proceeding with the Issue shall be issued by our Company. The notice of withdrawal will be issued in the same newspapers where the pre-Issue advertisements have appeared and the Stock Exchange will also be informed promptly. The BRLM, through the Registrar to the Issue, will instruct the SCSBs to unblock the ASBA Accounts within 1 (one) working Day from the day of receipt of such instruction.

If our Company withdraw the Issue after the Bid/Issue Closing Date and subsequently decides to proceed with an Issue of the Equity Shares, our Company will have to file a fresh Prospectus with the stock exchange where the Equity Shares may be proposed to be listed.

Notwithstanding the foregoing, the Issue is subject to obtaining (i) the final listing and trading approvals of the Stock Exchange with respect to the Equity Shares Issued through the Prospectus, which our Company will apply for only after Allotment; and (ii) the final RoC approval of the Prospectus.

UNDERWRITING AGREEMENT

This Issue is 100% Underwritten. The Underwriting agreement has been entered on [●]. Pursuant to the terms of the Underwriting Agreement, the obligations of the Underwriters are several and are subject to certain conditions specified therein. The Underwriters have indicated their intention to underwrite the following number of specified securities being offered through this Issue:

Details of the Underwriter	No. of shares underwritten	Amount Underwritten (₹ in Lakh)	% of the total Issue Size Underwritten
[●]	[●]	[●]	100%

In the opinion of our Board of Directors (based on a certificate given by the Underwriter), the resource of the above-mentioned Underwriter is sufficient to enable it to discharge its underwriting obligation in full. The abovementioned Underwriter is registered with SEBI under Section 12(1) of the SEBI Act and the market maker is registered as brokers with the Stock Exchanges.

DETAILS OF THE MARKET MAKING ARRANGEMENT FOR THIS ISSUE

Our Company and the Book Running Lead Manager have entered into an agreement dated [●] with the following Market Maker to fulfil the obligations of Market Making:

[●]

The Market Maker shall the applicable obligations and conditions as specified in the SEBI (ICDR) Regulations, 2018 and the circulars issued by the NSE and SEBI in this regard from time to time.

Following is a summary of the key details pertaining to the proposed Market Making arrangement:

- 1) The Market Maker(s) (individually or jointly) shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the stock exchange. Further, the Market Maker(s) shall inform the exchange in advance for each and every black out period when the quotes are not being issued by the Market Maker(s).
- 2) The minimum depth of the quote shall be ₹ 1,00,000. However, the investors with holdings of value less than ₹ 1,00,000 shall be allowed to Issue their holding to the Market Maker(s) (individually or jointly) in that scrip provided that he/she sells his/her entire holding in that scrip in one lot along with a declaration to the effect to the selling broker.
- 3) Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker(s), for the quotes given by him.
- 4) After a period of three (3) months from the market making period, the market maker would be exempted to provide quote if the Shares of market maker in our Company reaches to 25% of Issue Size (Including the [●] Equity Shares ought to be allotted under this Issue). Any Equity Shares allotted to Market Maker under this Issue over and above [●] Equity Shares would not be taken into consideration of computing the threshold of 25% of Issue Size. As soon as the Shares of market maker in our Company reduce to 24% of Issue Size, the market maker will resume providing 2-way quotes.
- 5) There shall be no exemption/threshold on downside. However, in the event the Market Maker exhausts his inventory through market making process, NSE may intimate the same to SEBI after due verification.
- 6) There would not be more than five Market Makers for a script at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors.
- 7) On the first day of the listing, there will be pre-opening session (call auction) and there after the trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction. In case equilibrium price is not discovered the price band in the normal trading session shall be based on Issue price.
- 8) The Marker Maker may also be present in the opening call auction, but there is no obligation on him to do so.
- 9) There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market – for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while force-majeure will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final.
- 10) The Market Maker(s) shall have the right to terminate said arrangement by giving a One month notice or on mutually acceptable terms to the Merchant Banker, who shall then be responsible to appoint a replacement Market Maker(s).

In case of termination of the Market Making agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the Book Running Lead Manager to arrange for another Market Maker in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of regulation 261 of the SEBI (ICDR) Regulations, 2018. Further our Company and the Book Running Lead Manager reserve the right to appoint other Market Makers either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed five or as specified by the relevant laws and regulations applicable at that particular point of time. The Market Making Agreement is available for inspection at our registered office from 11.00 a.m. to 5.00 p.m. on working days.

- 11) Risk containment measures and monitoring for Market Makers: Emerge Platform of NSE will have all margins which are applicable on the Main Board viz., Mark-to-Market, Value-At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. NSE can impose any other margins as deemed necessary from time-to-time.

- 12) Punitive Action in case of default by Market Makers: Emerge Platform of NSE will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and/or non-compliances. Penalties / fines may be imposed by the Exchange on the Market Maker, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties / fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker in case he is not present in the market maker issuing two-way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership.
- 13) The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties / fines / suspension for any type of misconduct/ manipulation/ other irregularities by the Market Maker from time to time.
- 14) Price Band and Spreads: SEBI Circular bearing reference no: CIR/MRD/DP/ 02/2012 dated January 20, 2012, has laid down that for Issue size up to ₹ 250 crores, the applicable price bands for the first day shall be:
- 15) In case equilibrium price is discovered in the Call Auction, the price band in the normal trading session shall be 5% of the equilibrium price.
- 16) In case equilibrium price is not discovered in the Call Auction, the price band in the normal trading session shall be 5% of the Issue price.
- 17) Additionally, the trading shall take place in TFT segment for first 10 days from commencement of trading. The price band shall be 20% and the market maker spread (difference between the sell and the buy quote) shall be within 10% or as intimated by Exchange from time to time.
- 18) Pursuant to SEBI Circular number CIR/MRD/DSA/31/2012 dated November 27, 2012, limits on the upper side for market makers during market making process has been made applicable, based on the Issue size and as follows:

Issue Size	Buy quote exemption threshold (including mandatory initial inventory of 5% of the Issue Size)	Re-Entry threshold for buy quote (including mandatory initial inventory of 5% of the Issue Size)
Up to ₹ 20 Crore	25%	24%
₹ 20 Crore To ₹ 50 Crore	20%	19%
₹ 50 Crore To ₹ 80 Crore	15%	14%
Above ₹80 Crore	12%	11%

The Market Making arrangement, trading and other related aspects including all those specified above shall be subject to the applicable provisions of law and / or norms issued by SEBI / NSE from time to time.

(Collectively referred as the “objects”)

We believe that listing will enhance our corporate image and visibility of the brand name of our Company. We also believe that our Company will receive the benefits from listing Equity Shares on the Emerge platform of NSE. It will also provide liquidity to the existing shareholders and will also create a public trading market for the Equity Shares of our Company.

Australian Premium Solar (India) Limited is one of the recognised brands in the solar industry, which is in the business of manufacturing of Monocrystalline and Polycrystalline Solar Panels and Engineering, procurement, and construction (“EPC”) services thereof. The Company has modern manufacturing facility at Tajpur, Sabarkantha, Gujarat that helps in delivering quality and latest technology products in the industry. The products manufactured by the Company are used in residential, agricultural and commercial installations.

Our Promoters, Mr. Chimanbhai Ranchhodbhai Patel and Mrs. Savitaben Chimanlal Patel are associated with our company since incorporation. While one of our current promoters Mr. Nikunj Chimanlal Patel acquired the shares from then existing shareholders in year 2017. Back in 2012, our promoters recognized the potential of solar energy market in India and incorporated this company in order to perceive the untapped potential of harnessing this boundless renewable resource. As solar technology gradually gained momentum and recognition, the foresight of our promoter began to manifest in a tangible and impactful manner. Our promoter has combined experience of more than twenty five years in solar industry. With their enriching experience and progressive thinking, we aim to continue to grow in this industry.

Our company is primarily engaged in the manufacturing of Solar Panels and EPC Services of solar systems. The industry term for solar panel is PV Module (Photovoltaic Module) which refers to setup for generating electricity from sunlight, using semiconductor materials in devices called photovoltaic cells or solar cells. Currently in the solar panel segment, we manufacture both monocrystalline and polycrystalline solar panels at our manufacturing facility spread across in 25,375 square meters, located at Sabarkantha, Gujarat having capacity of 200 MW per annum.

We manufacture two types of solar panels: (i) Monocrystalline Solar Panel; and (ii) Polycrystalline Solar Panel. The difference between both lies in their integral raw material i.e., solar cell. Solar cell is typically made of semiconductor materials such as silicon wafers and it is an integral part of any solar powered device. In Monocrystalline Panels, solar cells are typically more efficient and have a darker, uniform appearance due to their single-crystal structure allowing for bus bars (Copper coated thin strip) to be placed more strategically without significant visual impact. On the other hand, Polycrystalline solar cells have a blue or speckled appearance due to their multiple crystal structures, bus bars may need to be positioned to accommodate the less uniform appearance of these cells.

We also provide installation services for solar panels and solar pumps. We undertake installation services under this segment for household and industrial end users, while also provide solar pump installation services for agricultural end users which enable us to supply our manufactured solar panels along with solar pumps. Till August 31, 2023, we have served more than 10,000 unique customers towards installation of solar modules out of which more than 9500 has been roof top installation for residential use and more than 1300 solar pumps installation for agricultural use.

We are certified with ISO 9001: 2015 by M/s. OSS Certification Services Private Limited for Quality Management System demonstrating we are an organization which delivers quality products and services to its end users, having direct relationship with reputation, customer satisfaction and long-term success.

Our Core business can be divided in following categories:

- a) Manufacturing of solar panels
- b) EPC Services:
 1. Installation Services for Solar Rooftop

2. Installation of Solar Pumps

The objects clause of our Memorandum enables our Company to undertake its existing activities and these activities which have been carried out until now by our Company are valid in terms of the objects clause of our Memorandum of Association.

REQUIREMENTS OF FUNDS

Based on certificate duly certified by Statutory Auditor M/s. Sanjay Bajoria & Associates, Chartered Accountants dated September 08, 2023, bearing UDIN: 23103301BGXVDA3615. Our company has paid ₹ 186.65 Lakhs for Capital

Expenditure and ₹ 3.31 Lakhs towards public issue expenses out of internal accrual / existing loan facilities available with the company. Our company will reimburse/recouped such advances out of the net proceeds of the issue.

Accordingly, we confirm that we are in compliance with the requirement to make the firm arrangement of finance under Regulation 230(1) (e) of the SEBI ICDR Regulations and Clause 9 (C) of Part A of Schedule VI of the SEBI ICDR Regulations (which requires firm arrangements of finance through verifiable means for 75% of the stated means of finance, excluding the Issue Proceeds and existing identifiable internal accruals).

The fund requirement and deployment is based on internal management estimates and have not been appraised by any bank or financial institution. These are based on current conditions and are subject to change in the light of changes in Internal / external circumstances or costs or other financial conditions and other factors. In case of any increase in the actual utilization of funds earmarked for the Objects, such additional funds for a particular activity will be met by way of means available to our Company, including from internal accruals. If the actual utilization towards any of the Objects is lower than the proposed deployment such balance will be used for future growth opportunities including funding existing objects, if required. In case of delays in raising funds from the Issue, our Company may deploy certain amounts towards any of the above-mentioned Objects through a combination of Internal Accruals or Unsecured Loans (Bridge Financing) and in such case the Funds raised shall be utilized towards repayment of such Unsecured Loans or recouping of Internal Accruals. However, we confirm that no bridge financing has been availed as on date, which is subject to being repaid from the Issue Proceeds.

We further confirm that no part proceed of the Issue shall be utilized for repayment of any Part of unsecured loan outstanding as on date of Draft Red Herring Prospectus. As we operate in competitive environment, our Company may have to revise its business plan from time to time and consequently our fund requirements may also change. Our Company's historical expenditure may not be reflective of our future expenditure plans. Our Company may have to revise its estimated costs, fund allocation and fund requirements owing to various factors such as economic and business conditions, increased competition and other external factors which may not be within the control of our management. This may entail rescheduling or revising the planned expenditure and funding requirements, including the expenditure for a particular purpose at the discretion of the Company's management.

For further details on the risks involved in our business plans and executing our business strategies, please see the Section titled "Risk Factors" beginning on page no. 25 of this Draft Red Herring Prospectus.

2. TO MEET WORKING CAPITAL REQUIREMENTS:

Our company is primarily engaged in the manufacturing of Solar Panels and installation of solar panels and solar modules. The industry term for solar panel is PV Module (Photovoltaic Module) which refers to setup for generating electricity from sunlight, using semiconductor materials in devices called photovoltaic cells or solar cells. Currently in the solar panel segment, we manufacture both monocrystalline and polycrystalline solar panels. As on March 31, 2023, Net Working Capital requirement of our Company on restated basis was ₹ 816.57 lakhs as against that of ₹ 684.71 lakhs as on March 31, 2022 and ₹ 353.44 lakhs as on March 31, 2021. The Net Working capital requirements for the FY 2023-24 and FY 2024-25 is estimated to be ₹ 2,845.05 lakhs, ₹ 5,203.47 lakhs respectively. The Company will meet the requirement to the extent of ₹ 1,702.82 lakhs from the Net Proceeds of the Issue and balance from borrowings and internal accruals at an appropriate time as per the requirement.

Justification of working Capital:

Our company is primarily engaged in the manufacturing of Solar Panels and installation of solar panels and solar modules. Installation services mainly includes installation of rooftop solar and solar pump. On average time required for entire process as provided above is 70-100 days which results in working capital requirement. Our company requires working capital requirement to achieve expected turnover for FY 2023-24 and FY 2024-25 by providing goods on credit to customers, to avail benefits of better pricing and discounts from vendors and to maintain sufficient level of inventory to ensure uninterrupted supply which will ultimately help better production yields and better profitability margins. Working capital requirement of our company was increased on account of increase in business operations of our company which has resulted in higher current assets and other assets forming part of current assets.

GLOBAL OUTLOOK

Global growth has slowed to the extent that the global economy is perilously close to falling into recession—defined as a contraction in annual global per capita income—only three years after emerging from the pandemic-induced recession of 2020. Very high inflation has triggered unexpectedly rapid and synchronous monetary policy tightening around the world to contain it, including across major advanced economies (figure 1.1.A). Although this tightening has been necessary for price stability, it has contributed to a significant worsening of global financial conditions, which is exerting a substantial drag on activity. This drag is set to deepen given the lags between changes in monetary policy and its economic impacts, and the fact that real rates are expected to continue to increase.

Asset prices have been in broad, synchronous decline, investment growth has weakened substantially, and housing markets in many countries are worsening rapidly. Shockwaves continue to emanate from the Russian Federation’s invasion of Ukraine, especially in energy and other commodity markets. Against this backdrop, confidence has fallen precipitously. The world’s three major engines of growth—the United States, the euro area, and China—are undergoing a period of pronounced weakness, with adverse spillovers for emerging market and developing economies (EMDEs), many of which are already struggling with weakening domestic conditions.

Global inflation has been pushed higher by demand pressures, including those from the lagged effects of earlier policy support, and supply shocks, including disruptions to both global supply chains and the availability of key commodities. In some countries, inflation has also been spurred by large currency depreciations relative to the U.S. dollar, as well as tight labor market conditions.

Inflation remains high worldwide and well above central bank targets in almost all inflation targeting economies. Although inflation is likely to gradually moderate over the course of the year, there are signs that underlying inflation pressures could be becoming more persistent. In response, central banks around the world have been tightening policy faster than previously expected. Monetary policy tightening in advanced economies, a strong U.S. dollar, geopolitical tensions, and high inflation have dampened risk appetite and led to widespread capital outflows and slowing bond issuance across EMDEs. Financial conditions have particularly worsened for less creditworthy EMDEs, especially if they are also energy importers (figure 1.1.B).

Fiscal space has narrowed considerably, and concerns over debt sustainability in many countries have risen as global financial conditions have made it more difficult to service debt loads that have accumulated rapidly in recent years, particularly during the pandemic. Nonetheless, many governments have announced new support measures to shield households and firms from the effects of sharply rising prices, slowing the pace of fiscal consolidation as pandemic-related stimulus is withdrawn.

Most commodity prices have eased, to varying degrees, largely due to the slowdown in global growth and concerns about the possibility of a global recession. By historical standards, however, they remain elevated, prolonging challenges associated with energy and food insecurity. Crude oil prices have steadily declined from their mid-2022 peak; meanwhile, natural gas prices in Europe soared to an all-time high in August but have since fallen back toward pre-invasion levels. Non-energy prices, particularly metal prices, have declined alongside weak demand. While food prices have eased from earlier peaks, food price inflation remains very high in some EMDEs.

Against this backdrop, global growth is forecast to slow to 1.7 percent in 2023 (figure 1.1.C). This pace of growth would be the third weakest in nearly three decades, overshadowed only by the global recessions caused by the pandemic in 2020 and the global financial crisis in 2009. This forecast is 1.3 percentage points lower than in June, largely reflecting more aggressive monetary policy tightening, deteriorating financial conditions, and declining confidence. Growth projections have been downgraded for almost all advanced economies and about two-thirds of EMDEs in 2023, and for about half of all countries in 2024 (figure 1.1.D). Global trade is also expected to slow sharply alongside global growth, despite support from a continued recovery in services trade. Downgrades to growth projections mean that global activity is now expected to fall even further below its pre-pandemic trend over the forecast horizon, with EMDEs accounting for most of the shortfall from trend (figure 1.1.E). This suggests that the negative shocks of the past three years—namely the pandemic, the invasion

of Ukraine, and the rapid increase in inflation and associated tightening of monetary policy worldwide—are having a lasting impact on economic prospects.

In advanced economies, conditions have deteriorated sharply, owing to declining confidence alongside high inflation and rapid monetary policy tightening. In the United States, one of the most aggressive monetary policy tightening cycles in recent history is expected to slow growth sharply. The euro area is also contending with severe energy supply disruptions and price hikes associated with the Russian Federation’s invasion of Ukraine. In all, growth in advanced economies is forecast to slow from 2.5 percent in 2022 to 0.5 percent in 2023.

In EMDEs, growth prospects have worsened materially, with the forecast for 2023 downgraded 0.8 percentage point to a subdued 3.4 percent. The downward revision results in large part from weaker external demand and tighter financing conditions. EMDE growth is anticipated to remain essentially unchanged in 2023 relative to last year, as a pickup in China offsets a decline in other EMDEs. Excluding China, EMDE growth is forecast to decelerate from 3.8 percent in 2022 to 2.7 percent in 2023 as significantly weaker external demand is compounded by high inflation, tighter financial conditions, and other domestic headwinds. The deviation between EMDE investment and its pre-pandemic trend is expected to remain substantial. EMDE investment growth is envisaged to remain below its 2000–21 average pace, dampened significantly by weakening activity, heightened uncertainty, and rising borrowing costs. Low-income countries (LICs) are expected to grow 5.1 percent in 2023, with forecasts downgraded in about 65 percent of countries. Cost-of-living increases and a deterioration in the external environment are weighing heavily on activity in many LICs and compounding weakness in LICs with fragile and conflict affected situations (FCS).

As a result of the sharp slowdown in global growth, per capita income is not expected to surpass 2019 levels until at least 2024 in about one-third of EMDEs. Per capita income growth is expected to be slowest where poverty is highest (figure 1.1.F). In Sub-Saharan Africa—which accounts for about 60 percent of the world’s poor - growth in per capita income over 2023–24 is forecast to average only 1.2 percent, far less than the pace that would be needed over the remainder of the decade to reach a 3 percent poverty rate by 2030.

FIGURE 1.1 Global prospects

High global inflation has prompted rapid, synchronous monetary tightening. This has contributed to worsening financial conditions, particularly for less creditworthy emerging market and developing economies (EMDEs). Global growth in 2023 is expected to be the third weakest in nearly three decades, overshadowed only by global recessions. Most country forecasts have been downgraded. The recovery from the pandemic recession is far from complete, especially in EMDEs, and the per-capita income outlook is particularly subdued for poverty-stricken countries.

Poverty data are the poverty headcount ratio at \$2.15 a day (2017 PPP).

Global Trade

Global trade growth decelerated in the second half of 2022, in tandem with deteriorating activity in major economies. Weakening trade mirrored the slowdown in global industrial production, as demand shifted toward its pre-pandemic composition and away from goods. Despite this moderation, goods trade surpassed pre-pandemic levels last year; meanwhile, services trade continued to recover, supported by the gradual shift in demand toward services. Tourism flows rebounded as many countries eased travel restrictions but remained well below pre-pandemic levels and uneven across regions (WTO 2022).

Global Inflation

Inflation rose throughout 2022 in almost all economies. Median global headline inflation exceeded 9 percent in the second half of the year, its highest level since 1995. Inflation reached almost 10 percent in EMDEs, its highest level since 2008, and in advanced economies just over 9 percent, the highest since 1982. Inflation was above target in virtually all countries that have adopted inflation targeting.

Soaring inflation in 2022 reflected a combination of demand and supply factors (Ha, Kose, and Ohnsorge 2022; Shapiro 2022). On the demand side, the acceleration of growth during the initial rebound from the 2020 global recession, as well as the lagged effects of earlier macroeconomic support, contributed to persistent price pressures. Price increases were particularly large in sectors such as shipping and air travel, where compositional shifts in demand encountered ongoing capacity constraints and supply chain disruptions (Kalemli-Özcan et al. 2022). On the supply side, shortages of key commodities, exacerbated by Russia's invasion of Ukraine, contributed substantially to higher energy and food prices. In some countries, tight conditions and mismatches in labor markets further added to rising wages and higher input and production costs. Finally, many countries experienced large currency depreciations that passed through into higher import, producer, and consumer prices. The higher share of food in consumer spending has caused inflation to accelerate more in low-income countries compared to other EMDEs.

INDIAN ECONOMY

Introduction

The Indian economy, however, appears to have moved on after its encounter with the pandemic, staging a full recovery in FY22 ahead of many nations and positioning itself to ascend to the pre-pandemic growth path in FY23. Yet in the current year, India has also faced the challenge of reining in inflation that the European strife accentuated. Measures taken by the government and RBI, along with the easing of global commodity prices, have finally managed to bring retail inflation below the RBI upper tolerance target in November 2022. However, the challenge of the depreciating rupee, although better performing than most other currencies, persists with the likelihood of further increases in policy rates by the US Fed. The widening of the CAD may also continue as global commodity prices remain elevated and the growth momentum of the Indian economy remains strong. The loss of export stimulus is further possible as the slowing world growth and trade shrinks the global market size in the second half of the current year.

India's economic growth in FY23 has been principally led by private consumption and capital formation. It has helped generate employment as seen in the declining urban unemployment rate and in the faster net registration in Employee Provident Fund. Still, private capex soon needs to take up the leadership role to put job creation on a fast track. Recovery of MSMEs is proceeding apace, as is evident in the amounts of Goods and Services Tax (GST) they pay, while the Emergency Credit Linked Guarantee Scheme (ECGLS) is easing their debt servicing concerns. The Mahatma Gandhi National Rural Employment Guarantee Scheme (MGNREGS) has been directly providing jobs in rural areas and indirectly creating opportunities for rural households to diversify their sources of income generation. Schemes like PM-Kisan and PM Garib Kalyan Yojana have helped in ensuring food security in the country, and their impact was also endorsed by the United Nations Development Programme (UNDP). The results of the National Family Health Survey (NFHS) also show improvement in rural welfare indicators from FY16 to FY20, covering aspects like gender, fertility rate, household amenities, and women empowerment.

Macroeconomic and Growth Challenges in the Indian Economy

The impact of the pandemic on India was seen in a significant GDP contraction in FY21. The following year, FY22, the Indian economy started to recover despite the Omicron wave of January 2022. This third wave did not affect economic activity in India as much as the previous waves of the pandemic did since its outbreak in January 2020. Mobility enabled by localised lockdowns, rapid vaccination coverage, mild symptoms and quick recovery from the virus contributed to minimising the loss of economic output in the January-March quarter of 2022. Consequently, output in FY22 went past its pre-pandemic level in FY20, with the Indian economy staging a full recovery ahead of many nations. The experience with the Omicron variant engendered a cautious optimism that it was possible to stay physically mobile and engage in economic activities despite the pandemic. FY23 thus opened with a firm belief that the pandemic was rapidly on the wane and that India was poised to grow at a fast pace and quickly ascend to the pre-pandemic growth path.

With monetary tightening, the US dollar has appreciated against several currencies, including the rupee. However, the rupee has been one of the better-performing currencies worldwide, but the modest depreciation it underwent may have added to the domestic inflationary pressures besides widening the CAD. Global commodity prices may have eased but are still higher compared to pre-conflict levels. They have further widened the CAD, already enlarged by India's growth

momentum. For FY23, India has sufficient forex reserves to finance the CAD and intervene in the forex market to manage volatility in the Indian rupee.

For many countries around the world, including India, 2021 was a period of recovery for health and economies from the impact of the pandemic. For the advanced economies, in particular, the enormous fiscal stimulus earlier injected by their governments supported a strong demand revival. Growth in world trade subsequently followed, of which India was also a beneficiary. India’s exports surged in FY22, and the momentum lasted up to the first half of FY23. Export growth was strong enough to increase India’s share in the world market of merchandise exports. However, due to aggressive and synchronised monetary tightening, global economic growth has started to slow, and so has world trade. As per United Nations Conference on Trade and Development (UNCTAD) latest global trade update, global trade growth turned negative during the H2:2022, and geopolitical frictions, persisting inflationary pressures, and subdued demand are expected to suppress global trade further in 2023. This is likely to affect many countries, including India, with the prospects of sluggish exports continuing into FY24, compared to the promise shown at the beginning of the current year.

India’s Economic Resilience and Growth Drivers

Monetary tightening by the RBI, the widening of the CAD, and the plateauing growth of exports have essentially been the outcome of geopolitical strife in Europe. As these developments posed downside risks to the growth of the Indian economy

in FY23, many agencies worldwide have been revising their growth forecast of the Indian economy downwards. These forecasts, including the advance estimates released by the NSO, now broadly lie in the range of 6.5-7.0 per cent. Despite the downward revision, the growth estimate for FY23 is higher than for almost all major economies and even slightly above the average growth of the Indian economy in the decade leading up to the pandemic. IMF estimates India to be one of the top two fast-growing significant economies in 2022. Despite strong global headwinds and tighter domestic monetary policy, if India is still expected to grow between 6.5 and 7.0 per cent, and that too without the advantage of a base effect, it is a reflection of India's underlying economic resilience; of its ability to recoup, renew and re-energise the growth drivers of the economy.

Executive summary

Immense growth potential

- India has low conventional energy resources compared to its required energy needs driven by a huge population and a rapidly increasing economy. However, India can harness the huge potential of solar energy as it receives sunshine for most of the year. It also has vast potential in the hydro power sector which is being explored across states, especially in the northeast.
- As of February 2023, Renewable energy sources, including large hydropower, have a combined installed capacity of 174.53 GW.
- India is the only country among the G20 countries who is on track to achieve its targets under the Paris Agreement.
- ICRA expects renewable energy capacity addition of 12.5 GW in FY22 and 16 GW in FY23.

Ambitious targets

- India has set a target to reduce the carbon intensity of the nation's economy by less than 45% by the end of the decade, achieve 50 percent cumulative electric power installed by 2030 from renewables, and achieve net-zero carbon emissions by 2070.
- The non-hydro renewable energy capacity addition stood at 4.2 GW for the first three months of FY23 against 2.6 GW for the first three months of FY22.

Increasing investment

- The non-conventional energy space in India has become highly attractive for investors and received FDI inflow of US\$ 12.57 billion between April 2000- June 2022.
- More than Rs. 5.2 lakh crore (US\$ 70 billion) has been invested in India's renewable energy sector since 2014.
- India ranked third on the EY Renewable Energy Country Attractive Index 2021.

Advantage India

1. Robust Demand

- In June 2021, Prime Minister Mr. Narendra Modi stated that the renewable energy capacity in India increased by 250% between 2014 and 2021 and the country ranks among the top five globally in terms of installed renewable energy capacity.
- The Central Electricity Authority (CEA) estimates India's power requirement to grow to reach 817 GW by 2030.
- As the economy grows, the electricity consumption is projected to reach 15,280 TWh in 2040 from 4,926 TWh in 2012. Most of the demand will come from the real estate and transport sectors.

2. Competitive Advantage

- India was ranked fourth in wind power, fifth in solar power and fourth in renewable power installed capacity, as of 2020.
- Power generation from solar and wind projects are likely to be cost-competitive relative to thermal power generation in India in 2025-2030.
- As per the British Business Energy, India ranks third on renewable energy investments and plans.

3. Policy Support

- On November 9, Minister for Finance & Corporate Affairs, Ms. Nirmala Sitharaman, approved the final Sovereign Green Bonds framework of India. The Paris Agreement's Nationally Determined Contribution (NDC) targets will be further strengthened by this approval, which will also aid in attracting foreign and domestic capital to green projects.
- In February 2022, Nepal and India agreed to form a Joint Hydro Development Committee to explore the possibility of viable hydropower projects.

4. Increasing Investment

- Investment in renewable energy in India reached a record US\$ 14.5 billion in FY22, an increase of 125% over FY21.
- Rising foreign investment in the renewable sector (such as US\$ 75 billion investment from the UAE) is expected to promote further investments in the country.

MARKET OVERVIEW AND TRENDS

GENERATION CAPACITY HAS INCREASED AT A HEALTHY PACE

Installed Renewable Energy¹ Capacity (GW) - February 2023

Installed Renewable Capacity Breakup (GW) – February 2023

- The International Energy Agency’s World Energy Outlook projects a growth of renewable energy supply to 4,550 GW in 2040 on a global basis.
- Installed renewable power-generation capacity has increased at a fast pace over the past few years, posting a CAGR of 14.58% between FY16 and FY23*. India has 119.09 GW of renewable energy capacity in FY23*.
- 975.60 MW of renewable energy capacity was added in January 2022.
- As of October 2022, 40.6% of the total power installed capacity is from non-fossil based sources, which fulfills the target of 40% by the end of 2022.
- The country plans to reach 450 GW of installed renewable energy capacity by 2030, with 280 GW (over 60%) expected from solar power.
- The ambitious target of 450 GW will provide investment opportunities worth US\$ 221 billion by 2030.
- Power generation from renewable energy sources (not including hydro) stood at 16.18 billion units (BU) in September 2022, up from 14.49 BU in September 2021.
- Power generation from renewable energy sources stood at 92.88 billion units (BU) between April-August 2022, up from 79.13 BU in the same period in the previous year.
- The country ranks fourth worldwide in terms of the total installed wind power capacity.
- Off-grid renewable power capacity has also increased. From April 2015-February 2021, India has added 117.9 GW of power generation capacity, which includes 64.5 GW from conventional sources and 53.4 GW from renewable sources.
- In July 2021, the Ministry of New and Renewable Energy (MNRE) gave the go-ahead to NTPC Renewable Energy Ltd., a 100% subsidiary of NTPC, to build a 4,750 MW renewable energy park at the Rann of Kutch in Khavada, Gujarat. This will be India’s largest solar park to be developed by the country’s leading power producer.

Electricity Generation from RES* (billion units)

SOLAR POWER GENERATION GROWTH LIKELY TO OUTWEIGH OTHER SOURCES BY 2022

- Due to its favourable location in the solar belt (400 S to 400 N), India is one of the best recipients of solar energy with abundant availability.
- Solar power installed capacity has increased by more than 18 times, from 2.63 GW in March 2014 to 63.3 GW at the end of 2022.
- In 2022, till November, India has added 12 GW of solar power capacity.
- In the first half of 2022, India has saved US\$ 4.2 billion in fuel costs through solar power generation, as well as 19.4 million tonnes of coal.
- India has generated 70.24 BU of solar power in the first nine months of 2022, a 36% YoY increase.
- The Bhadla Solar Park in Rajasthan's Jodhpur district is the largest solar power plant in the world. Spanning 14,000 acres, the power plant is fully operational and has a capacity of 2,250 MW.
- Delhi's Indira Gandhi International Airport (IGIA) has become the first Indian airport to run entirely on hydro and solar power. Around 6% of the airport's electricity requirement is met from the onsite solar power plants.
- In November 2021, the government announced future plans to increase the funding under the PLI scheme for domestic solar cells and module manufacturing to RS. 24,000 crore (US\$ 3.17 billion) from the existing Rs. 4,500 crore (US\$ 594.68 million) to make India an exporting nation.
- The world's largest floating 600 MW solar energy project will be constructed at the Omkareshwar Dam in the Khandwa district of Madhya Pradesh at the estimated cost of Rs. 3,000 crore (US\$ 3.84 billion). The project is expected to begin power generation by FY23.

STRATEGIES ADOPTED

GREEN CITIES

- In December 2020, the Prime Minister unveiled a plan to create at least one ‘green’ city in each state that will be powered by renewable energy sources, primarily solar energy.
- The houses in these ‘green’ cities will have roof-top solar energy panels and solar street lamps. Additionally, waste-to-energy plants will be set up to generate renewable energy.

DEVELOPING RENEWABLE ENERGY HYBRID PROJECTS

- Hybrid energy projects combine two or more renewable power sources, such as solar and wind power, to reduce inconsistencies and provide stable power supply.
- The wind-solar hybrid model has gained popularity in India since the National Wind-Solar Hybrid Policy 2018. Hybrid tenders have received great responses in the market, with Adani and ReNew power being key players.
- More than 12.3 GW of collocated tenders have already been issued. Other active participants include SB Energy, Greenko, Tata Power, Vena Energy, JSW Group, ABC Renewables, AMP Energy and ACME.
- Wind-solar hybrid projects with capacities of 1,440 MW are under implementation in Rajasthan and Tamil Nadu.

ENSURING ROUND-THE-CLOCK POWER (RTC) SUPPLY

- Renewable resources such as solar and wind are time-bound and can only produce power when there is sufficient sunshine and wind.
- Round-the-clock (RTC) supply mechanism can overcome these natural limitations by bundling power from other sources, such as thermal power, with renewable power sources. Simply put, conventional and non-conventional resources can complement each other to provide a sustainable and stable power grid.
- Such bundled power is supplied to distribution companies (DISCOMs), eliminating the need for DISCOMs to balance power.

DRAFT ELECTRICITY RULES, 2021

- In August 2021, the Indian government proposed new rules for the purchase and consumption of green energy.
- The rules were part of the government's measures to encourage large-scale energy consumers, including industries, to leverage renewable energy sources for regular operations.
- Uniform Renewable Purchase Obligations (RPO) have been introduced, requiring all electricity distribution licensees to purchase or produce a specified minimum quantity of their total requirements from renewable energy sources.
- The rules mandate that the electricity generated is to be used for the plant's own requirements and not be diverted to the electricity grid. The new rules also emphasise on the use of hydrogen energy.

DECENTRALISED SOLAR POWER

- Selco Solar Pvt Ltd started installing solar panels in slums which were not connected to the grid as a pilot project in 2008, and has since expanded into other states as well. They have also used standardised financial packages to get the slum people to move away from kerosene to solar power.
- Off-grid solar power is growing at a fast pace in India, with sales of 392,000 off grid solar products in the first half of 2021.

SHIFT TOWARDS NONCONVENTIONAL ENERGY

- India's leading conventional energy producers are shifting towards nonconventional energy resources to achieve their sustainability goals and contribute towards generating clean energy.
- A rapid shift from fossil fuels to clean renewable energy could lead to the creation of 1.5 crore new jobs in India by 2025 and increase savings on electricity bills.

GOVERNMENT POLICIES

Repowering policy

- Promotes optimum utilisation of wind energy resources by creating facilitative framework for repowering.
- Providing interest rate rebate of 0.25% over and above the existing interest rate rebate offered to new wind energy projects.
- All fiscal and financial benefits offered to new wind power projects will be extended to repowering projects.

Wind-solar hybrid policy

- Aims to achieve a hybrid wind-solar capacity of 10 GW by 2022.
- Hybridisation of the two technologies will help in:
 - Minimising variability
 - Optimal utilization of infrastructure, including land and transmission systems.

Renewable Purchase Obligations (RPOs)

- RPO's are a mechanism by which state electricity commissions are obliged to purchase certain percentage of power from renewable energy sources.
- Also, floor prices of the RPO have been set to provide certainty to companies. The floor price has been set at US\$ 144 per MW.

Developing solar parks and ultra mega solar power projects

The Solar Energy Corporation of India (SECI) implemented large-scale central auctions for solar parks and has awarded contracts for 47 parks with over 25 GW of combined capacity.

Clean Energy Innovation

- In November 2022, India and Sweden entered into a India-Sweden Green Transition Partnership to support the exchange of knowledge in the energy space.
- In June 2021, India launched the Mission Innovation CleanTech Exchange, a global initiative that will create a whole network of incubators across member countries to accelerate clean energy innovation.

Government Schemes

- In November 2021, the government announced future plans to increase the funding under the PLI scheme for domestic solar cells and module manufacturing to Rs. 24,000 crore (US\$ 3.17 billion) from the existing Rs. 4,500 crore (US\$ 594.68 million) to make India an exporting nation.
- In June 2021, the Ministry of Power proposed to revamp the 'Renewable Energy Certificate (REC) Mechanism' and circulated a discussion paper for comments from stakeholders in the power sector.

ADVANTAGE INDIA

- **Robust demand:** India has the largest population in the world in the age bracket of 5-24 years with ~580 million, presenting a huge opportunity in the education sector. Applications for the 'Study in India' programme increased by 146% in 2021.
- **Competitive advantage:** Large English-speaking population allows easy delivery of educational products. Nine Indian Institutes - the Indian Institute of Science (IISc) in Bengaluru and eight Indian Institutes of Technology (IITs) - were among the top 500 universities in the QS World University Rankings 2023.
- **Policy support:** 100% FDI (automatic route) is allowed in the education sector in India. The Government of India has taken initiatives like National Accreditation Regulatory Authority Bill for Higher Educational and the Foreign Educational Institutions Bill.
- **Increasing Investments:** The education market in India is expected to be worth US\$ 225 billion by FY25. From April 2000-June 2022, foreign direct investment (FDI) equity inflows stood at US\$ 7.92 billion in the Indian Education Sector.

ADVANTAGE INDIA

- **Growing demand:** In FY22, the top three Indian IT companies, TCS, Wipro and Infosys, are expected to offer 1.05 lakh job opportunities, due to the increasing demand for talent and skill. India's IT and business services market is projected to reach US\$ 19.93 billion by 2025.
- **Global Footprint:** Indian IT firms have delivery centres all across the world and are well diversified across verticals such as BFSI, telecom and retail.
- **Policy Support:** In the Union Budget 2022-23, the allocation for IT and telecom sector stood at Rs. 88,367.57 crore (US\$ 11.38 billion).
- **Competitive Advantage:** In FY21, India ranked third worldwide with 608,000 cloud experts across all verticals, including technology. The computer software and hardware sector in India attracted cumulative foreign direct investment (FDI) inflows worth US\$ 88.94 billion between April 2000-June 2022.

BUSINESS OVERVIEW

The following information is qualified in its entirety by, and should be read together with, the more detailed financial and other information included in the Prospectus, including the information contained in the section titled “Risk Factors” on Page no. 25 of this Draft Red Herring Prospectus. In this chapter, unless the context requires otherwise, any reference to the terms “We”, “Us”, “APS”, “APSL” and “Our” refers to Our Company. Unless stated otherwise, the financial data in this section is as per our Restated financial statements prepared in accordance with Accounting Standard set forth in the Draft Red Herring Prospectus.

Our Company was originally incorporated as “Australian Solar Panel (India) Private Limited” as a private limited company under the provisions of the Companies Act, 1956 vide Certificate of Incorporation dated May 23, 2013 issued by Registrar of Companies, Gujarat, Dadra and Nagar Haveli. Subsequently, the name of our company was changed from “Australian Solar Panel (India) Private Limited” to “Australian Premium Solar (India) Private Limited”, pursuant to a special resolution passed by our Shareholders in the Extra-Ordinary General Meeting held on November 27, 2013, vide Certificate of Incorporation dated November 28, 2013, issued by the Registrar of Companies, Gujarat, Dadra and Nagar Haveli. Further, our Company was converted from a private limited company to public limited company pursuant to special resolution passed in the Extra-Ordinary General Meeting of the company dated July 24, 2023 and consequently, the name of our Company was changed from “Australian Solar Panel (India) Private Limited” to “Australian Premium Solar (India) Limited” and a fresh certificate of incorporation dated August 03, 2023 was issued to our Company by the Registrar of Companies, Ahmedabad. The Corporate Identification Number of our Company is U40300GJ2013PLC075244.

Australian Premium Solar (India) Limited is one of the recognised brands in the solar industry, which is in the business of manufacturing of Monocrystalline and Polycrystalline Solar Panels and Engineering, procurement, and construction (“EPC”) services thereof. The Company has modern manufacturing facility at Tajpur, Sabarkantha, Gujarat that helps in delivering quality and latest technology products in the industry. The products manufactured by the Company are used in residential, agricultural and commercial installations.

Our Promoters, Mr. Chimanbhai Ranchhodbhai Patel and Mrs. Savitaben Chimanlal Patel are associated with our company since incorporation. While one of our current promoters Mr. Nikunj Chimanlal Patel acquired the shares from then existing shareholders in year 2017. Back in 2012, our promoters recognized the potential of solar energy market in India and incorporated this company in order to perceive the untapped potential of harnessing this boundless renewable resource. As solar technology gradually gained momentum and recognition, the foresight of our promoter began to manifest in a tangible and impactful manner. Our promoter has combined experience of more than twenty five years in solar industry. With their enriching experience and progressive thinking, we aim to continue to grow in this industry.

Our company is primarily engaged in the manufacturing of Solar Panels and EPC Services of solar systems. The industry term for solar panel is PV Module (Photovoltaic Module) which refers to setup for generating electricity from sunlight, using semiconductor materials in devices called photovoltaic cells or solar cells. Currently in the solar panel segment, we manufacture both monocrystalline and polycrystalline solar panels at our manufacturing facility spread across in 25,375 square meters, located at Sabarkantha, Gujarat having capacity of 200 MW per annum.

We manufacture two types of solar panels: (i) Monocrystalline Solar Panel; and (ii) Polycrystalline Solar Panel. The difference between both lies in their integral raw material i.e., solar cell. Solar cell is typically made of semiconductor materials such as silicon wafers and it is an integral part of any solar powered device. In Monocrystalline Panels, solar cells are typically more efficient and have a darker, uniform appearance due to their single-crystal structure allowing for bus bars (Copper coated thin strip) to be placed more strategically without significant visual impact. On the other hand, Polycrystalline solar cells have a blue or speckled appearance due to their multiple crystal structures, bus bars may need to be positioned to accommodate the less uniform appearance of these cells.

We also provide installation services for solar panels and solar pumps. We undertake installation services under this segment for household and industrial end users, while also provide solar pump installation services for agricultural end users which enable us to supply our manufactured solar panels along with solar pumps. Till August 31, 2023, we have served more than 10,000 unique customers towards installation of solar modules out of which more than 9500 has been roof top installation for residential use and more than 1300 solar pumps installation for agricultural use.

We are certified with ISO 9001: 2015 by M/s. OSS Certification Services Private Limited for Quality Management System demonstrating we are an organization which delivers quality products and services to its end users, having direct relationship with reputation, customer satisfaction and long-term success.

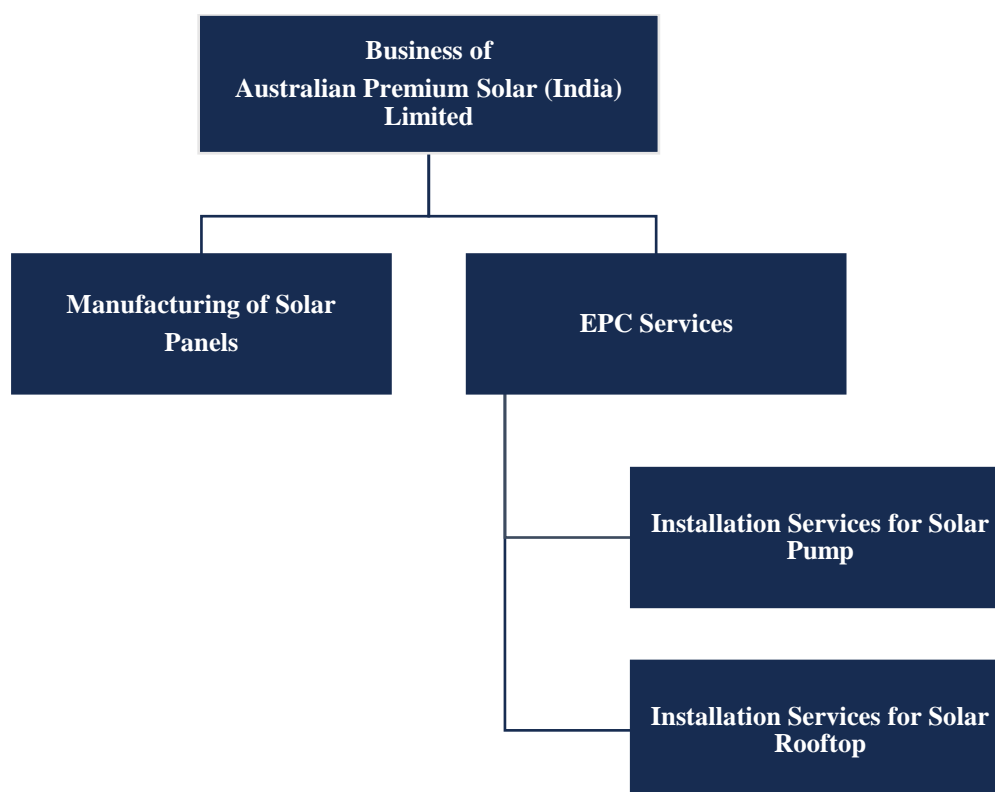

Our Core business can be divided in following categories:

- a) Manufacturing of solar panels
- b) EPC Services:
 1. Installation Services for Solar Rooftop

2. Installation of Solar Pump

OUR BUSINESS MODEL

We derive our revenue from 2 major business verticals:

1. Manufacturing of Solar Panels

Under this vertical, we procure solar cells and other raw materials from domestic or international market, depending upon the end use requirement, and process them at our manufacturing facility to make solar modules. This is the core business of the Company, and the majority of our revenue is derived from this segment only. Once manufactured, we sell the solar modules to various customers for residential, commercial and agricultural purposes, as per their requirements.

2. EPC Services-

Our Company, beyond manufacturing, provides comprehensive installation services that bring the benefits of solar energy directly to our customers. Our team handles every aspect of the installation process starting from design and planning related concerns to delivery and installation of solar module to residential and commercial users. We tailor each installation to the unique needs and specifications of our clients. Under this segment, we provide installation services for rooftop solar and solar pump:

- (i) **Installation Services for rooftop solar:** We provide installation services for Rooftop solar for residential and commercial usage. Our team provide on-grid rooftop installation services to the customers as per the locational requirement in order to maximize the harvesting of energy.
- (ii) **Installation Services for solar pump:** Under this segment, we provide installation services for solar pump across country. Solar pump consists of submersible pump and Solar modules along with other necessary spare parts. We procure the solar pumps from various manufacturers and install the same along with self-manufactured solar modules, as per client requirements.

OUR PRODUCT PORTFOLIO

Our product portfolio can be classified as follows:

A. Solar Panels

A solar panel is a device that converts sunlight into electricity by using photovoltaic (PV) cells. PV cells are made of materials that generate electrons when exposed to light. The electrons flow through a circuit and produce direct current (DC) electricity, which can be used to power various devices.

B. Solar Grid Inverters

The on-grid solar inverter is an imminent part of the on-grid solar system. It performs the crucial task of converting the Direct Current (DC) to Alternating Current (AC). Moreover, these solar inverters regulate the current flow.

We manufacture Solar Panels at our manufacturing facility located at Sabarkantha, Gujarat, India. Solar Panels can be classified into two categories. Monocrystalline (mono) and polycrystalline (poly) solar panels are two common types of solar panels based on the type of silicon used in their manufacturing. While both serves the same purposes of converting sunlight into electricity, there is some difference between them in terms of efficiency, appearance and cost. Apart from solar panel we also provide inverter, being part of our product portfolio.

Monocrystalline Solar Panel:

Mono solar panels are made from single crystal structure, which garners higher efficiency and better performance in converting sunlight into electricity. It generally consists of 10 bus bars, which can range up to 16 bus bars, as compared to 5 bus bars in poly solar panel. Mono solar panels have comparatively higher efficiency rates, meaning they can

generate more electricity in a given area in comparison to poly solar panels. However, mono solar panels are often more expensive due to their production process, but due to their higher efficiency it can help offset the initial higher cost over time through increased energy generation. These panels usually have a black or dark blue colour and a uniform appearance due to their single-crystal structure. Brief technicalities of the mono solar panels manufactured by us are mentioned below:

	Variants
	Mono 535w144C (Max Power: 535W with 144 Halfcut Solar Cells)
	Mono 540w144C (Max Power: 540W with 144 Halfcut Solar Cells)
	Mono Bifacial 520W to 545W (Max Power: 520-545 Watts with 144C Halfcut Solar Cells)

Polycrystalline Solar Panel

Poly solar panels are made from multiple crystal structure, which can result in lower efficiency compared to monocrystalline panels. It consists of 5 bus bars. The process of manufacturing polycrystalline solar panels is generally simpler and less energy-intensive than producing monocrystalline panels, contributing to their lower cost. Polycrystalline solar cells have a characteristic blue or speckled appearance, resulting from the multiple crystal structures present within the silicon material. Brief technicalities of the poly solar panel manufactured by us are mentioned below:

	Variants
	APS 330w72C (Max Power: 330W with 72 Solar Cells)
	APS 335w72C (Max Power: 335W with 72 Solar Cells)
	APS 340w72C (Max Power: 340W with 72 Solar Cells)

Solar Grid Inverter

Solar Grid Inverter is a crucial component of a photovoltaic (PV) solar power system. Its primary function is to convert the direct current (DC) electricity generated by solar panels into alternating current (AC) electricity that can be used to power household appliances, businesses, and be fed back into the electrical grid. Solar panels generate DC electricity when exposed to sunlight. The solar grid inverter converts the DC electricity from the solar panels into AC electricity. We get our inverters manufactured from, third parties on white labeling basis, for our brands. The same is used along with the solar panels for installation of roof top solar. Brief technicalities of the solar grid inverter purchased by us are mentioned below:

	Variants
	Single Phase APS GTI 1.0 (1 KW To 6 KW)
	Three Phase APS GTI 1.0 (5.5 KW To 10 KW)
	Three Phase APS GTI 1.0 (12 KW To 25 KW)
	Three Phase APS GTI 1.0 (30 KW To 45 KW)
	Three Phase APS GTI 1.0 (50 KW To 110 KW)

OUR COMPETITIVE STRENGTH

1. Experienced Promoters and Management Team:

Our management team is experienced in the industry in which we are operating and has been responsible for the growth of our operations and financial performance. Our Promoters lead the company with their vision. They have an adequate experience in the line of the business undertaken by the Company and look after the strategic as well as day to day business operations. The strength and entrepreneurial vision of our Promoters and management have been instrumental in driving our growth and implementing our strategies. We believe that a motivated and experienced employee base is essential for maintaining a competitive advantage. Our motivated team of management and key managerial personnel complement each other to enable us to deliver high levels of client satisfaction.

2. Long term Relationship with the Clients

Our company focuses on providing the customers with the desired and standard quality of work. By providing the desired quality and standards of work we aim to achieve highest level of customer satisfaction. Because of our good reputation with the clients, we get positive support from the clients.

3. Scalable Business Model

Our business model is customer centric, and order driven, and requires optimum utilisation of our existing resources, assuring quality supply and achieving consequent economies of scale. The business scale generation is basically due to development of new markets and products both domestic and international by exploring customer needs, marketing expertise and by maintaining the consistent quality output. We believe that our business model is scalable.

BUSINESS STRATEGY

1. Expanding EPC vertical

Currently we are engaged into two verticals i.e., Manufacturing of Solar modules and EPC Services of rooftop solar and solar pumps. We derive ₹ 6,403.04 Lakhs from manufacturing of solar modules amounting to 67.71% of total revenue. Though we derive majority of our revenue from manufacturing vertical, we are planning to expand aggressively into EPC services of solar systems and solar pump vertical, as it has higher margins.

2. Improve Domestic Presence

We intend to increase our domestic footprints with introduction of new product range and expansion of our EPC vertical. Further we intend to enter new geographies in India with our solar pumps vertical.

3. Leveraging our market skills and relationship

The business of our Company is customer oriented and always strives to maintain good relationship with the distributors. Leveraging our market skills and relationships is a continuous process in our organization and the skills that we impart in our people give importance to customers. We aim to do this by leveraging our marketing skills and relationships and further enhancing customer satisfaction. Our Company provides effective follow-ups with customers which ensure that the customers are satisfied with the product and do not have any complaints.

4. Optimal Utilization of Resources

Our Company constantly endeavours to improve our process, skill up-gradation of our employees, modernization of infrastructure and methods of processing. We regularly analyse our existing process and to identify the areas of bottlenecks and improve the same. This helps us in improving our services so as to reap the optimum satisfaction of our clients.

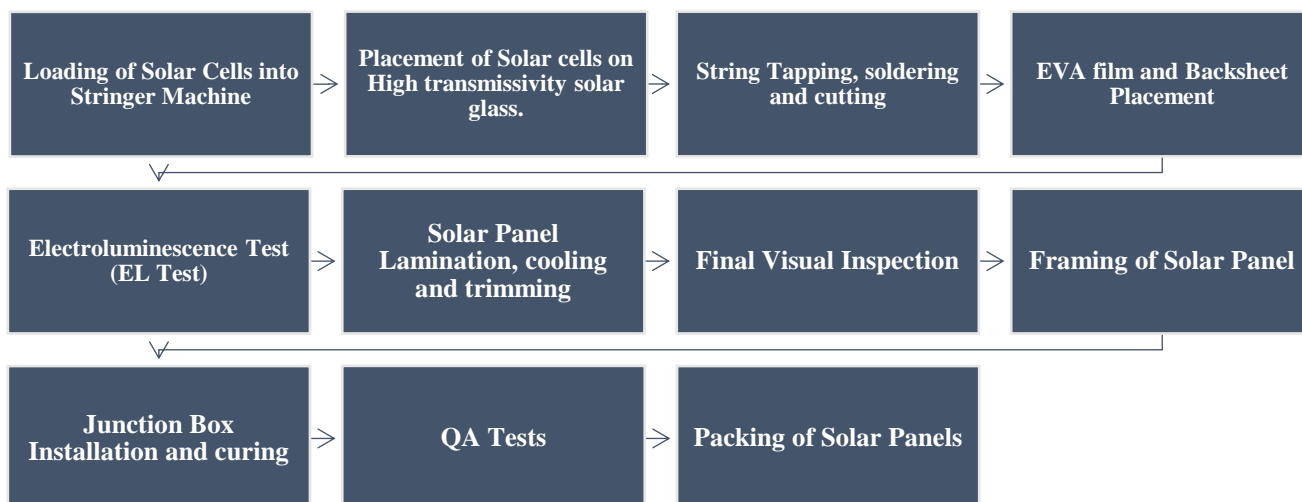

5. Customer Satisfaction

The business of our Company is customer oriented and always strives to maintain good relationship with the customers. Our Company's marketing team approaches existing customers for their feedback and based on their feedback any changes in the products if required are carried out. Our Company provides quality products and effective follow-ups with customers who ensure that the customers are satisfied with the product and do not have any complaints.

BUSINESS PROCESS

A. Manufacturing of Solar Panels

The structure of any solar panel begins with a High transmittivity solar glass, followed by a layer of EVA film. Next in line is the solar cell layer, topped by another layer of EVA film and backsheet for protection. All of these layers are connected by copper ribbons and further connected to junction box. Entire layered assembly is then laminated to create a fully operational solar panel which is then fitted on an aluminum frame. Solar panel can consist of either Halfcut cells or traditional fully cut cells, depending upon the requirement of customer. Brief details of the manufacturing process can be understood by following:

- ***Loading of Solar Cells into Stringer Machine***

The process begins with putting solar cells in the load basket, which is then placed in the solar cell stringer machine.

Our manufacturing facility consists of 2 (Two) of such machines, one facilitates 5 bus bars for poly solar panels while the other facilitates upto 16 bus bars for mono solar panels. The stringer machine is used to solder solar cells together with the use of bus bars into forming strings. This category of assembly equipment is one of the most sensitive machine as it performs the soldering of copper ribbon connections which enables the photovoltaic module to transmit electricity.

After soldering, an automatic arm of the machine pulls 12 (Twelve) pieces of Solar cells for visual inspection. designated person reviews the solar cells and bus bars attached to it and if no discrepancies are to be found it will be placed onto another conveyor belt for the next part of the process.

- ***Placement of Solar Cells on high transmittivity solar glass.***

While solar stringer machine places copper ribbons on the solar cells, high transmissivity solar glass are put in the loader after thorough cleaning, precisely cut EVA (Ethylene Vinyl Acetate) films are places on the solar panels into required size. These EVA films act as a protective barrier having light transmittance properties, shielding the sensitive solar cell components from environmental factors and plays a key component in lamination process.

After which, the strings of solar cells created by the stringer machine are automatically positioned on the glass by a robotic system. The machine that performs this operation is called Layup, which can perform an aligned positioning of the strings as well as performing a quality check on the cells.

- ***String tapping, soldering and cutting***

After placement of solar cell strings on the glass, the solar panel will move forward towards the next stage for tapping, soldering and cutting. The solar cell strings are now tapped using adhesive tape, so that they remain intact in the next phase. The excess strings from the solar cells will be removed and final soldering is done in the solar panel. Along with String tapping, soldering and cutting, RFID (Radio Frequency Identification) tag and Brand Logo is affixed to the solar panel on its rear side.

- ***EVA film and Backsheet Placement***

After string tapping, soldering and cutting, another layer of EVA film and Backsheet is placed on solar panel as a protection layer.

- ***Electroluminescence Test (EL Test)***

An electroluminescence (EL) test is a diagnostic technique used to assess the quality of solar panels. It involves the examination of the module's internal structure and photovoltaic cells using a specific type of imaging. As any minor cracks or discrepancies in the structure of solar panel can affect the ultimate output, such test is necessary before final assembly of solar panel.

- ***Solar Panel Lamination and trimming***

After necessary testing, the whole solar panel goes through the laminator which laminates all the five layers into one single solar panel. After lamination of the panel, excess Backsheet and EVA film is trimmed down to give proper alignment to the panel.

- **Final Visual Inspection**

The solar panel after lamination will now head toward final visual and electroluminescence inspection to ensure no material defect or discrepancy.

- **Framing of Solar Panel**

After final examination of solar panel, aluminum frames are attached to it by using of machine using sealant.

- **Junction Box Installation and curing**

A junction box is attached on the rear side of the solar panel. It provides a centralized point for solar cells, allowing the generated electricity to flow efficiently from the solar cells to the external storage device. The entire assembly is then placed for curing for upto 4 hours.

- **Quality Assurance Tests**

At the end of process, the efficiency of solar panel is inspected by throwing artificial sunlight on it. Thorough examination of the solar panel generates detailed examination report showing cell wise efficiency, module wise efficiency, maximum power point along with date and time of testing. Further each panel is then passed through a machine for high pot test which checks high and low voltages in the panel to ascertain the accuracy with industry standard. An overall EL Test is carried out to nullify the possibility of any defects in the final product.

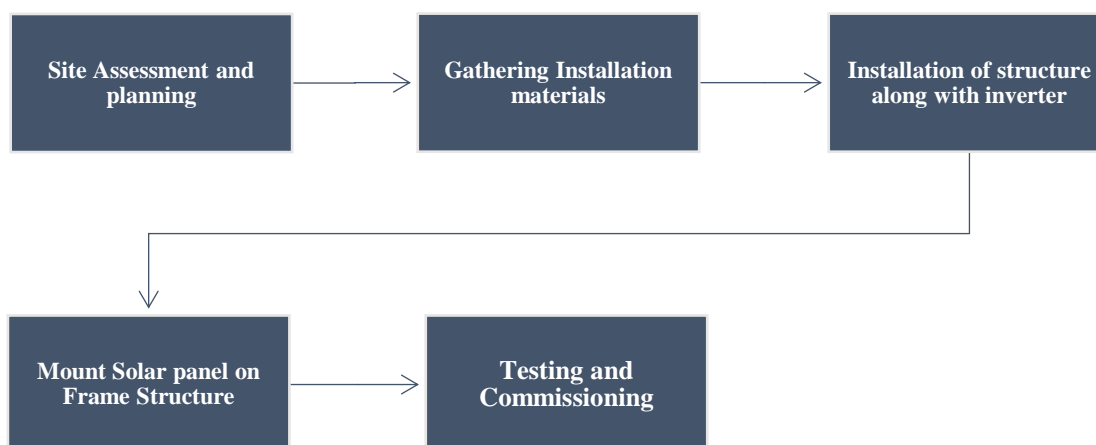

- **Packing of Solar Panels**

The Solar panel along with junction box and examination report is wrapped in plastic and packaged in cardboard boxes ready to be transported to the customers.

B. EPC Services:

1. Installation services for solar rooftop:

We provide only on grid installation services to our customers under this segment. On-grid system is connected to the utility electrical grid. When the solar panels produce more electricity than required, the excess power is sent to the grid, and the owner often receives compensation through net metering. Net metering allows the user to offset their utility bills by receiving credit for the excess energy they contribute to the grid. We use various components for our installation services primary being Solar panels, structure that supports the solar panels (framing) and Solar Inverter. We provide customers with solar inverters under our own brand in order to provide solar solutions under one roof top. Brief process of installation is mentioned below:

- **Site Assessment and planning:**

The first and foremost step is to conduct site assessment of place of installation to decide number, size and type of solar panel, maximum voltage needed, area to be covered etc. Roof's structural integrity to be checked to make sure that it can support the weight of whole structure along with solar panels. After determining the place, we calculate the

energy needs of the property and design solar system size accordingly. Such formalities are crucial as it will affect the ultimate performance and health of solar panels installed.

- **Gathering Installation Materials:**

We provide solar panels and inverters under own brand while other materials such as framing material, specified electrical wires & equipment, earthing equipment and other spares and stores are procured, locally and gathered at the installation site.

- **Installation of structure along with inverter:**

Once all the materials are gathered, the next phase is to install the racking or mounting system onto the roof, ensuring it is properly anchored and aligned which is then followed by attaching frames to the mounting system to support the solar panels. Frames are set up at an angle for maximum sunlight exposure. Once the framing structure is ready, the inverter is installed at proper place along with ACDB (Alternate Current Distribution Board) and DCDB (Direct Current Distribution Board).

- **Mount Solar panel on Framed Structure:**

Once all the infrastructure is set, the solar panels are affixed to the framing system using nut-bolts. The junction box attached at the rear side of the panel is now connected to all the wirings which is further connected to the ACDB. All the power generated from solar panel will be transmitted to ACDB which will flow it in inverter. Inverter will convert the DC power into AC form and transmit it to the DCDB which directly attached to the electrical panel of the property. Proper earthing is ensured at this stage to prevent any unnecessary electrical hazards.

- **Testing and Commissioning**

After installation, our company thoroughly tests the entire solar system to ensure proper functionality and electrical connections to verify that the solar panels are generating electricity as expected.

2. **Installation services for solar pump:**

In recent years, Solar pumps industry is rapidly growing. We provide installation services under this vertical by procuring solar pump and other necessary components, while the solar panels used in the installation is manufactured and supplied by us. Solar pumps are versatile and can be used for various purposes, including irrigation, livestock watering, drinking water supply, and more.

- **Site Assessment and planning**

First step in the process of installing solar pump is to choose a location for the solar pump that receives ample sunlight throughout the day to ensure the water source (well, borehole, pond, etc.) is suitable for the pump's capacity and depth requirements.

- **Gathering Installation materials**

We provide self-manufactured solar panels while other materials such as Submersible solar pump system, motor, controller, Mounting structure, wiring, concrete and other materials are procured locally.

- **Installation of structure along with solar pump**

After assessment, planning and procurement, we install solar panels on a steady mounting structure facing the sunlight in order to ensure maximum efficiency. It is followed by digging a hole to place the pump and ensuring proper waterproofing and secure installation near the water source.

Now the solar pump will be connected to the water source and the delivery point, followed by wiring of solar panel with controller and solar pump ensuring proper earthing and safety measures to avoid any electrical hazards.

- **Testing and commissioning**

After the installation a final check is arranged on all connections to ensure there are no loose wires or faulty connections. On-site professional will test the pump system by energizing it using solar power to monitor pump operation, water flow, and system performance.

SWOT ANALYSIS

COLLABORATIONS, ANY PERFORMANCE GUARANTEE OR ASSISTANCE IN MARKETING BY THE COLLABORATORS

Our Company has not entered into any collaboration, or performance guarantee or assistance for marketing with any Company.

MARKETING & DISTRIBUTION

The efficiency of the marketing and sales network is critical to the success of our Company. Our success lies in the strength of our relationship with distributors and channel partners that are associated with our Company. Our team through their experience and good rapport with our clients owing to timely and quality delivery of products plays an instrumental role in creating and expanding a work platform for our Company.

We adopt product-wise, client-wise, location-wise and geography-wise approach for selling and marketing our products. Our marketing team consists of 42 employees, which works to maintaining the existing clients and acquiring new clients for our products.

END USERS

In domestic market, our customers have vast end users ranging from household user, industrial users to agricultural users. In export market, we sale our products to international distributors who in turn sale the products to end users.

PLANT AND MACHINERIES

The details of plant & machineries owned by the company as on July 31, 2023 is mentioned below:

COMPETITION

We compete with organized players in the industry with better financial position, market share, product ranges, human and other resources. Branding and marketing are the key factors in the industry where larger players are in a better position to market their products.

We have continued competing vigorously to capture more market share and manage our growth in an optimal way. To that effect, we have been launching newer products across different grades and quality in the market to cater and penetrate in newer society segment and geographical region.

RAW MATERIAL

We source the material from various vendors. Packing materials are sourced from established vendors. We carefully assess the reliability of all materials purchased to ensure regulatory and legal requirements are complied with, and compliance with the rigorous quality and safety standards required for our products. List of raw material is mentioned below:

Name	Usage	Source of Raw Material
Solar Cell	Core ingredient for manufacturing of solar panel	Domestic or International Supplier, depending upon client requirements
High transmittivity solar glass	Serves as protective layer to solar panel	
Copper Wire	Use in soldering process on solar cells	Domestic Supplier
EVA Film	Provide protection and increase efficiency of solar cells	
Backsheet	Serves as protective layer to solar panel	
Junction Box	Act as centralized point allowing generated electricity to flow efficiently	
Flux	Used in attaching solar panel to its framing material	
Silicon Sealant		
Cell Fixing Tape	Used in the String tapping	

UTILITIES AND WATER

POWER

Our business has heavy electricity consumption, to cater to manufacturing facility and registered offices / showrooms. We have sufficient sanctioned consumption limits from UGVCL to operate our manufacturing facility, registered office and storage facility.

WATER

Water is required only for drinking and sanitary purpose and adequate water resources are available at the existing premises.

HUMAN RESOURCES

Human resource is an asset to any industry. We believe that our employees are the key to the success of our business. Our manpower is a prudent mix of experienced and young personnel which gives us the dual advantage of stability and growth.

As on July 31, 2023, we have the total 169 Employees. Department wise bifurcation is provided below:

Sr. No.	Category of Employees	No. of Employees
1.	Production and Supply	84
2.	Sales and Marketing	42

KEY INDUSTRY REGULATIONS

The following description is a summary of the relevant regulations and policies as prescribed by the GoI and other regulatory bodies that are applicable to our business. The information detailed below has been obtained from various legislations, including rules and regulations promulgated by regulatory bodies, and the bye laws of the respective local authorities that are available in the public domain. The regulations set out below may not be exhaustive and are merely intended to provide general information to the shareholders and neither designed, nor intended to substitute for professional legal advice. For details of government approvals obtained by us, see the section titled "Government and Other Approvals" on page 176 of this Draft Red Herring Prospectus.

THE COMPANIES ACT

The consolidation and amendment in the law relating to the Companies Act, 1956 made way to the enactment of the Companies Act, 2013 and rules made thereunder.

The Companies Act primarily regulates the formation, financing, functioning and restructuring of Companies as separate legal entities. The Act provides regulatory and compliance mechanism regarding all relevant aspects including organizational, financial and managerial aspects of companies. The provisions of the Act state the eligibility, procedure and execution for various functions of the company, the relation and action of the management and that of the shareholders. The law laid down transparency, corporate governance and protection of shareholders & creditors. The Companies Act plays the balancing role between these two competing factors, namely, management autonomy and investor protection.

SEBI REGULATIONS

Securities and Exchange Board of India is the regulatory body for securities market transactions including regulation of listing and delisting of securities. It forms various rules and regulations for the regulation of listed entities, transactions of securities, exchange platforms, securities market and intermediaries thereto. Apart from other rules and regulations, listed entities are mainly regulated by SEBI Act, 1992, Securities Contract Regulation Act, 1956, Securities Contracts (Regulation) Rules, 1957, SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018 and SEBI (Listing Obligations and Disclosure Requirement) Regulations, 2015, SEBI (Substantial Acquisition of Shares and Takeover) Regulations, 2011 and SEBI (Prohibition of Insider Trading) Regulations, 2015.

TAX RELATED REGULATIONS

Income Tax Act, 1961

Income Tax Act, 1961 is applicable to every Domestic / Foreign Company whose income is taxable under the provisions of this Act or Rules made under depending upon its "Residential Status" and "Type of Income" involved. U/s 139(1) every Company is required to file its Income tax return for every Previous Year by 30th September of the Assessment Year. Other compliances like those relating to Tax Deduction at Source, Advance Tax, Minimum Alternative Tax and like are also required to be complied by every Company.

Goods and Service Tax Act, 2017

The Central Goods and Services Tax Act, 2017 is an Act to make a provision for levy and collection of tax on intra-State supply of goods or services or both by the Central Government and for matters connected therewith or incidental thereto. In line with CGST Act, each state Government has enacted State Goods and Service Tax Act for respective states. Goods and Services Tax (GST) is a comprehensive indirect tax on manufacture, sale and consumption of goods and services throughout India to replace taxes levied by the Central and State Governments. This method allows GST-registered businesses to claim tax credit to the value of GST they paid on purchase of goods or services or both as part of their normal commercial activity. The mechanism provides for two level taxation of interstate and intra state transactions. When the supply of goods or services happens within a state called as intra-state transactions, then both the CGST and SGST will be collected. Whereas if the supply of goods or services happens between the states called as inter-state transactions and IGST will be collected. Exports are considered as zero-rated supply and imports are levied the same taxes as domestic goods and services adhering to the destination principle in addition to the Customs Duty which has not been subsumed in the GST.

Customs Act, 1962

The provisions of the Customs Act, 1962 and rules made there under are applicable at the time of import of goods i.e. bringing into India from a place outside India or at the time of export of goods i.e. taken out of India to a place outside India. Any Company requiring to import or export any goods is first required to get it registered and obtain an IEC (Importer Exporter Code). Imported goods in India attract basic customs duty, additional customs duty and education cess. The rates of basic customs duty are specified under the Customs Tariff Act 1975. Customs duty is calculated on the transaction value of the goods. Customs duties are administered by Central Board of Excise and Customs under the Ministry of Finance.

State Tax on Profession, Trades, Callings and Employment Rules, 1975

The professional tax slabs in India are applicable to those citizens of India who are either involved in any profession or trade. The State Government of each State is empowered with the responsibility of structuring as well as formulating the respective professional tax criteria and is also required to collect funds through professional tax. The professional taxes are charged on the incomes of individuals, profits of business or gains in vocations. The professional tax is charged as per the List II of the Constitution. The professional tax is classified under various tax slabs in India. The tax payable under the State Acts by any person earning a salary or wage shall be deducted by his employer from the salary or wages payable to such person before such salary or wages is paid to him, and such employer shall, irrespective of whether such deduction has been made or not when the salary and wage is paid to such persons, be liable to pay tax on behalf of such person and employer has to obtain the registration from the assessing authority in the prescribed manner.

BUSINESS / TRADE RELATED LAWS / REGULATIONS

The Bureau of Indian Standards Act, 2016 (“BIS Act”)

The BIS Act, and Rules made thereunder and amendments thereto, establishes, publishes and regulates national standards to ensure conformity assessment, standardization, and quality assurance of goods, articles, processes, systems and services. The BIS Act empowers the Bureau of Indian Standards to inspect and monitor the quality of goods and materials to ensure conformity with the BIS Act. In furtherance of such powers, the officials may inspect the premises for evaluating a manufacturer’s compliance with use of standard marks. The BIS Act also enables the central government to appoint any authority to verify the conformity of products and services to a standard and issue certificate of conformity. Further, the BIS Act sets out inter alia, liability for use of standard mark on products that do not conform to the relevant Indian Standard. Under the BIS Act, such products may be recalled from the market.

The BIS has from time to time notified various Standards on Renewable Energy and the same are applicable on our company in respect of and in accordance with the products manufactured by our Company.

Further in order to ensure that the quality management system of all labs are in line with the requirements of the International Standards of ISO/IEC 17025, the Government has also notified Lab policy for Testing, Standardization and Certification for Renewable Energy Sector.

The Batteries (Management and Handling) Rules, 2001 (“Batteries Rules”)

The Batteries Rules, apply to every manufacturer, importer, assembler, dealer, recycler, auctioneer, consumer and bulk consumer involved in manufacture, processing, sale, purchase and use of batteries or components. If an entity manufactures products that use lead acid batteries as a component, it will be governed by the Batteries Rules and will have to comply with the necessary safety arrangements as mentioned thereunder.

Electricity Act, 2003

This Act was formulated in the year 2003 to regulate the electricity sector. It provides the framework for the development of the electricity sector. The Act also mentions the preferential tariffs and quotas for opting for renewable energy. The Act deals in the legislation regarding incorporation, generation, transmission, distribution, and also the tariffs in the sale. The distribution of licenses for grid connectivity has also been incorporated. The issue of the license is the mandatory procurement for using renewable energy at a large scale. The Act also mentions the commissions at the central and state level such as electricity regulatory commissions with the appeal provision provided to an Appellate Tribunal for Electricity (APTEL) which has been created under the Electricity Act. However, if the issue is not solved, then one can directly approach the Supreme Court of India. The Act also applies to solar sector-related disputes.

The Indian Electricity Rules, 1956

These rules lays down the method of transforming and transmission of electricity, types and categories of electrical, conductors, wires and cables to be used for the transformation and transmission of electricity, licensing process, usage of meter, voltage flows in specific areas, eligibility and method of appointing officers for the electricity board of respective states, defaults and mode of appeals and other process related to transforming and transmission of electricity and like.

National Electricity Policy, 2005

This policy was formed in the year 2005 in compliance with Section 3 of the Electricity Act 2003. It allows preferential tariffs for power produced from renewable energy sources. It has completed its past objective of producing enough electricity to ensure access to increase the minimum per capita availability to 1,000 kWh per year by 2012.

An adequate amount of electricity is a need in today’s life. The National Electricity Plan formulated under Section 3(4) of the Act requires the Central Electricity Authority (CEA) to frame a National Electricity Plan once every five years and revise them from time to time following the system of National Electricity Policy. Section 73(a) authorizes short-term, prospective plans for the development of an electricity system and coordinates the activities of various planning agencies for the optimum utilization of resources.

National Renewable Energy Act, 2015

This Act was formulated in 2015 with the purpose to promote the sources of renewable energy. The objective of this Act is to encourage the use of renewable energy, mitigate the dependency on fossil fuel, ensure energy security, and reduce local and global pollutants. It aimed at promoting the initiatives against climate change, creating an eco-friendly environment and pollution-free sources of energy. The use of renewable energy will reduce the emissions of CO₂, greenhouse gases, and other toxic pollutants. The Act also contributes to ensuring the fulfillment of national and international objectives of increasing the share of renewable energy sources.

Tariff Policy, 2006

This policy is the mechanism of the Renewable Purchase Obligation (RPO) that is to fix a minimum percentage of the purchase of energy consumption by the states from renewable energy sources. It also provides a special tariff for the solar energy sector. The policy was formed in 2006 by the Ministry of Power in continuation of the National Electricity Policy, 2005. The percentages for energy purchases that were made applicable for tariffs were to be determined by the State Electricity Regulatory Commission (SERC) from April 2006.

Integrated Energy Policy, 2006

This policy is an advisory by particular focusing on renewable energy development and setting targets for the addition and advancement of capacity. The policy covers wide aspects of energy such as security, access, affordability, availability, pricing, efficiency, and environment. The major aim of the energy policy has been to provide energy that can be sustainable, efficient, cost-effective, and safe. The policy has been formulated under Section 63 of the Electricity Act for the long-term procurement of electricity from grid-connected solar PV power projects.

Pradhan Mantri Kisan Urja Suraksha evam Utthan Mahabhiyaan (PM KUSUM)

The Scheme consists of three components:

- Component A: 10,000 MW of solar capacity through installation of small Solar Power Plants of individual plants of capacity upto 2 MW.
- Component B: Installation of 20 lakh standalone Solar Powered Agriculture Pumps.
- Component C: Solarisation of 15 Lakh Grid-connected Agriculture Pumps.

The scheme provides for financial assistance for each category based on the products installed, capacity utilization and state policy and is effective till December 31, 2026.

National Electricity Plan, 2023

The Central Electricity Authority (CEA) has notified the National Electricity Plan (NEP) (Vol-I Generation) for the period of 2022-32. According to the NEP document, the projected All India peak electricity demand and electrical energy requirement is 277.2 GW and 1907.8 BU for the year 2026-27 and 366.4 GW and 2473.8 BU for the year 2031-32 as per 20th Electric Power Survey (EPS) Demand projections. The Energy Requirement & Peak Demand are inclusive of the impact due to increased adoption of Electric Vehicles, Installation of Solar roof tops, Production of Green hydrogen, Saubhagya scheme etc. The National Electricity Plan, 2023 provides for steps to be taken to mitigate the energy requirements including targeted clean energy resources.

Tariff Policy, 2006

It is the mechanism of the Renewable Purchase Obligation (RPO) to fix a minimum percentage of the purchase of energy consumption by the states from renewable energy sources. It also provides a special tariff for solar energy among other renewable energies.

Integrated Energy Policy, 2006

This integrated policy recommended a particular focus on renewable energy development and set specific targets for capacity addition.

National Action Plan on Climate Change (NAPCC), 2008

The Government of India initiated mission mode action plans for sustainable growth under NAPCC to address climate change. Its first mission was to intensify solar energy development. It not only set the RPO at 5% of the total grid's purchase but also a decade long 1% year-on-year RPO growth.

Generation Based Incentives (GBIs) for Solar

The introduction of GBI was for small grid solar projects below 33 kW. GBIs are for bridging the gap between a base tariff of INR 5.5 and the tariff put in place by the Central Electricity Regulatory Commission (CERC) as a fiscal incentive.

Renewable Energy Certificates (RECs), 2011

RECs is a market-based mechanism. It was introduced to enhance renewable energy capacity. It levels the inter-state divergences of renewable energy generation and the requirement of the obligated entities to meet their RPOs with a differentiated price for solar and non-solar.

Clean Energy Cess, 2010

The Clean Energy Cess was introduced to levy the amount of INR 50 to every tonne coal used in the country. The cess created the National Clean Energy Fund (NCEF) that aims to fund clean energy projects. It provides up to 40 per cent of the total costs of Renewable energy projects through the Indian Renewable Energy Development Agency (IREDA). The cess has now grown to INR 400 per tonne of coal used.

E-Waste (Management and Handling) Rules, 2022 (“E-Waste Rules”)

Under the E-Waste Rules, a manufacturer is responsible for the collection of E-waste generated during the manufacture of any electrical and electronic equipment and channelizes it for recycling or disposal. Further, the E-Waste Rules also require that relevant authorizations must be obtained from the state pollution control boards, where manufacturing activities resulting in generation of E-Waste, are carried out.

Plastic Waste Management (PWM) Rules, 2016 and amendments thereto

The government of India, through the Ministry of Environment, Forest and Climate Change notified the new Plastic Waste Management Rules, 2016 (through a Gazette notification dated 18 March, 2016). This supersedes the Plastic Waste (Management and Handling) Rules, 2011 that governed such activities earlier. This provides the framework for how plastic waste generators, local bodies, manufacturers, importers etc., to manage plastic waste.

ENVIRONMENT LAWS

National Environmental Policy, 2006

The Policy seeks to extend the coverage, and fill in gaps that still exist, in light of present knowledge and accumulated experience. This policy was prepared through an intensive process of consultation within the Government and inputs from experts. It does not displace but builds on the earlier policies. It is a statement of India's commitment to making a positive contribution to international efforts. This is a response to our national commitment to a clean environment, mandated in the Constitution in Articles 48 A and 51 A (g), strengthened by judicial interpretation of Article 21. The dominant theme of this policy is that while conservation of environmental resources is necessary to secure livelihoods and well-being of all, the most secure basis for conservation is to ensure that people dependent on particular resources obtain better livelihoods from the fact of conservation, than from degradation of the resource. Following are the objectives of National Environmental Policy:

- Conservation of Critical Environmental Resources
- Intra-generational Equity: Livelihood Security for the Poor
- Inter-generational Equity
- Integration of Environmental Concerns in Economic and Social Development
- Efficiency in Environmental Resource Use
- Environmental Governance
- Enhancement of resources for Environmental Conservation

Environmental Legislations

The Air (Prevention and Control of Pollution) Act, 1981 (“Air Act”), Water (Prevention and Control of Pollution) Act, 1974 (“Water Act”), aim to prevent, control and abate pollution. The Air Act stipulates that no person shall, without prior written consent of the relevant state pollution control board, establish or operate any industrial plant which emits air pollutants in an air pollution control area, as notified by the state pollution control board. The Water Act aims to prevent and control water pollution and to maintain or restore water purity and any person intending to establish any industry, operation or process or any treatment and disposal system which is likely to discharge sewage or other pollution into a water body is required to obtain prior consent of the relevant state pollution control board. The Forest (Conservation) Act, 1980 (“FCA”) read with Forest (Conservation) Rules, 2003 aim to preserve forest land and provide for restriction on the deforestation of forests or use of forest land for non-forest purpose and requires prior approval for use of forest land for any non-forest purpose. The Environment (Protection) Act, 1986 read with Environment (Protection) Rules, 1986 aim to protect and improve the environment and provide rules for prevention, control and abatement of environment pollution and impose obligation for proper handling, storage, treatment, transportation and disposal of hazardous wastes.,

The Noise Pollution (Regulation and Control) Rules, 2000

These Noise Pollution (Regulation and Control) Rules, 2000 (“Noise Pollution Rules”) were constituted to regulate and control noise producing and generating sources with the objective of maintaining the ambient air quality standards in respect of noise and were considered necessary as increasing ambient noise levels in public places from various sources, inter-alia, industrial activity, construction activity, (fire crackers, sound producing instruments), generator sets, loud speakers, public address systems, music systems, vehicular horns and other mechanical devices have deleterious effects on human health and psychological well-being of the people. The Noise Pollution Rules provide ambient air quality criteria with respect of noise for different areas/zones. The Noise Pollution Rules further provide powers to the authority to enforce the noise control measures in the areas/zones. The Noise Pollution Rules provide modes of making complaints to the authority in case noise levels exceed the ambient noise standards along with penalties and liabilities on account of violations in the silence zones/areas.

Hazardous and Other Wastes (Management and Tran boundary Movement) Rules, 2016 (“Hazardous Waste Rules”) and amendments thereto

The Hazardous Waste Rules regulate the management, treatment, storage and disposal of hazardous waste by imposing an obligation on every occupier and operator of a facility generating hazardous waste to dispose of such waste without harming the environment. The term “hazardous waste” has been defined in the Hazardous Waste Rules and any person who has control over the affairs of the factory or the premises or any person in possession of the hazardous waste has been defined as an “occupier”. Every occupier and operator of a facility generating hazardous waste must obtain authorization from the relevant state pollution control board. Further, the occupier, importer or exporter is liable for damages caused to the environment resulting from the improper handling and disposal of hazardous waste and must pay any financial penalty that may be levied by the respective state pollution control board.

Environment Impact Assessment Notification of 2006

The Ministry of Environment, Forests and Climate Change has notified the Environment Impact Assessment Notification of 2006 in September 2006. The notification makes it mandatory for various projects to get environment clearance.

REGULATIONS RELATED TO FOREIGN TRADE AND INVESTMENT

The Foreign Direct Investment

The Government of India, from time to time, has made policy pronouncements on Foreign Direct Investment (“FDI”) through press notes and press releases. The Department for Promotion of Industry and Internal Trade (DPIIT), Ministry of Commerce & Industry, Government of India makes policy pronouncements on FDI through Consolidated FDI Policy Circular/Press Notes/Press Releases which are notified by the Department of Economic Affairs (DEA), Ministry of Finance, Government of India as amendments to the Foreign Exchange Management (Non-Debt Instruments) Rules, 2019 under the Foreign Exchange Management Act, 1999 (42 of 1999) (FEMA). DPIIT has issued consolidated FDI Policy Circular of 2020 (“FDI Policy 2020”), which with effect from October 15, 2020, consolidates and supersedes all previous press notes, press releases and clarifications on FDI Policy that were in force. The Government proposes to update the consolidated circular on FDI policy once every year and therefore, FDI Policy 2020 will be valid until the an updated circular is issued.

The reporting requirements for any investment in India by a person resident in India under Foreign Exchange Management (Non-Debt Instruments) Rules, 2019 are specified by the RBI. Regulation 4 of the Foreign Exchange Management (Mode of Payment and Reporting of Non-Debt Instruments) Regulations, 2019 vide notification No. FEMA. 395/2019-RB dated 17.10.2019 issued by the RBI stipulates the reporting requirement for any investment in India by a person resident outside India. All the reporting is required to be done through the Single Master Form (SMF) available on the Foreign Investment Reporting and Management System (FIRMS) platform at <https://firms.rbi.org.in>.

Under the current FDI Policy of 2020, foreign direct investment in micro and small enterprises is subject to sectoral caps, entry routes and other sectoral regulations. At present 100 % foreign direct investment through automatic route is permitted in the sector in which our Company operates.

Foreign Exchange Management Act, 1999 (“FEMA”) and Regulations framed thereunder.

Foreign investment in India is governed primarily by the provisions of the FEMA which relates to regulation primarily by the RBI and the rules, regulations and notifications there under, and the policy prescribed by the Department of Industrial Policy and Promotion, Ministry of Commerce & Industry, Government of India. As laid down by the FEMA Regulations no prior consents and approvals are required from the Reserve Bank of India, for Foreign Direct Investment under the ‘automatic route’ within the specified sectoral caps. In respect of all industries not specified as FDI under the automatic route, and in respect of investment in excess of the specified sectoral limits under the automatic route, approval may be required from the FIPB and/or the RBI. The RBI, in exercise of its power under the FEMA, has notified the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident Outside India) Regulations, 2000 (“FEMA

Regulations") to prohibit, restrict or regulate, transfer by or issue security to a person resident outside India and Foreign Exchange Management (Export of Goods and Services) Regulations, 2000 for regulation on exports of goods and services.

Ownership restrictions of FIIs

Under the portfolio investment scheme, the total holding of all FIIs together with their sub-accounts in an Indian company is subject to a cap of 24% of the paid-up capital of a company, which may be increased up to the percentage of sectoral cap on FDI in respect of the said company pursuant to a resolution of the board of directors of the company and the approval of the shareholders of the company by a special resolution in a general meeting. The total holding by each FII, or in case an FII is investing on behalf of its sub-account, each sub-account should not exceed 10% of the total paid-up capital of a company.

Laws related to Overseas Investment by Indian Entities:

Overseas investment by Indian Entities are governed under Foreign Exchange Management Act, 1999 under which the central Government of India have notified Foreign Exchange Management (Overseas Investment) Rules, 2022 in suppression of Foreign Exchange Management (Transfer or Issue of Any Foreign Security) Regulations, 2004 and the Foreign Exchange Management (Acquisition and Transfer of Immovable Property Outside India) Regulations, 2015. Followed by the rules, RBI has vide notification no. RBI/2022-2023/110, A.P. (DIR Series) Circular No.12 dated August 22, 2022 has issued Foreign Exchange Management (Overseas Investment) Directions, 2022 and Foreign Exchange Management (Overseas Investment) Regulations, 2022. These legislations frame the investment fields, mode and cap for various sectors and regions, by any person resident in India and the reporting requirements.

Foreign Trade Policy 2023:

The Central Government of India in exercise of powers conferred under Section 5 of the Foreign Trade (Development & Regulation) Act, 1992 (No. 22 of 1992) [FT (D&R) Act], as amended, has notified Foreign Trade Policy (FTP) 2023 which is effective from April 01, 2023 and shall continue to be in operation unless otherwise specified or amended. It provides for a framework relating to export and import of goods and services. All exports and imports made up to 31.03.2023 shall, accordingly, be governed by the relevant FTP, unless otherwise specified.

LAWS RELATED TO EMPLOYMENT OF MANPOWER

The Occupational Safety, Health and Working Conditions Code, 2020

The Occupational Safety, Health and Working Conditions Code, 2020 received the assent of the President of India on September 28, 2020 and proposes to subsume certain existing legislations, including the Factories Act, 1948, the Contract Labour (Regulation and Abolition) Act, 1970, the Inter-State Migrant Workmen (Regulation of Employment and Conditions of Service) Act, 1979 and the Building and Other Construction Workers (Regulation of Employment and Conditions of Service) Act, 1996. The provisions of this code will be brought into force on a date to be notified by the Central Government.

The Code on Social Security, 2020

The Code on Social Security, 2020 received the assent of the President of India on September 28, 2020 and it proposes to subsume certain existing legislations including the Employee's Compensation Act, 1923, the Employees' State Insurance Act, 1948, the Employees' Provident Funds and Miscellaneous Provisions Act, 1952, the Maternity Benefit Act, 1961, the Payment of Gratuity Act, 1972, the Building and Other Construction Workers' Welfare Cess Act, 1996 and the Unorganized Workers' Social Security Act, 2008. The provisions of this code will be brought into force on a date to be notified by the Central Government. The Central Government has issued the draft rules under the Code on Social Security, 2020. The draft rules provide for operationalization of provisions in the Code on Social Security, 2020 relating to employees' provident fund, employees' state insurance corporation, gratuity, maternity benefit, social security and cess in respect of building and other construction workers, social security for unorganized workers, gig workers and platform workers.

The Industrial Relations Code, 2020 ("Industrial Code")

The Ministry of Law and Justice, with an intent to consolidate and amend laws relating to trade unions, conditions of employment in industrial establishment or undertaking, investigation and settlement of industrial dispute, has introduced the Industrial Code. The Code provides that the Central Government may repeal the provisions of the Trade Unions Act, 1926, the Industrial Employment (Standing Orders) Act, 1946, and the Industrial Disputes Act, 1947 and may supersede them with the applicability of any provision of the Industrial Code. The Industrial Code is a central legislation and extends to the whole of India. The Industrial Code empowers the Central Government to require an establishment in which one hundred or more workers are employed or have been employed on any day in the preceding twelve months to constitute a works committee consisting of representatives of employer and workers engaged in the establishment. The code further requires every establishment with twenty or more workers to have grievance redressal committees for resolution of disputes

arising out of individual grievances. The code bars the jurisdiction of civil courts to any matter to which the provisions of the Industrial Code apply, and provides for establishment of industrial tribunals for adjudication of such matters. The Industrial Code provides for provisions pertaining to lay-off and retrenchment of employees and closure of establishments and compensation provisions in relation thereto. The Industrial Code provides for monetary fines, penalties and imprisonment in case of contravention of the provisions of the code.

Employees Provident Fund and Miscellaneous Provisions Act, 1952

Under the Employees' Provident Funds and Miscellaneous Provisions Act, 1952 (EPF Act), compulsory provident fund, family pension fund and deposit linked insurance are payable to employees in factories and other establishments. The legislation provides that an establishment employing more than 20 (twenty) persons, either directly or indirectly, in any capacity whatsoever, is either required to constitute its own provident fund or subscribe to the statutory employee's provident fund. The employer of such establishment is required to make a monthly contribution to the provident fund equivalent to the amount of the employee's contribution to the provident fund. There is also a requirement to maintain prescribed records and registers and filing of forms with the concerned authorities. The EPF Act also prescribes penalties for avoiding payments required to be made under the abovementioned schemes.

The Factories Act, 1948

The Factories Act, 1948 ("Factories Act") seeks to regulate labour employed in factories and makes provisions for the safety, health and welfare of the workers. An occupier of a factory under the Factories Act, means the person who has ultimate control over the affairs of the factory. The occupier or manager of the factory is required to obtain a registration for the factory. The Factories Act also requires inter alia the maintenance of various registers dealing with safety, labour standards, holidays and extent of child labour including their conditions. Further, notice of accident or dangerous occurrence in the factory is to be provided to the inspector by the manager of the factory.

Payment of Gratuity Act, 1972, as amended (the "Gratuity Act")

The Gratuity Act establishes a scheme for the payment of gratuity to employees engaged in every factory, mine, oil field, plantation, port and railway company, every shop or establishment in which ten or more persons are employed or were employed on any day of the preceding twelve months and in such other establishments in which ten or more employees are employed or were employed on any day of the preceding twelve months, as notified by the Central Government from time to time. Penalties are prescribed for non-compliance with statutory provisions.

Under the Gratuity Act, an employee who has been in continuous service for a period of five years will be eligible for gratuity upon his retirement, resignation, superannuation, death or disablement due to accident or disease. However, the entitlement to gratuity in the event of death or disablement will not be contingent upon an employee having completed five years of continuous service. The maximum amount of gratuity payable may not exceed 1 million.

Certain other laws and regulations that may be applicable to our Company in India include the following:

- Employees' State Insurance Act, 1948
- Minimum Wages Act, 1948 and Maharashtra Minimum Wages Rules, 1963 ("MWA Rules")
- Industrial (Development and Regulation) Act, 1951 ("IDRA")
- Industrial Disputes Act, 1947 ("ID Act")
- Payment of Bonus Act, 1965 ("POB Act")
- Child Labour (Prohibition and Regulation) Act, 1986
- Inter-State Migrant Workers (Regulation of Employment and Conditions of Service) Act, 1979
- Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 ("SHWW Act")
- Equal Remuneration Act, 1976 ("ER Act")
- Contract Labour Regulation and Abolition) Act, 1970 (CLRA) and Contract Labour (Regulation and Abolition) Central Rules, 1971 (Contract Labour Rules)
- Workmen Compensation Act, 1923 ("WCA")
- Maternity Benefit Act, 1961 ("Maternity Act")
- Industrial Employment Standing Orders Act, 1946

LAWS RELATING TO INTELLECTUAL PROPERTY

Trademarks Act, 1999

Under the Trademarks Act, 1999 (“Trademarks Act”), a trademark is a mark capable of being represented graphically and which is capable of distinguishing the goods or services of one person from those of others used in relation to goods and services to indicate a connection in the course of trade between the goods and some person having the right as proprietor to use the mark. A ‘mark’ may consist of a device, brand, heading, label, ticket, name signature, word, letter, numeral, shape of goods, packaging or combination of colors or any combination thereof.

The Patents Act, 1970:

The Patents Act, 1970 as amended from time to time, in India has been enacted to protect inventions. Patents provide the exclusive rights for the owner of a patent to make, use, exercise, distribute and sell a patented invention. The patent registration confers on the patentee the exclusive right to use, manufacture and sell his invention for the term of the patent.

The Designs Act, 2000 (Designs Act)

The objective of Designs Act and rules made thereunder is to promote and protect the design element of industrial production. It is also intended to promote innovative activity in the field of industries. The Controller General of Patents, Designs and Trade Marks appointed under the Trademarks Act shall be the Controller of Designs for the purposes of the Designs Act. When a design is registered, the proprietor of the design has copyright in the design during ten years from the date of registration.

OTHER GENERAL RULES AND REGULATIONS

The Micro, Small and Medium Enterprises Development Act, 2006 (“MSME Act”):

MSME Act was enacted to provide for facilitating the promotion and development and enhancing the competitiveness of micro, small and medium enterprises. Any person who intends to establish (a) a micro or small enterprise, at its discretion; (b) a medium enterprise engaged in providing or rendering of services may, at its discretion; or (c) a medium enterprise engaged in manufacture or production of goods pertaining to any industry specified in the First Schedule to the Industries (Development and Regulation) Act, 1951 is required to file a memorandum before such authority as specified by the State Government or the Central Government. The form of the memorandum, the procedure of its filing and other matters incidental thereto shall be such as may be specified by the Central Government, based on the recommendations of the advisory committee. Accordingly, in exercise of this power under the MSME Act, the Ministry of Micro, Small and Medium Enterprises notification dated September 18, 2015 specified that every micro, small and medium enterprises is required to file a Udyog Adhaar Memorandum in the form and manner specified in the notification.

State Laws

We operate in various states. Accordingly, legislations passed by the state governments are applicable to us in those states. These include legislations relating to, among others, Shops and Establishment Act, classification of fire prevention and safety measures and other local licensing. Further, we require several approvals from local authorities such as municipal bodies. The approvals required may vary depending on the state and the local area.

Municipality Laws

Pursuant to the Constitution (Seventy-Fourth Amendment) Act, 1992, the respective state legislatures in India have power to endow the municipalities with power to implement schemes and perform functions in relation to matters listed in the Twelfth Schedule to the Constitution of India. The respective states of India have enacted laws empowering the municipalities to issue trade license for operating eating outlets and implementation of regulations relating to such license along with prescribing penalties for non-compliance.

Other regulations:

Apart from the above list of laws – which is inclusive in nature and not exhaustive - general laws like the Indian Contract Act 1872, Specific Relief Act 1963, Negotiable Instrument Act 1881, The Information Technology Act, 2000, Sale of Goods Act 1930 and Consumer Protection Act 1986, The Arbitration & Conciliation Act, 1996 are also applicable to the company.

PROPERTY RELATED LAWS

The Company is required to comply with central and state laws in respect of property. Central Laws that may be applicable to our Company's operations include the Land Acquisition Act, 1894, the Transfer of Property Act, 1882, Registration Act, 1908, Indian Stamp Act, 1899, and Indian Easements Act, 1882.

HISTORY AND CORPORATE STRUCTURE

COMPANY'S BACKGROUND

Our Company was originally incorporated as “Australian Solar Panel (India) Private Limited” as a private limited company under the provisions of the Companies Act, 1956 vide Certificate of Incorporation dated May 23, 2013 issued by Registrar of Companies, Gujarat, Dadra and Nagar Haveli. Subsequently, the name of our company was changed from “Australian Solar Panel (India) Private Limited” to “Australian Premium Solar (India) Private Limited”, pursuant to a special resolution passed by our Shareholders in the Extra-Ordinary General Meeting held on November 27, 2013, vide Certificate of Incorporation dated November 28, 2013, issued by the Registrar of Companies, Gujarat, Dadra and Nagar Haveli. Further, our Company was converted from a private limited company to public limited company pursuant to special resolution passed in the Extra-Ordinary General Meeting of the company dated July 24, 2023 and consequently, the name of our Company was changed from “Australian Solar Panel (India) Private Limited” to “Australian Premium Solar (India) Limited” and a fresh certificate of incorporation dated August 03, 2023 was issued to our Company by the Registrar of Companies, Ahmedabad. The Corporate Identification Number of our Company is U40300GJ2013PLC075244.

Australian Premium Solar (India) Limited is one of the recognised brands in the solar industry, which is in the business of manufacturing of Monocrystalline and Polycrystalline Solar Panels and Engineering, procurement, and construction (“EPC”) services thereof. The Company has modern manufacturing facility at Tajpur, Sabarkantha, Gujarat that helps in delivering quality and latest technology products in the industry. The products manufactured by the Company are used in residential, agricultural and commercial installations.

Our Promoters, Mr. Chimanbhai Ranchhodbhai Patel and Mrs. Savitaben Chimanlal Patel are associated with our company since incorporation. While one of our current promoters Mr. Nikunj Chimanlal Patel acquired the shares from then existing shareholders in year 2017. Back in 2012, our promoters recognized the potential of solar energy market in India and incorporated this company in order to perceive the untapped potential of harnessing this boundless renewable resource. As solar technology gradually gained momentum and recognition, the foresight of our promoter began to manifest in a tangible and impactful manner. Our promoter has combined experience of more than twenty five years in solar industry. With their enriching experience and progressive thinking, we aim to continue to grow in this industry.

Our company is primarily engaged in the manufacturing of Solar Panels and EPC Services of solar systems. The industry term for solar panel is PV Module (Photovoltaic Module) which refers to setup for generating electricity from sunlight, using semiconductor materials in devices called photovoltaic cells or solar cells. Currently in the solar panel segment, we manufacture both monocrystalline and polycrystalline solar panels at our manufacturing facility spread across in 25,375 square meters, located at Sabarkantha, Gujarat having capacity of 200 MW per annum.

We manufacture two types of solar panels: (i) Monocrystalline Solar Panel; and (ii) Polycrystalline Solar Panel. The difference between both lies in their integral raw material i.e., solar cell. Solar cell is typically made of semiconductor materials such as silicon wafers and it is an integral part of any solar powered device. In Monocrystalline Panels, solar cells are typically more efficient and have a darker, uniform appearance due to their single-crystal structure allowing for bus bars (Copper coated thin strip) to be placed more strategically without significant visual impact. On the other hand, Polycrystalline solar cells have a blue or speckled appearance due to their multiple crystal structures, bus bars may need to be positioned to accommodate the less uniform appearance of these cells.

We also provide installation services for solar panels and solar pumps. We undertake installation services under this segment for household and industrial end users, while also provide solar pump installation services for agricultural end users which enable us to supply our manufactured solar panels along with solar pumps. Till August 31, 2023, we have served more than 10,000 unique customers towards installation of solar modules out of which more than 9500 has been roof top installation for residential use and more than 1300 solar pumps installation for agricultural use.

We are certified with ISO 9001: 2015 by M/s. OSS Certification Services Private Limited for Quality Management System demonstrating we are an organization which delivers quality products and services to its end users, having direct relationship with reputation, customer satisfaction and long-term success.

DIVIDEND POLICY

Under the Companies Act, 2013 our Company can pay dividends upon a recommendation by our Board of Directors and approval by a majority of the shareholders at the General Meeting and as per provisions of Articles of Association of our Company. The shareholders of the Company have the right to decrease but not to increase the amount of dividend recommended by the Board of Directors. The dividends may be paid out of profits of our Company in the year in which the dividend is declared or out of the undistributed profits or reserves of previous fiscal years or out of both. The Articles of Association of our Company also gives the discretion to our Board of Directors to declare and pay interim dividends. All Dividends upon recommendation by our Board of Directors and approved by the shareholders at the General Meeting will be paid to credit of registered shareholders by way of cheque or warrant or in any electronic mode.

Our Company does not have any formal dividend policy for the Equity Shares. The declaration and payment of dividend will be recommended by our Board of Directors and approved by the shareholders of our Company at their discretion and will depend on a number of factors, including the results of operations, earnings, capital requirements and surplus, general financial conditions, applicable Indian legal restrictions and other factors considered relevant by our Board of Directors.

For details of risks in relation to our capability to pay dividend, see “*Risk Factors*” – Our ability to pay Dividends in the future will depend on our future cash flows, working capital requirements, capital expenditures and financial condition.

SIGNIFICANT ACCOUNTING POLICIES

1. Accounting Convention

The financial statements are prepared under the historical cost convention on the “Accrual Concept” and Going Concern assumption of accountancy in accordance with the accounting principles generally accepted in India and comply with the accounting standards as prescribed by Companies (Accounting Standard) Rules, 2006 and with the relevant provisions of the Companies Act, 2013 and rules made there under.

2. Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amount of assets and liabilities on the date of the financial statement and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognized in the period in which results are known/materialized.

3. Property, Plant and Equipment

Property, Plant and Equipment are stated at cost less accumulated depreciation. Cost comprises of all expenses incurred to bring the assets to its present location and condition. Borrowing cost directly attributable to the acquisition /construction are included in the cost of fixed assets. Adjustments arising from exchange rate variations attributable to the fixed assets are capitalized.

In case of new projects / expansion of existing projects, expenditure incurred during construction / preoperative period including interest and finance charge on specific / general purpose loans, prior to commencement of commercial production are capitalized. The same are allocated to the respective t on completion of construction / erection of the capital project / fixed assets.

Subsequent expenditures related to an item of tangible asset are added to its book value only if they increase the future economic benefits from the existing asset beyond its previously assessed standard of performance.

Capital assets (including expenditure incurred during the construction period) under erection / installation are stated in the Balance Sheet as “Capital Work in Progress.”

4. Impairment of Assets

At each balance sheet date, the Company reviews the carrying amount of its fixed assets to determine whether there is any indication that those assets suffered an impairment loss. If any such indication exists, the recoverable amount of the assets is estimated in order to determine the extent of impairment loss. Recoverable amount is the higher of an asset’s net selling price and value in use. In assessing value in use, the estimated future cash flows expected from the continuing use of the assets and from its disposal are discounted to their present value using a pre-tax discount rate that reflects the current market assessments of time value of money and the risks specific to the assets.

5. Depreciation

All fixed assets, except capital work in progress, are depreciated on SLM Method. Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013. Depreciation on additions to / deletions from fixed assets made during the period is provided on pro-rata basis from / up to the date of such addition /deletion as the case may be.

6. Investments

Investments are classified into current investments and non-current investments. Current investments i.e. investments that are readily realizable and intended to be held for not more than a year valued at cost. Any permanent reduction in the carrying amount or any reversals of such, reductions are charged or credited to the Statement of Profit & loss Account.

Non-current investments are stated at cost. Provision for diminution in the value of these investments is made only if such decline is other than temporary, in the opinion of the management.

7. Inventories

The Inventories of the company include, Raw Material & Finished Goods. The inventories are valued at Cost of Net Realizable Value whichever is lower. The company has a regular program of physical verification of its inventories, wherein the inventories are verified once during the year.

AUSTRALIAN PREMIUM SOLAR (INDIA) LIMITED (FORMERLY KNOWN AS AUSTRALIAN PREMIUM SOLAR (INDIA) PRIVATE LIMITED)

Accordingly, the degree to which the financial statements in this Draft Red Herring Prospectus will provide meaningful information depend entirely on such potential investor’s level of familiarity with Indian accounting practices. Please also refer to section titled “Presentation of Financial, Industry and Market data” beginning on page 12 of this Draft Red Herring Prospectus.

BUSINESS OVERVIEW

Our Company was originally incorporated as “Australian Solar Panel (India) Private Limited” as a private limited company under the provisions of the Companies Act, 1956 vide Certificate of Incorporation dated May 23, 2013 issued by Registrar of Companies, Gujarat, Dadra and Nagar Haveli. Subsequently, the name of our company was changed from “Australian Solar Panel (India) Private Limited” to “Australian Premium Solar (India) Private Limited”, pursuant to a special resolution passed by our Shareholders in the Extra-Ordinary General Meeting held on November 27, 2013, vide Certificate of Incorporation dated November 28, 2013, issued by the Registrar of Companies, Gujarat, Dadra and Nagar Haveli. Further, our Company was converted from a private limited company to public limited company pursuant to special resolution passed in the Extra-Ordinary General Meeting of the company dated July 24, 2023 and consequently, the name of our Company was changed from “Australian Solar Panel (India) Private Limited” to “Australian Premium Solar (India) Limited” and a fresh certificate of incorporation dated August 03, 2023 was issued to our Company by the Registrar of Companies, Ahmedabad. The Corporate Identification Number of our Company is U40300GJ2013PLC075244.

Australian Premium Solar (India) Limited is one of the recognised brands in the solar industry, which is in the business of manufacturing of Monocrystalline and Polycrystalline Solar Panels and Engineering, procurement, and construction (“EPC”) services thereof. The Company has modern manufacturing facility at Tajpur, Sabarkantha, Gujarat that helps in delivering quality and latest technology products in the industry. The products manufactured by the Company are used in residential, agricultural and commercial installations.

Our Promoters, Mr. Chimanbhai Ranchhodbhai Patel and Mrs. Savitaben Chimanlal Patel are associated with our company since incorporation. While one of our current promoters Mr. Nikunj Chimanlal Patel acquired the shares from then existing shareholders in year 2017. Back in 2012, our promoters recognized the potential of solar energy market in India and incorporated this company in order to perceive the untapped potential of harnessing this boundless renewable resource. As solar technology gradually gained momentum and recognition, the foresight of our promoter began to manifest in a tangible and impactful manner. Our promoter has combined experience of more than twenty five years in solar industry. With their enriching experience and progressive thinking, we aim to continue to grow in this industry.

Our company is primarily engaged in the manufacturing of Solar Panels and EPC Services of solar systems. The industry term for solar panel is PV Module (Photovoltaic Module) which refers to setup for generating electricity from sunlight, using semiconductor materials in devices called photovoltaic cells or solar cells. Currently in the solar panel segment, we manufacture both monocrystalline and polycrystalline solar panels at our manufacturing facility spread across in 25,375 square meters, located at Sabarkantha, Gujarat having capacity of 200 MW per annum.

We manufacture two types of solar panels: (i) Monocrystalline Solar Panel; and (ii) Polycrystalline Solar Panel. The difference between both lies in their integral raw material i.e., solar cell. Solar cell is typically made of semiconductor

materials such as silicon wafers and it is an integral part of any solar powered device. In Monocrystalline Panels, solar cells are typically more efficient and have a darker, uniform appearance due to their single-crystal structure allowing for bus bars (Copper coated thin strip) to be placed more strategically without significant visual impact. On the other hand, Polycrystalline solar cells have a blue or speckled appearance due to their multiple crystal structures, bus bars may need to be positioned to accommodate the less uniform appearance of these cells.

We also provide installation services for solar panels and solar pumps. We undertake installation services under this segment for household and industrial end users, while also provide solar pump installation services for agricultural end users which enable us to supply our manufactured solar panels along with solar pumps. Till August 31, 2023, we have served more than 10,000 unique customers towards installation of solar modules out of which more than 9500 has been roof top installation for residential use and more than 1300 solar pumps installation for agricultural use.

We are certified with ISO 9001: 2015 by M/s. OSS Certification Services Private Limited for Quality Management System demonstrating we are an organization which delivers quality products and services to its end users, having direct relationship with reputation, customer satisfaction and long-term success.

Our Core business can be divided in following categories:

- a) Manufacturing of solar panels
- b) EPC Services:
 - 1. Installation Services for Solar Rooftop
 - 2. Installation of Solar Pumps

OUR BUSINESS MODEL

For our internal purpose, we have classified our business into three segments:

Following is an overview of our business verticals:

1. Manufacturing of Solar Panels

Under this vertical, we procure Solar Cells from domestic market and process them at our manufacturing facility into Solar modules. This is the core business of the company and majority revenue is derived from this segment only. We sell manufactured solar modules to the customers for residential, commercial and agricultural purposes as required by the customer.

2. EPC Services-

Our Company, beyond manufacturing, provides comprehensive installation services that bring the benefits of solar energy directly to our customers. Our team handles every aspect of the installation process starting from design and planning related concerns to delivery and installation of solar module to residential and commercial users. We tailor each installation to the unique needs and specifications of our clients. Under this segment, we provide installation services for rooftop solar and solar pump:

- (i) **Installation Services for rooftop solar:** We provide installation services for Rooftop solar for residential and commercial usage. Our team provide on-grid rooftop installation services to the customers as per the locational requirement in order to maximize the harvesting of energy.
- (ii) **Installation Services for solar pump:** Under this segment, we provide installation services for solar pump across country. Solar pump consists of submersible pump and solar modules along with other necessary spare parts. We procure the solar pumps from various manufacturers and install the same along with self-manufactured solar modules, as per client requirements.

Accordingly, the Equity Shares are being

issued and sold only outside the United States in off-shore transactions in reliance on Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those issues and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be issued or sold, and applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

Nomination Facility to the Investor

In accordance with Section 72 of the Companies Act, 2013, read with Companies (Share Capital and Debentures) Rules, 2014, the sole Applicant, or the first Applicant along with other joint Applicants, may nominate any one person in whom, in the event of the death of sole Applicant or in case of joint Applicants, death of all the Applicants, as the case may be, the Equity Shares Allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to equity share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale of Equity Share(s) by the person nominating. A buyer will be titled to make afresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at our Registered Office or Corporate Office or to the registrar and transfer agents of our Company.

Any person who becomes a nominee by virtue of the provisions of Section 72 of the Companies Act shall upon production of such evidence, as may be required by the Board, elect either:

1. to register himself or herself as the holder of the equity shares; or
2. to make such transfer of the equity shares, as the deceased holder could have made.

Further, the Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the equity shares, and if the notice is not complied with within a period of ninety (90) days, the Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the equity shares, until the requirements of the notice have been complied with.

Since the Allotment of Equity Shares in the Issue will be made only in dematerialized form, there is no need to make a separate nomination with our Company. Nominations registered with respective depository participant of the applicant would prevail. If the Applicants require changing of their nomination, they are requested to inform their respective depository participant.

Restrictions, if any on Transfer and Transmission of Equity Shares

Except for the lock-in of the pre-Issue capital of our Company, Promoters's minimum contribution as provided under the chapter titled "*Capital Structure*" on page 53 of this Draft Red Herring Prospectus and except as provided in the Articles of Association there are no restrictions on transfer of Equity Shares. Further, there are no restrictions on the transmission of shares/debentures and on their consolidation/splitting, except as provided in the Articles of Association. For details, please refer chapter titled "*Description of Equity Shares and terms of the articles of association*" on page 237 of this Draft Red Herring Prospectus.

The above information is given for the benefit of the Applicants. The Applicants are advised to make their own enquiries about the limits applicable to them. Our Company and the Book Running Lead Manager do not accept any responsibility for the completeness and accuracy of the information stated herein above. Our Company and the Book Running Lead Manager are not liable to inform the investors of any amendments or modifications or changes in applicable laws or regulations, which may occur after the date of the Draft Red Herring Prospectus. Applicants are advised to make their independent investigations and ensure that the number of Equity Shares Applied for do not exceed the applicable limits under laws or regulations.

Withdrawal of the Issue

Our Company in consultation with the BRLM, reserve the right to not to proceed with the Issue after the Issue Opening Date but before the Allotment. In such an event, our Company would issue a public notice in the newspapers in which the pre-Issue advertisements were published, within two (2) days of the Issue Closing Date or such other time as may be prescribed by SEBI, providing reasons for not proceeding with the Issue. The Book Running Lead Manager, through the Registrar to the Issue, shall notify the SCSBs to unblock the bank accounts of the ASBA Bidders within one (1) Working Day from the date of receipt of such notification. Our Company shall also inform the same to the Stock Exchanges on which Equity Shares are proposed to be listed.

Notwithstanding the foregoing, this Issue is also subject to obtaining (i) the final listing and trading approvals of the Stock Exchange, which our Company shall apply for after Allotment (ii) the final RoC approval of the Prospectus after it is filed with the RoC. If our Company in consultation with BRLM withdraws the Issue after the Issue Closing Date and thereafter

determines that it will proceed with an issue/issue for sale of the Equity Shares, our Company shall file a fresh Prospectus with Stock Exchange.

Further, the Issue procedure is subject to change to any revised circulars issued by the SEBI to this effect.

The BRLM will be required to submit reports of compliance with listing timelines and activities, identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it.

In terms of the UPI Circulars, in relation to the Issue, the BRLM will submit report of compliance with T+6 listing timelines and activities, identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it.

Submission of Bids

Bid/Issue Period (except the Bid/Issue Closing Date)

Submission and Revision in Bids: Only between 10.00 a.m. and 5.00 p.m. (Indian Standard Time (“IST”))

Bid/Issue Closing Date

Submission and Revision in Bids: Only between 10.00 a.m. and 3.00 p.m. IST

On the Bid/Issue Closing Date, the Bids shall be uploaded until:

- i) 4.00 p.m. IST in case of Bids by QIBs and Non-Institutional Bidders, and
- ii) until 5.00 p.m. IST or such extended time as permitted by the Stock Exchange, in case of Bids by Retail Individual Bidders.

On the Bid/Issue Closing Date, extension of time will be granted by the Stock Exchange only for uploading Bids received from Retail Individual Bidders after taking into account the total number of Bids received and as reported by the BRLM to the Stock Exchange.

The Registrar to the Issue shall submit the details of cancelled/ withdrawn/ deleted applications to the SCSBs on a daily basis within 60 minutes of the Bid closure time from the Bid/ Issue Opening Date till the Bid/ Issue Closing Date by obtaining the same from the Stock Exchanges. The SCSBs shall unblock such applications by the closing hours of the Working Day and submit the confirmation to the BRLM and the RTA on a daily basis.

To avoid duplication, the facility of re-initiation provided to Syndicate Members, if any shall preferably be allowed only once per Bid/batch and as deemed fit by the Stock Exchange, after closure of the time for uploading Bids.

It is clarified that Bids not uploaded on the electronic bidding system or in respect of which the full Bid Amount is not blocked by SCSBs or not blocked under the UPI Mechanism in the relevant ASBA Account, as the case may be, would be rejected.

Due to limitation of time available for uploading the Bids on the Bid/Issue Closing Date, Bidders are advised to submit their Bids one day prior to the Bid/Issue Closing Date. Any time mentioned in this Draft Red Herring Prospectus is Indian Standard Time. Bidders are cautioned that, in the event a large number of Bids are received on the Bid/Issue Closing Date, as is typically experienced in public offerings, some Bids may not get uploaded due to lack of sufficient time. Such Bids that cannot be uploaded will not be considered for allocation under the Issue. Bids will be accepted only during Monday to Friday (excluding any public holiday). None among our Company or any Member of the Syndicate shall be liable for any failure in (i) uploading the Bids due to faults in any software/ hardware system or blocking of application amount by the SCSBs on receipt of instructions from the Sponsor Bank on account of any errors, omissions or non-compliance by various parties involved in, or any other fault, malfunctioning or breakdown in, or otherwise, in the UPI Mechanism.

In case of any discrepancy in the data entered in the electronic book vis-a-vis data contained in the physical Bid cum Application Form, for a particular Bidder, the details of the Bid file received from the Stock Exchanges may be taken. Our Company in consultation with the BRLM, reserve the right to revise the Price Band during the Bid/Issue Period, provided that the Cap Price shall be less than or equal to 120% of the Floor Price and the Floor Price shall not be less than the face value of the Equity Shares. The revision in the Price Band shall not exceed 20% on either side, i.e. the Floor Price can move up or down to the extent of 20% of the Floor Price and the Cap Price will be revised accordingly. The Floor Price shall not be less than the face value of the Equity Shares.

In case of any revision to the Price Band, the Bid/Issue Period will be extended by at least three additional Working Days following such revision of the Price Band, subject to the Bid/Issue Period not exceeding a total of 10 Working Days. In cases of force majeure, banking strike or similar circumstances, our Company in consultation with the BRLM, for reasons to be recorded in writing, extend the Bid/Issue Period for a minimum of three Working Days, subject to the Bid/ Issue Period not exceeding 10 Working Days. Any revision in the Price Band and the revised Bid/Issue Period, if applicable, will be widely disseminated by notification to the Stock Exchange, by issuing a public notice, and also by indicating the change on the respective websites of the BRLM and the terminals of the Syndicate Members, if any and by intimation to SCSBs, other Designated Intermediaries and the Sponsor Bank, as applicable. In case of revision of Price Band, the Bid Lot shall remain the same.

Minimum Subscription

This Issue is not restricted to any minimum subscription level and is 100% underwritten. As per Section 39 of the Companies Act, 2013, if the —stated minimum amount has not been subscribed and the sum payable on application is not received within a period of 30 days from the date of the Prospectus, the application money has to be returned within such period as may be prescribed. If our Company does not receive the 100% subscription of the issue through the Issue Document including devolvement of Underwriters, if any, within sixty (60) days from the date of closure of the issue, our Company shall forthwith refund the entire subscription amount received. If there is a delay beyond four days after our Company becomes liable to pay the amount, our Company and every officer in default will, on and from the expiry of this period, be jointly and severally liable to repay the money, with interest or other penalty as prescribed under the SEBI Regulations, the Companies Act 2013 and applicable law.

In accordance with Regulation 260 of the SEBI (ICDR) Regulations, our Issue shall be hundred percent underwritten. Thus, the underwriting obligations shall be for the entire hundred percent of the issue including through the Draft Red Herring Prospectus/Red Herring Prospectus/Prospectus and shall not be restricted to the minimum subscription level.

Further, in accordance with Regulation 268(1) of the SEBI (ICDR) Regulations, our Company shall ensure that the number of prospective allottees to whom the Equity Shares will be allotted will not be less than 50 (Fifty).

Further, in accordance with Regulation 267(2) of the SEBI (ICDR) Regulations, our Company shall ensure that the minimum application size in terms of number of specified securities shall not be less than ₹ 1,00,000 (Rupees One Lac only) per application.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be issued or sold, and applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

ISSUE PROCEDURE

All Bidders should read the General Information Document which highlights the key rules, processes and procedures applicable to public issues in general in accordance with the provisions of the Companies Act, the SCRA, the SCRR and the SEBI ICDR Regulations which is part of the abridged prospectus accompanying the Bid cum Application Form. The General Information Document is available on the websites of the Stock Exchanges and the BRLM. Please refer to the relevant provisions of the General Information Document which are applicable to the Issue, especially in relation to the process for Bids by UPI Bidders through the UPI Mechanism. The investors should note that the details and process provided in the General Information Document should be read along with this section.

Additionally, all Bidders may refer to the General Information Document for information in relation to (i) category of investors eligible to participate in the Issue; (ii) maximum and minimum Bid size; (iii) price discovery and allocation; (iv) payment instructions for ASBA Bidders; (v) issuance of CAN and Allotment in the Issue; (vi) general instructions (limited to instructions for completing the Bid cum Application Form); (vii) designated date; (viii) disposal of applications; (ix) submission of Bid cum Application Form; (x) other instructions (limited to joint bids in cases of individual, multiple bids and instances when an application would be rejected on technical grounds); (xi) applicable provisions of the Companies Act relating to punishment for fictitious applications; (xii) mode of making refunds; and (xiii) interest in case of delay in Allotment or refund.

SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018 read with its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019, has introduced an alternate payment mechanism using Unified Payments Interface (“UPI”) and consequent reduction in timelines for listing in a phased manner. From January 1, 2019, the UPI Mechanism for RIBs applying through Designated Intermediaries was made effective along with the existing process and existing timeline of T+6 days. (“UPI Phase I”). The UPI Phase I was effective till June 30, 2019.

With effect from July 1, 2019, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, read with circular bearing number SEBI/HO/CFD/DIL2/CIR/P/2019/85 dated July 26, 2019 with respect to Bids by RIBs through Designated Intermediaries (other than SCSBs), the existing process of physical movement of forms from such Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism for such Bids with existing timeline of T+6 days was mandated for a period of three months or launch of five main board public issues, whichever is later (“UPI Phase II”). Subsequently, however, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020 extended the timeline for implementation of UPI Phase II till further notice. The final reduced timeline will be made effective using the UPI Mechanism for applications by RIBs (“UPI Phase III”), as may be prescribed by SEBI. The Issue has been undertaken pursuant to the processes and procedures under UPI Phase II, subject to any circulars, clarification or notification issued by the SEBI from time to time. Further, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, as amended pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 and SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022, has introduced certain additional measures for streamlining the process of initial public Issues and redressing investor grievances. This circular shall come into force for initial public Issues opening on or after May 1, 2021 and the provisions of this circular are deemed to form part of this Prospectus. Subsequently, SEBI vide its circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 modifying the process timelines and extending the implementation timelines for certain measures introduced by the March 16 Circular. Furthermore, pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/P/2022/45 dated April 5, 2022, all UPI Bidders in initial public offerings (opening on or after May 1, 2022) whose application sizes are up to ₹ 5,00,000/- shall use the UPI Mechanism. Subsequently, pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2022/75 dated May 30, 2022, applications made using the ASBA facility in initial public offerings (opening on or after September 1, 2022) shall be processed only after application monies are blocked in the bank accounts of investors (all categories).

Furthermore, SEBI vide press release bearing number 12/2023 has approved the proposal for reducing the time period for listing of shares in public issue from existing 6 working days to 3 working days from the date of the closure of the issue. The revised timeline of T+3 days shall be made applicable in two phases i.e. voluntary for all public issues opening on or after September 1, 2023 and mandatory on or after December 1, 2023. Further, SEBI has vide its circular no. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 reduced the time taken for listing of specified securities after the closure of a public issue to three Working Days. This shall be applicable voluntarily for all public issues opening on or after September 1, 2023 and shall be mandatory for all public issues opening on or after December 1, 2023. The Issue will be made under UPI Phase II of the UPI Circulars.

The processing fees for applications made by Retail Individual Bidders using the UPI Mechanism may be released to the remitter banks (SCSBs) only after such banks provide a written confirmation on compliance with SEBI Circular No: SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 02, 2021, read with SEBI Circular No: SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, SEBI vide its circular no. Phased implementation of Unified Payments Interface

SEBI has issued UPI Circulars in relation to streamlining the process of public issue of equity shares and convertibles. Pursuant to the UPI Circulars, UPI has been introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under the ASBA) for applications by RIIs through intermediaries with the objective to reduce the time duration from public issue closure to listing from six Working Days to up to three Working Days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI Mechanism, the UPI Circulars proposes to introduce and implement the UPI Mechanism in three phases in the following manner:

- a) Phase I: This phase was applicable from January 01, 2019 and lasted till June 30, 2019. Under this phase, a Retail Individual Bidder, besides the modes of Bidding available prior to the UPI Circulars, also had the option to submit the Bid cum Application Form with any of the intermediary and use his / her UPI ID for the purpose of blocking of funds. The time duration from public issue closure to listing continued to be six Working Days.
- b) Phase II: This phase has commenced with effect from July 01, 2019 and will continue for a period of three months or floating of five main board public issues, whichever is later. Under this phase, submission of the Bid cum Application Form by a Retail Individual Investor through intermediaries to SCSBs for blocking of funds has been discontinued

and has been replaced by the UPI Mechanism. However, the time duration from public issue closure to listing continues to be six Working Days during this phase. SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020 extended the timeline for implementation of UPI Phase II till further notice. Subsequently, the time duration from public issue closure to listing would be reduced to be three Working Days. SEBI vide press release bearing number 12/2023 has approved the proposal for reducing the time period for listing of shares in public issue from existing 6 working days to 3 working days from the date of the closure of the issue.

- c) Phase III: The commencement period of Phase III is notified pursuant to SEBI press release bearing number 12/2023 and as per the SEBI Circular No. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023, where the revised timeline of T+3 days shall be made applicable in two phases i.e. (i) voluntary for all public issues opening on or after September 1, 2023; and (ii) mandatory on or after December 1, 2023. The Issue will be made under UPI Phase II of the UPI Circulars.

Pursuant to the UPI Circular, SEBI has set out specific requirements for redressal of investor grievances for applications that have been made through the UPI Mechanism. The requirements of the UPI Circular include, appointment of a nodal officer by the SCSB and submission of their details to SEBI, the requirement for SCSBs to send SMS alerts for the blocking and unblocking of UPI mandates, the requirement for the Registrar to submit details of cancelled, withdrawn or deleted applications, and the requirement for the bank accounts of unsuccessful Bidders to be unblocked no later than one day from the date on which the Basis of Allotment is finalized. Failure to unblock the accounts within the timeline would result in the SCSBs being penalised under the relevant securities law. Additionally, if there is any delay in the redressal of investors' complaints in this regard, the relevant SCSB as well as the post – Issue BRLM will be required to compensate the concerned investor.

All SCSBs offering the facility of making applications in public issues shall also provide the facility to make application using UPI. The Company will be required to appoint one of the SCSBs as a Sponsor Bank to act as a conduit between the Stock Exchanges and NPCI in order to facilitate collection of requests and/ or payment instructions of the Retail Individual Bidders using the UPI.

The processing fees for applications made by Retail Individual Bidders using the UPI Mechanism may be released to the remitter banks (SCSBs) only after such banks provide a written confirmation on compliance with SEBI Circular No: SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 read with SEBI Circular No: SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 and SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/P/2022/45 dated April 5, 2022.

For further details, refer to the “*General Information Document*” available on the websites of the Stock Exchange and the BRLM.

As per the existing regulations, OCBs are not eligible to participate in this Issue. The RBI has however clarified in its circular, A.P. (DIR Series) Circular No. 44, dated December 8, 2003 that OCBs which are incorporated and are not under the adverse notice of the RBI are permitted to undertake fresh investments as 138 incorporated non-resident entities in terms of Regulation 5(1) of RBI Notification No.20/2000-RB dated May 3, 2000 under FDI Scheme with the prior approval of Government if the investment is through Government Route and with the prior approval of RBI if the investment is through Automatic Route on case by case basis. OCBs may invest in this Issue provided it obtains a prior approval from the RBI. On submission of such approval along with the Bid Cum Application Form, the OCB shall be eligible to be considered for share allocation.

MAXIMUM AND MINIMUM APPLICATION SIZE

1. For Retail Individual Bidders

The Application must be for a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter, so as to ensure that the Application Price payable by the Bidder does not exceed ₹ 2,00,000. In case of revision of Applications, the Retail Individual Bidders have to ensure that the Application Price does not exceed ₹ 2,00,000.

2. For Other than Retail Individual Bidders (Non-Institutional Applicants and QIBs):

The Application must be for a minimum of such number of Equity Shares that the Application Amount exceeds ₹ 2,00,000 and in multiples of [●] Equity Shares thereafter. An Application cannot be submitted for more than the Net Issue Size. However, the maximum Application by a QIB investor should not exceed the investment limits prescribed for them by applicable laws. Under existing SEBI Regulations, a QIB Bidder cannot withdraw its Application after the Issue Closing Date and is required to pay 100% QIB Margin upon submission of Application.

In case of revision in Applications, the Non-Institutional Bidders, who are individuals, have to ensure that the Application Amount is greater than ₹ 2,00,000 for being considered for allocation in the Non-Institutional Portion.

Bidders are advised to ensure that any single Application from them does not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law or regulation or as specified in this Draft Red Herring Prospectus.

The above information is given for the benefit of the Bidders. The Company and the BRLM are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that the number of Equity Shares applied for do not exceed the applicable limits under laws or regulations.

METHOD OF BIDDING PROCESS

Our Company, in consultation with the BRLM will decide the Price Band and the minimum Bid lot size for the Issue and the same shall be advertised in all editions of the English national newspaper, all editions of Hindi national newspaper and Ahmedabad Edition of Regional newspaper [●] where the registered office of the company is situated, each with wide circulation at least two Working Days prior to the Bid / Issue Opening Date. The BRLM and the SCSBs shall accept Bids from the Bidders during the Bid / Issue Period.

- a) The Bid / Issue Period shall be for a minimum of three Working Days and shall not exceed 10 Working Days. The Bid/ Issue Period maybe extended, if required, by an additional three Working Days, subject to the total Bid/ Issue Period not exceeding 10 Working Days. Any revision in the Price Band and the revised Bid / Issue Period, if applicable, will be published in all editions of the English national newspaper [●], all editions of Hindi national newspaper [●] and Delhi Edition of Regional newspaper [●] where the registered office of the company is situated, each with wide circulation and also by indicating the change on the websites of the Book Running Lead Manager.
- b) Each Bid cum Application Form will give the Bidder the choice to Bid for up to three optional prices (for details refer to the paragraph titled “Bids at Different Price Levels and Revision of Bids” below) within the Price Band and specify the demand (i.e., the number of Equity Shares Bid for) in each option. The price and demand options submitted by the Bidder in the Bid cum Application Form will be treated as optional demands from the Bidder and will not be cumulated. After determination of the Issue Price, the maximum number of Equity Shares Bid for by a Bidder/Applicant at or above the Issue Price will be considered for allocation/Allotment and the rest of the Bid(s), irrespective of the Bid Amount, will become automatically invalid.
- c) The Bidder / Applicant cannot Bid through another Bid cum Application Form after Bids through one Bid cum Application Form have been submitted to a BRLM or the SCSBs. Submission of a second Bid cum Application Form to either the same or to another BRLM or SCSB will be treated as multiple Bid and is liable to be rejected either before entering the Bid into the electronic bidding system, or at any point of time prior to the allocation or Allotment of Equity Shares in this Issue. However, the Bidder can revise the Bid through the Revision Form, the procedure for which is detailed under the paragraph “Buildup of the Book and Revision of Bids”.
- d) The BRLM/the SCSBs will enter each Bid option into the electronic bidding system as a separate Bid and generate a Transaction Registration Slip, (“TRS”), for each price and demand option and give the same to the Bidder. Therefore, a Bidder can receive up to three TRSs for each Bid cum Application Form
- e) Upon receipt of the Bid cum Application Form, submitted whether in physical or electronic mode, the Designated Branch of the SCSB shall verify if sufficient funds equal to the Bid Amount are available in the ASBA Account, as mentioned in the Bid cum Application Form, prior to uploading such Bids with the Stock Exchange.
- f) If sufficient funds are not available in the ASBA Account, the Designated Branch of the SCSB shall reject such Bids and shall not upload such Bids with the Stock Exchange.
- g) If sufficient funds are available in the ASBA Account, the SCSB shall block an amount equivalent to the Bid Amount mentioned in the Bid cum Application Form and will enter each Bid option into the electronic bidding system as a separate Bid and generate a TRS for each price and demand option. The TRS shall be furnished to the ASBA Bidder on request.
- h) The Bid Amount shall remain blocked in the aforesaid ASBA Account until finalization of the Basis of Allotment and consequent transfer of the Bid Amount against the Allotted Equity Shares to the Public Issue Account, or until withdrawal/failure of the Issue or until withdrawal/rejection of the Bid cum Application Form, as the case may be. Once the Basis of Allotment is finalized, the Registrar to the Issue shall send an appropriate request to the SCSB for unblocking the relevant ASBA Accounts and for transferring the amount allocable to the successful Bidders to the Public Issue Account. In case of withdrawal/failure of the Issue, the blocked amount shall be unblocked on receipt of such information from the Registrar to the Issue.

BIDS AT DIFFERENT PRICE LEVELS AND REVISION OF BIDS

- a) Our Company in consultation with the BRLM, and without the prior approval of, or intimation, to the Bidders, reserves the right to revise the Price Band during the Bid/Issue Period, in accordance with the SEBI ICDR Regulations, provided that (i) the Cap Price will be less than or equal to 120% of the Floor Price, (ii) the Cap Price will be at least 105% of the Floor Price, and (iii) the Floor Price will not be less than the face value of the Equity Shares. Subject to compliance with the foregoing, the Floor Price may move up or down to the extent of 20% of the Floor Price and the Cap Price will be revised accordingly.
- b) Our Company in consultation with the BRLM, will finalize the Issue Price within the Price Band, without the prior

approval of, or intimation, to the Bidders.

- c) The Bidders can Bid at any price within the Price Band. The Bidder has to Bid for the desired number of Equity Shares at a specific price. Retail Individual Bidders may Bid at the Cut-off Price. However, bidding at the Cut-off Price is prohibited for QIB and Non-Institutional Bidders and such Bids from QIB and Non-Institutional Bidders shall be rejected.
- d) Retail Individual Bidders, who Bid at Cut-off Price agree that they shall purchase the Equity Shares at any price within the Price Band. Retail Individual Bidders shall submit the Bid cum Application Form along with a cheque/demand draft for the Bid Amount based on the Cap Price with the Syndicate. In case of ASBA Bidders (excluding Non-Institutional Bidders and QIB Bidders) bidding at Cut-off Price, the ASBA Bidders shall instruct the SCSBs to block an amount based on the Cap Price.

Participation by Associates /Affiliates of BRLM and the Syndicate Members

The BRLM and the Syndicate Members, if any, shall not be allowed to purchase in this Issue in any manner, except towards fulfilling their underwriting obligations. However, the associates and affiliates of the BRLM and the Syndicate Members, if any, may subscribe the Equity Shares in the Issue, either in the QIB Category or in the Non-Institutional Category as may be applicable to such Bidders, where the allocation is on a proportionate basis and such subscription may be on their own account or on behalf of their clients.

Option to Subscribe in the Issue

- a. As per Section 29(1) of the Companies Act 2013, allotment of Equity Shares shall be made in dematerialized form only. Investors will not have the option of getting allotment of specified securities in physical form.
- b. The Equity Shares, on allotment, shall be traded on the Stock Exchange in demat segment only.
- c. A single application from any investor shall not exceed the investment limit/minimum number of Equity Shares that can be held by him/her/it under the relevant regulations/statutory guidelines and applicable law.

Applications submitted directly to the SCSB's or other Designated Intermediaries (Other than SCSBs), the relevant SCSB, shall block an amount in the ASBA Account equal to the Application Amount specified in the Bid Cum Application Form, before entering the ASBA application into the electronic system.

9. Except for applications by or on behalf of the Central or State Government and the Officials appointed by the courts and by investors residing in the State of Sikkim, the Bidders, or in the case of application in joint names, the first Bidder (the first name under which the beneficiary account is held), should mention his/her PAN allotted under the Income Tax Act. In accordance with the SEBI Regulations, the PAN would be the sole identification number for participating transacting in the securities market, irrespective of the amount of transaction. Any Bid Cum Application Form without PAN is liable to be rejected. The demat accounts of Bidders for whom PAN details have not been verified, excluding person resident in the State of Sikkim or persons who may be exempted from specifying their PAN for transacting in the securities market, shall be “suspended for credit” and no credit of Equity Shares pursuant to the Issue will be made into the accounts of such Bidders.
10. The Bidders may note that in case the PAN, the DP ID and Client ID mentioned in the Bid Cum Application Form and entered into the electronic collecting system of the Stock Exchange Designated Intermediaries do not match with PAN, the DP ID and Client ID available in the Depository database, the Bid Cum Application Form is liable to be rejected.

BIDS BY HUFs

Bids by Hindu Undivided Families or HUFs should be made in the individual name of the Karta. The Bidder should specify that the Bid is being made in the name of the HUF in the Bid cum Application Form/Application Form as follows: “Name of sole or first Bidder: XYZ Hindu Undivided Family applying through XYZ, where XYZ is the name of the Karta”. Bids/Applications by HUFs will be considered at par with Bids/Applications from individuals.

BIDS BY MUTUAL FUNDS

With respect to Bids by Mutual Funds, a certified copy of their SEBI registration certificate must be lodged along with the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserve the right to reject any Bid without assigning any reason thereof.

Bids made by asset management companies or custodians of Mutual Funds shall specifically state names of the concerned schemes for which such Bids are made.

In case of a Mutual Fund, a separate Bid can be made in respect of each scheme of the Mutual Fund registered with SEBI and such Bids in respect of more than one scheme of the Mutual Fund will not be treated as multiple Bids provided that the Bids clearly indicate the scheme concerned for which the Bid has been made.

No Mutual Fund scheme shall invest more than 10.00% of its net asset value in equity shares or equity related instruments of any single company provided that the limit of 10.00% shall not be applicable for investments in case of index funds or sector or industry specific schemes. No Mutual Fund under all its schemes should own more than 10.00% of any company's paid-up share capital carrying voting rights.

BIDS BY ELIGIBLE NRIs

Eligible NRIs may obtain copies of Bid cum Application Form from the Designated Intermediaries. Only Bids accompanied by payment in Indian Rupees or freely convertible foreign exchange will be considered for Allotment. Eligible NRI Bidders bidding on a repatriation basis by using the Non-Resident Forms should authorize their SCSB (if they are Bidding directly through the SCSB) or confirm or accept the UPI Mandate Request (in case of Bidding through the UPI Mechanism) to block their Non-Resident External (“NRE”) accounts, or Foreign Currency Non-Resident (“FCNR”) Accounts, and eligible NRI Bidders bidding on a non- repatriation basis by using Resident Forms should authorize their SCSB (if they are Bidding directly through SCSB) or confirm or accept the UPI Mandate Request (in case of Bidding through the UPI Mechanism) to block their Non-Resident Ordinary (“NRO”) accounts for the full Bid Amount, at the time of the submission of the Bid cum Application Form. Participation of Eligible NRIs in the Issue shall be subject to the FEMA Rules.

In accordance with the Consolidated FDI Policy, the total holding by any individual NRI, on a repatriation or non-repatriation basis, shall not exceed 5.00% of the total paid-up equity capital on a fully diluted basis or shall not exceed 5.00% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together, on a repatriation or non- repatriation basis, shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrant. Provided that the aggregate ceiling of 10.00% may be raised to 24.00% if a special resolution to that effect is passed by the general body of the Indian company.

NRIs will be permitted to apply in the Issue through Channel I or Channel II (as specified in the UPI Circular). Further, subject to applicable law, NRIs may use Channel IV (as specified in the UPI Circular) to apply in the Issue, provided the UPI facility is enabled for their NRE/ NRO accounts.

NRI's applying in the Issue using UPI Mechanism are advised to enquire with the relevant bank whether their bank account is UPI linked prior to making such application. For details of investment by NRI's, see "*Restrictions on Foreign Ownership of Indian Securities*" beginning on page 235. Participation of eligible NRI's shall be subject to FEMA NDI Rules.

BIDS BY FPIs

In terms of the SEBI FPI Regulations, the issue of Equity Shares to a single FPI or an investor group (which means the same multiple entities having common ownership directly or indirectly of more than 50% or common control) must be below 10% of our post-Issue Equity Share capital. Further, in terms of the FEMA NDI Rules, with effect from April 1, 2020, the aggregate FPI investment limit is the sectoral cap applicable to an Indian company as prescribed in the FEMA NDI Rules with respect to its paid-up equity capital on a fully diluted basis. Currently, the sectoral cap for retail trading of food products manufactured and/ or produced in India is 100% under automatic route.

FPIs are permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time. In case of Bids made by FPIs, a certified copy of the certificate of registration issued under the SEBI FPI Regulations is required to be attached to the Bid cum Application Form, failing which our Company reserves the right to reject any Bid without assigning any reason. FPIs who wish to participate in the Issue are advised to use the Bid cum Application Form for Non-Residents.

In terms of the FEMA, for calculating the aggregate holding of FPIs in a company, holding of all registered FPIs shall be included.

The FEMA NDI Rules were enacted on October 17, 2019 in supersession of the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident outside India) Regulations, 2017, except as respects things done or omitted to be done before such supersession. FPIs are permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time.

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 21 of the SEBI FPI Regulations, an FPI, may issue, subscribe to or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by a FPI against securities held by it in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only by persons registered as Category I FPIs; (ii) such offshore derivative instruments are issued only to persons eligible for registration as Category I FPIs; (iii) such offshore derivative instruments are issued after compliance with 'know your client' norms; and (iv) such other conditions as may be specified by SEBI from time to time.

An FPI issuing off-shore derivative instruments is also required to ensure that any transfer of off-shore derivative instruments issued by, or on behalf of it subject to, inter alia, the following conditions:

- (i). such offshore derivative instruments are transferred to person subject to fulfilment of SEBI FPI Regulations; and
- (ii). prior consent of the FPI is obtained for such transfer, except when the persons to whom the offshore derivative instruments are to be transferred are pre-approved by the FPI.

Bids by FPIs which utilise the multi-investment manager structure in accordance with the Operational Guidelines for Foreign Portfolio Investors and Designated Depository Participants issued to facilitate implementation of the SEBI FPI Regulations ("*Operational FPI Guidelines*"), submitted with the same PAN but with different beneficiary account numbers, Client IDs and DP IDs shall not be treated as multiple Bids ("*MIM Bids*"). It is hereby clarified that FPIs bearing the same PAN may be treated as multiple Bids by a Bidder and may be rejected, except for Bids from FPIs that utilise the multi-investment manager structure in accordance with the Operational FPI Guidelines (such structure referred to as "*MIM Structure*"). In order to ensure valid Bids, FPIs making MIM Bids using the same PAN and with different beneficiary account numbers, Client IDs and DP IDs, are required to submit a confirmation that their Bids are under the MIM Structure and indicate the name of their investment managers in such confirmation which shall be submitted along with each of their Bid cum Application Forms. In the absence of such confirmation from the relevant FPIs, such MIM Bids shall be rejected.

BIDS BY SEBI-REGISTERED AIFS, VCFs AND FVCIs

The SEBI FVCI Regulations, SEBI VCF Regulations and the SEBI AIF Regulations prescribe, inter alia, the investment restrictions on the FVCIs, VCFs and AIFs registered with SEBI respectively. FVCIs can invest only up to 33.33% of the investible funds by way of subscription to an initial public offering. Category I AIF and Category II AIF cannot invest more than 25% of the investible funds in one Investee Company directly or through investment in the units of other AIFs. A Category III AIF cannot invest more than 10% of the investible funds in one Investee Company directly or through investment in the units of other AIFs. AIFs which are authorized under the fund documents to invest in units of AIFs are prohibited from offering their units for subscription to other AIFs. A VCF registered as a Category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than 1/3rd of its investible funds by way of subscription to an initial public offering of a venture capital undertaking. Additionally, a VCF that has not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the SEBI VCF Regulations (and accordingly shall not be allowed to

participate in the Issue) until the existing fund or scheme managed by the fund is wound up and such funds shall not launch any new scheme after the notification of the SEBI AIF Regulations.

There is no reservation for Eligible NRIs, FPIs and FVCIs and all Bidders will be treated on the same basis with other categories for the purpose of allocation.

Further, the shareholding of VCFs, category I AIFs or category II AIFs and FVCIs holding Equity Shares prior to Issue, shall be locked-in for a period of at least one year from the date of purchase of such Equity Shares.

All non-resident investors should note that refunds, dividends and other distributions, if any, will be payable in Indian Rupees only and net of bank charges and commission.

The Company or the BRLM will not be responsible for loss, if any, incurred by the Bidder on account of conversion of foreign currency.

BIDS BY LIMITED LIABILITY PARTNERSHIPS

In case of Bids made by limited liability partnerships registered under the Limited Liability Partnership Act, 2008, a certified copy of certificate of registration issued under the Limited Liability Partnership Act, 2008, must be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserve the right to reject any Bid without assigning any reason thereof.

BIDS BY BANKING COMPANIES

In case of Bids made by banking companies registered with RBI, certified copies of: (i) the certificate of registration issued by RBI, and (ii) the approval of such banking company's investment committee are required to be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserves the right to reject any Bid without assigning any reason thereof. The investment limit for banking companies in non-financial services companies as per the Banking Regulation Act, the Reserve Bank of India (Financial Services provided by Banks) Directions, 2016, as amended and Master Circular on Basel III Capital Regulations dated July 1, 2014, as amended, is 10.00% of the paid up share capital of the investee company, not being its subsidiary engaged in non-financial services, or 10.00% of the bank's own paid-up share capital and reserves, whichever is lower.

However, a banking company would be permitted to invest in excess of 10% but not exceeding 30% of the paid up share capital of such investee company, subject to prior approval of the RBI if (i) the investee company is engaged in non-financial activities permitted for banking companies in terms of Section 6(1) of the Banking Regulation Act; or (ii) the additional acquisition is through restructuring of debt, or to protect the banking company's interest on loans/investments made to a company. The bank is required to submit a time bound action plan to the RBI for the disposal of such shares within a specified period. The aggregate investment by a banking company along with its subsidiaries, associates or joint ventures or entities directly or indirectly controlled by the bank; and mutual funds managed by asset management companies controlled by the bank, more than 20% of the investee company's paid up share capital engaged in non-financial services. However, this cap doesn't apply to the cases mentioned in (i) and (ii) above. The aggregate equity investments made by a banking company in all subsidiaries and other entities engaged in financial services and non-financial services, including overseas investments shall not exceed 20% of the bank's paid-up share capital and reserves.

In terms of the Master Circular on Basel III Capital Regulations dated July 1, 2014, as amended (i) a bank's investment in the capital instruments issued by banking, financial and insurance entities should not exceed 10% of its capital funds; (ii) banks should not acquire any fresh stake in a bank's equity shares, if by such acquisition, the investing bank's holding exceeds 5% of the investee bank's equity capital; (iii) equity investment by a bank in a subsidiary company, financial services company, financial institution, stock and other exchanges should not exceed 10% of the bank's paid-up share capital and reserves; (iv) equity investment by a bank in companies engaged in non-financial services activities would be subject to a limit of 10% of the investee company's paid-up share capital or 10% of the bank's paid-up share capital and reserves, whichever is less; and (v) a banking company is restricted from holding shares in any company, whether as pledgee, mortgagee or absolute owner, of an amount exceeding 30% of the paid-up share capital of that company or 30% of its own paid-up share capital and reserves, whichever is less. For details in relation to the investment limits under Master Direction – Ownership in Private Sector Banks, Directions, 2016, see “*Key Industries Regulations*” beginning on page 127.

BIDS BY SCSBS

SCSBS participating in the Issue are required to comply with the terms of the circulars issued by the SEBI dated September 13, 2012 and January 2, 2013. Such SCSBS are required to ensure that for making applications on their own account using ASBA, they should have a separate account in their own name with any other SEBI registered SCSBS. Further, such account shall be used solely for the purpose of making application in public issues and clear demarcated funds should be available in such account for such applications.

BIDS BY SYSTEMICALLY IMPORTANT NBFCs

In case of Bids made by Systemically Important NBFCs registered with RBI, certified copies of: (i) the certificate of registration issued by RBI, (ii) the last audited financial statements on a standalone basis, (iii) a net worth certificate from its statutory auditors, and (iv) such other approval as may be required by the Systemically Important NBFCs are required to be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserves the right to reject any Bid without assigning any reason thereof.

Systemically Important NBFCs participating in the Issue shall comply with all applicable regulations, directions, guidelines and circulars issued by the RBI from time to time.

The investment limit for Systemically Important NBFCs shall be as prescribed by RBI from time to time.

BIDS BY INSURANCE COMPANIES

In case of Bids made by insurance companies registered with the IRDAI, a certified copy of certificate of registration issued by IRDAI must be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserves the right to reject any Bid without assigning any reason thereof.

The exposure norms for insurers are prescribed under the IRDAI Investment Regulations, based on investments in equity shares of the investee company, the entire group of the investee company and the industry sector in which the investee company operates. Insurance companies participating in the Issue are advised to refer to the IRDAI Investment Regulations 2016, as amended, which are broadly set forth below:

- a) equity shares of a company: the lower of 10%* of the outstanding equity shares (face value) or 10% of the respective fund in case of life insurer or 10% of investment assets in case of general insurer or reinsurer;
- b) the entire group of the investee company: not more than 15% of the respective fund in case of a life insurer or 15% of investment assets in case of a general insurer or reinsurer or 15% of the investment assets in all companies belonging to the group, whichever is lower; and
- c) the industry sector in which the investee company operates: not more than 15% of the fund of a life insurer or a general insurer or a reinsurer or 15% of the investment asset, whichever is lower.

The maximum exposure limit, in the case of an investment in equity shares, cannot exceed the lower of an amount of 10% of the investment assets of a life insurer or general insurer and the amount calculated under (a), (b) and (c) above, as the case may be.

**The above limit of 10% shall stand substituted as 15% of outstanding equity shares (face value) for insurance companies with investment assets of ₹ 25,000,000 lakhs or more and 12% of outstanding equity shares (face value) for insurers with investment assets of ₹ 5,000,000 lakhs or more but less than ₹ 25,000,000 lakhs.*

Insurance companies participating in this Issue shall comply with all applicable regulations, guidelines and circulars issued by IRDAI from time to time.

BIDS BY PROVIDENT FUNDS/PENSION FUNDS

In case of Bids made by provident funds/pension funds, subject to applicable laws, with minimum corpus of ₹ 2,500 lakhs, a certified copy of a certificate from a chartered accountant certifying the corpus of the provident fund/pension fund must be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserves the right to reject any Bid without assigning any reason thereof.

BIDS UNDER POWER OF ATTORNEY

In case of Bids made pursuant to a power of attorney or by limited companies, corporate bodies, registered societies, Eligible FPIs, Mutual Funds, Systemically Important NBFCs, insurance companies, insurance funds set up by the army, navy or air force of the Union of India, insurance funds set up by the Department of Posts, India, or the National Investment Fund and provident funds with a minimum corpus of ₹ 2,500 lakhs (subject to applicable law) and pension funds with a minimum corpus of ₹ 2,500 lakhs, a certified copy of the power of attorney or the relevant resolution or authority, as the case may be, along with a certified copy of the memorandum of association and articles of association and/or bye laws

must be lodged along with the Bid cum Application Form. Failing this, our, in consultation with the BRLM, reserves the right to accept or reject any Bid in whole or in part, in either case without assigning any reason therefor.

Our Company, in consultation with the BRLM, in their absolute discretion, reserves the right to relax the above condition of simultaneous lodging of the power of attorney along with the Bid cum Application Form subject to the terms and conditions that our Company, in consultation with the BRLM may deem fit.

ISSUANCE OF A CONFIRMATION NOTE ("CAN") AND ALLOTMENT IN THE ISSUE:

1. Upon approval of the basis of allotment by the Designated Stock Exchange, the BRLM or Registrar to the Issue shall send to the SCSBs a list of their Bidders who have been allocated Equity Shares in the Issue.
2. The Registrar will then dispatch a CAN to their Bidders who have been allocated Equity Shares in the Issue. The dispatch of a CAN shall be deemed a valid, binding and irrevocable contract for the Bidder

Issue Procedure for Application Supported by Blocked Account (ASBA) Bidders

In accordance with the SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 all the Bidders have to compulsorily apply through the ASBA Process. Our Company and the Book Running Lead Manager are not liable for any amendments, modifications, or changes in applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. ASBA Bidders are advised to make their independent investigations and to ensure that the ASBA Bid Cum Application Form is correctly filled up, as described in this section.

The lists of banks that have been notified by SEBI to act as SCSB (Self Certified Syndicate Banks) for the ASBA Process are provided on <https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognised=yes>. For details on designated branches of SCSB collecting the Bid Cum Application Form, please refer the above-mentioned SEBI link.

Terms of payment

The entire Issue price of ₹ [●] per share is payable on application. In case of allotment of lesser number of Equity Shares than the number applied, the Registrar shall instruct the SCSBs to unblock the excess amount paid on Application to the Bidders.

SCSBs will transfer the amount as per the instruction of the Registrar to the Public Issue Account, the balance amount after transfer will be unblocked by the SCSBs.

The Bidders should note that the arrangement with Bankers to the Issue or the Registrar is not prescribed by SEBI and has been established as an arrangement between our Company, Banker to the Issue and the Registrar to the Issue to facilitate collections from the Bidders.

Payment mechanism

The Bidders shall specify the bank account number in their Bid Cum Application Form and the SCSBs shall block an amount equivalent to the Application Amount in the bank account specified in the Bid Cum Application Form. The SCSB shall keep the Application Amount in the relevant bank account blocked until withdrawal/ rejection of the Application or receipt of instructions from the Registrar to unblock the Application Amount. However, Non-Retail Bidders shall neither withdraw nor lower the size of their applications at any stage. In the event of withdrawal or rejection of the Bid Cum Application Form or for unsuccessful Bid Cum Application Forms, the Registrar to the Issue shall give instructions to the SCSBs to unblock the application money in the relevant bank account within one day of receipt of such instruction. The Application Amount shall remain blocked in the ASBA Account until finalization of the Basis of Allotment in the Issue and consequent transfer of the Application Amount to the Public Issue Account, or until withdrawal/ failure of the Issue or until rejection of the Application by the ASBA Bidder, as the case may be.

Please note that, in terms of SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, all the investors applying in a public Issue shall use only Application Supported by Blocked Amount (ASBA) process for application providing details of the bank account which will be blocked by the Self-Certified Syndicate Banks (SCSBs) for the same. Further, pursuant to SEBI Circular No. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 01, 2018, Retail Individual Investors applying in public Issue have to use UPI as a payment mechanism with Application Supported by Blocked Amount for making application.

Build of the Book

- a) Bids received from various Bidders through the Designated Intermediaries may be electronically uploaded on the Bidding Platform of the Stock Exchange on a regular basis. The book gets built up at various price levels. This information may be available with the BRLM at the end of the Bid/ Issue Period.
- b) Based on the aggregate demand and price for Bids registered on the Stock Exchange Platform, a graphical representation of consolidated demand and price as available on the websites of the Stock Exchange may be made available at the Bidding centers during the Bid/ Issue Period.

Withdrawal of Bids

- a) RIIs can withdraw their Bids until Bid/ Issue Closing Date. In case a RII wishes to withdraw the Bid during the Bid/ Issue Period, the same can be done by submitting a request for the same to the concerned Designated Intermediary who shall do the requisite, including unblocking of the funds by the SCSB in the ASBA Account.
- b) The Registrar to the Issue shall give instruction to the SCSB for unblocking the ASBA Account on the Designated Date. QIBs and NIIs can neither withdraw nor lower the size of their Bids at any stage.

Price Discovery and Allocation

- a) Based on the demand generated at various price levels, our Company in consultation with the BRLM, shall finalize the Issue Price.
- b) The SEBI ICDR Regulations, 2018 specify the allocation or Allotment that may be made to various categories of Bidders in an Issue depending on compliance with the eligibility conditions. Certain details pertaining to the percentage of Issue size available for allocation to each category is disclosed overleaf of the Bid cum Application Form and in the RHP. For details in relation to allocation, the Bidder may refer to the RHP.
- c) Under-subscription in any category (except QIB Category) is allowed to be met with spill over from any other category or combination of categories at the discretion of the Issuer and the in consultation with the BRLM and the Designated Stock Exchange and in accordance with the SEBI ICDR Regulations. Unsubscribed portion in QIB Category is not available for subscription to other categories.
- d) In case of under subscription in the Issue, spill-over to the extent of such under-subscription may be permitted from the Reserved Portion to the Issue. For allocation in the event of an undersubscription applicable to the Issuer, Bidders may refer to the RHP.
- e) In case if the Retail Individual Investor category is entitled to more than the allocated portion on proportionate basis, the category shall be allotted that higher percentage.

Illustration of the Book Building and Price Discovery Process: Bidders should note that this example is solely for illustrative purposes and is not specific to the Issue; it also excludes Bidding by Anchor Investors. Bidders can bid at any price within the Price Band. For instance, assume a Price Band of ₹20 to ₹ 24 per share, Issue size of 3,000 Equity Shares and receipt of five Bids from Bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the Equity Shares of the Issuer at various prices and is collated from Bids received from various investors.

Bid Quantity	Bid Amount (₹)	Cumulative Quantity	Subscription
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.67%
2,500	20	7,500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the Issuer is able to Issue the desired number of Equity Shares is the price at which the book cuts off, i.e., ₹ 22.00 in the above example. The Issuer, in consultation with the BRLM, may finalise the Issue Price at or below such Cut-Off Price, i.e., at or below ₹ 22.00. All Bids at or above this Issue Price and cut-off Bids are valid Bids and are considered for allocation in the respective categories.

GENERAL INSTRUCTIONS

Do's:

1. Check if you are eligible to apply as per the terms of the Red Herring Prospectus and under applicable law, rules, regulations, guidelines and approvals. All should submit their Bids through the ASBA process only;
2. Ensure that you have Bid within the Price Band;

For details in relation to allocation, the Bidder may refer to the RHP.
- b) Under-subscription in any category (except QIB Category) is allowed to be met with spill over from any other category or combination of categories at the discretion of the Issuer and in consultation with the BRLM and the Designated Stock Exchange and in accordance with the SEBI (ICDR) Regulations, Unsubscribed portion in QIB Category is not available for subscription to other categories.
- c) In case of under subscription in the Issue, spill-over to the extent of such under- subscription may be permitted from the Reserved Portion to the Issue. For allocation in the event of an under-subscription applicable to the Issuer, Bidders may refer to the RHP.

ALLOTMENT PROCEDURE AND BASIS OF ALLOTMENT

The Allotment of Equity Shares to Bidders other than Retail Individual Investors may be on proportionate basis. No Retail Individual Investor will be Allotted less than the minimum Bid Lot subject to availability of shares in Retail Individual Investor Category and the remaining available shares, if any will be Allotted on a proportionate basis. The Issuer is required to receive a minimum subscription of 90% of the Issue. However, in case the Issue is in the nature of Issue for Sale only, then minimum subscription may not be applicable.

BASIS OF ALLOTMENT

a. For Retail Individual Bidders

Bids received from the Retail Individual Bidders at or above the Issue Price shall be grouped together to determine the total demand under this category. The Allotment to all the successful Retail Individual Bidders will be made at the Issue Price.

The Issue size less Allotment to Non-Institutional and QIB Bidders shall be available for Allotment to Retail Individual Bidders who have Bid in the Issue at a price that is equal to or greater than the Issue Price. If the aggregate demand in this category is less than or equal to [●] Equity Shares at or above the Issue Price, full Allotment shall be made to the Retail Individual Bidders to the extent of their valid Bids.

If the aggregate demand in this category is greater than [●] Equity Shares at or above the Issue Price, the Allotment shall be made on a proportionate basis up to a minimum of [●] Equity Shares and in multiples of [●] Equity Shares

thereafter. For the method of proportionate Basis of Allotment, refer below.

b. For Non-Institutional Bidders

Bids received from Non-Institutional Bidders at or above the Issue Price shall be grouped together to determine the total demand under this category. The Allotment to all successful Non- Institutional Bidders will be made at the Issue Price.

The Issue size less Allotment to QIBs and Retail shall be available for Allotment to Non- Institutional Bidders who have Bid in the Issue at a price that is equal to or greater than the Issue Price. If the aggregate demand in this category is less than or equal to [●] Equity Shares at or above the Issue Price, full Allotment shall be made to Non-Institutional Bidders to the extent of their demand.

In case the aggregate demand in this category is greater than [●] Equity Shares at or above the Issue Price, Allotment shall be made on a proportionate basis up to a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter. For the method of proportionate Basis of Allotment refer below.

c. For QIBs

Bids received from QIBs Bidding in the QIB Category at or above the Issue Price may be grouped together to determine the total demand under this category. The QIB Category may be available for Allotment to QIBs who have Bid at a price that is equal to or greater than the Issue Price. Allotment may be undertaken in the following manner: Allotment shall be undertaken in the following manner:

- a) In the first instance allocation to Mutual Funds for [●]% of the QIB Portion shall be determined as follows:
 - In the event that Bids by Mutual Fund exceeds [●] % of the QIB Portion, allocation to Mutual Funds shall be done on a proportionate basis for [●] % of the QIB Portion.
 - In the event that the aggregate demand from Mutual Funds is less than [●] % of the QIB Portion then all Mutual Funds shall get full Allotment to the extent of valid Bids received above the Issue Price.
 - Equity Shares remaining unsubscribed, if any, not allocated to Mutual Funds shall be available for Allotment to all QIB Bidders as set out in (b) below;
- b) In the second instance Allotment to all QIBs shall be determined as follows:
 - In the event that the oversubscription in the QIB Portion, all QIB Bidders who have submitted Bids above the Issue Price shall be allotted Equity Shares on a proportionate basis, upto a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter for [●]% of the QIB Portion.
 - Mutual Funds, who have received allocation as per (a) above, for less than the number of Equity Shares Bid for by them, are eligible to receive Equity Shares on a proportionate basis, upto a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter, along with other QIB Bidders.
 - Under-subscription below [●] % of the QIB Portion, if any, from Mutual Funds, would be included for allocation to the remaining QIB Bidders on a proportionate basis. The aggregate Allotment to QIB Bidders shall not be more than [●] Equity Shares.

c) Basis of Allotment for QIBs and NIIs in case of Over Subscribed Issue:

In the event of the Issue being Over-Subscribed, the Issuer may finalise the Basis of Allotment in consultation with the NSE Emerge (The Designated Stock Exchange). The allocation may be made in marketable lots on proportionate basis as set forth hereunder:

- a) The total number of Shares to be allocated to each category as a whole shall be arrived at on a proportionate basis i.e. the total number of Shares applied for in that category multiplied by the inverse of the oversubscription ratio (number of Bidders in the category multiplied by number of Shares applied for).
- b) The number of Shares to be allocated to the successful Bidders will be arrived at on a proportionate basis in marketable lots (i.e. Total number of Shares applied for into the inverse of the over subscription ratio).
- c) For Bids where the proportionate allotment works out to less than [●] equity shares the allotment will be made as follows:
 - Each successful Bidder shall be allotted [●] equity shares; and
 - The successful Bidder out of the total bidders for that category shall be determined by draw of lots in such a manner that the total number of Shares allotted in that category is equal to the number of Shares

worked out as per (b) above.

- d) If the proportionate allotment to a Bidder works out to a number that is not a multiple of [●] equity shares, the Bidder would be allotted Shares by rounding off to the nearest multiple of [●] equity shares subject to a minimum allotment of [●] equity shares.
- e) If the Shares allotted on a proportionate basis to any category is more than the Shares allotted to the Bidders in that category, the balance available Shares or allocation shall be first adjusted against any category, where the allotted Shares are not sufficient for proportionate allotment to the successful Bidder in that category, the balance Shares, if any, remaining after such adjustment will be added to the category comprising Bidder applying for the minimum number of Shares. If as a result of the process of rounding off to the nearest multiple of [●] Equity Shares, results in the actual allotment being higher than the shares offered, the final allotment may be higher at the sole discretion of the Board of Directors, up to 110% of the size of the Issue specified under the Capital Structure mentioned in this DRHP.

Retail Individual Investor' means an investor who applies for shares of value of not more than ₹ 2,00,000/-. Investors may note that in case of over subscription allotment shall be on proportionate basis and will be finalized in consultation with NSE.

The Executive Director / Managing Director of NSE - the Designated Stock Exchange in addition to Book Running Lead Manager and Registrar to the Public Issue shall be responsible to ensure that the basis of allotment is finalized in a fair and proper manner in accordance with the SEBI (ICDR) Regulations.

Issuance of Allotment Advice

- 1) Upon approval of the Basis of Allotment by the Designated Stock Exchange.
- 2) On the basis of approved Basis of Allotment, the Issuer shall pass necessary corporate action to facilitate the allotment and credit of equity shares. Bidders are advised to instruct their Depository Participants to accept the Equity Shares that may be allotted to them pursuant to the Issue.

The Book Running Lead Manager or the Registrar to the Issue will dispatch an Allotment Advice to their Bidders who have been allocated Equity Shares in the Issue. The dispatch of Allotment Advice shall be deemed a valid, binding and irrevocable contract for the Allotment to such Bidder.

- 3) Issuer will make the allotment of the Equity Shares and initiate corporate action for credit of shares to the successful Bidders Depository Account within 4 working days of the Issue Closing date. - all monies received out of the Fresh Issue shall be credited/transferred to a separate bank account other than the bank account referred to in sub-section (3) of Section 40 of the Companies Act, 2013;
- details of all monies utilized out of the Fresh Issue shall be disclosed, and continue to be disclosed till the time any part of the Issue proceeds remains unutilized, under an appropriate head in the balance sheet of our Company indicating the purpose for which such monies have been utilized; and

details of all unutilized monies out of the Fresh Issue, if any shall be disclosed under an appropriate separate head in the balance sheet indicating the form in which such unutilized monies have been invested.

RESTRICTION ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and FEMA. While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. Foreign investment is allowed up to 100% under automatic route in our Company.

The RBI and the concerned ministries/departments are responsible for granting approval for foreign investment. The Government has from time to time made policy pronouncements on foreign direct investment (“FDI”) through press notes and press releases. The Department for Promotion of Industry and Internal Trade, Ministry of Commerce and Industry, Government of India (earlier known as the Department of Industrial Policy and Promotion) (“DPIIT”), issued the FDI Policy, which, with effect from October 15, 2020 consolidated, subsumed and superseded all previous press notes, press releases and clarifications on FDI issued by the DPIIT that were in force and effect prior to October 15, 2020. In terms of FDI Policy, FDI to an extent of 51% is allowed in multi brand retail trading with government approval. The FDI Policy will be valid until the DPIIT issues an updated circular. FDI in companies engaged in sectors/ activities which are not listed in the FDI Policy is permitted up to 100% of the paid-up share capital of such company under the automatic route, subject to compliance with certain prescribed conditions.

Under the current FDI Policy and the FEMA Non-Debt Rules, foreign direct investment is not permitted in companies engaged in (a) multi-brand retail trading, undertaking retail trading by means of e-commerce, and (b) inventory-based model of e-commerce. In accordance with the FEMA Non-debt Rules, participation by non-residents in the Issue is restricted to participation by (i) FPIs under Schedule II of the FEMA Non-debt Rules, subject to limit of the individual holding of an FPI below 10% of the post-Issue paid-up capital of our Company and the aggregate limit for FPI investment currently not exceeding the sectoral cap i.e. 51% of the post issue paid up share capital; and (ii) Eligible NRIs applying only on a non-repatriation basis under Schedule IV of the FEMA Non-debt Rules. Further, other non-residents applying on a repatriation basis, FVCIs and multilateral and bilateral development financial institutions are not permitted to participate in the Issue. As per the existing policy of the Government of India, OCBs cannot participate in this issue. See “*Issue Procedure*” beginning on page 208.

The Government has from time to time made policy pronouncements on FDI through press notes and press releases. The Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India (DIPP), issued consolidated FDI Policy, which with effect from August 28, 2017 consolidates and supersedes all previous press notes, press releases and clarifications on FDI issued by the DIPP that were in force and effect as on August 27, 2017. The Government proposes to update the consolidated circular on FDI Policy once every year and therefore, the Consolidation FDI Policy will be valid until the DIPP issues an updated circular.

The transfer of shares by an Indian resident to a Non-Resident does not require the prior approval of the FIPB or the RBI, provided that (i) the activities of the investee company are under the automatic route under the Consolidated FDI Policy and transfer does not attract the provisions of the SEBI (Substantial Acquisition of Shares and Takeovers) Regulations, 2011; (ii) the non-resident shareholding is within the sectoral limits under the Consolidated FDI Policy; and (iii) the pricing is in accordance with the guidelines prescribed by SEBI/RBI.

The foreign investment in our Company is governed by, inter-alia, the FEMA, the FEMA Non-debt Rules, the FDI Policy issued and amended by way of press notes.

Further, in terms of the FEMA Non-debt Rules, the aggregate FPI investment limit is the sectoral cap applicable to Indian company as prescribed in the FEMA Non-Debt Instruments Rules with respect to its paid-up equity capital on a fully diluted basis. See “*Issue Procedure*” beginning on page 208.

Further, in accordance with the FDI Policy, the Press Note No. 3 (2020 Series), dated April 17, 2020 issued by the DPIIT and the FEMA Non-debt Rules, any investment, subscription, purchase or sale of equity instruments by entities of a country which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country (“Restricted Investors”), will require prior approval of the Government, as prescribed in the FDI Policy and the FEMA Non-debt Rules. Further, in the event of transfer of ownership of any existing or future foreign direct investment in an entity in India, directly or indirectly, resulting in the beneficial ownership falling within the aforesaid restriction/ purview, such subsequent change in the beneficial ownership will also require approval of the Government. Furthermore, on April 22, 2020, the Ministry of Finance, Government of India has also made a similar amendment to the FEMA Non-Debt Rules. Each Bidder should seek independent legal advice about its ability to participate in the Issue. In the event such prior approval of the Government of India is required, and such approval has been obtained, the Bidder shall intimate our Company and the Registrar in writing about such approval along with a copy thereof within the Bid/Issue Period.

The Equity Shares have not been and will not be registered under the U.S. Securities Act and may not be offered or sold within the United States except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable U.S. state securities laws. Accordingly, the Equity Shares are only being offered and sold outside the United States in offshore transactions in reliance on Regulation S and the applicable laws of the jurisdiction where those Issues and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Bids may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

The above information is given for the benefit of the Applicants. Our Company and the BRLM are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. Applicants are advised to make their independent investigations and ensure that the Applications are not in violation of laws or regulations applicable to them.

4. The Authorized Share Capital of the Company shall be as prescribed in Clause 5 of the Memorandum of Association of the Company.

5. Subject to the provisions of the Act and these Articles, the shares in the capital of the Company for the time being (including any shares forming part of any increased capital of the Company) shall be under the control of the Board who may allot the same or any of them to such persons, in such proportion and on such terms and conditions and either at a premium or at par or at a discount (subject to compliance with the provisions of the Act) and at such terms as they may, from time to time, think fit and proper and with the sanction of the Company in General Meeting by a Special Resolution give to any person the option to call for or be allotted shares of any class of the Company, either at par, at a premium or subject as aforesaid at a discount, such option being exercisable at such times and for such consideration as the Board thinks fit unless the Company in General Meeting, by a Special Resolution, otherwise decides. Any offer of further shares shall be deemed to include a right, exercisable by the person to whom the shares are offered, to renounce the shares offered to him in favour of any other person.
6. Subject to the provisions of the Act, any redeemable Preference Share, including Cumulative Convertible Preference Share may, with the sanction of an ordinary resolution be issued on the terms that they are, or at the option of the Company are liable to be redeemed or converted on such terms and in such manner as the Company, before the issue of the shares may, by special resolution, determine.

***Adoption of Articles of Association Vide Special Resolution Passed by the Members through Extra-Ordinary General Meeting held on July 24, 2023.**

7. The Company in General Meeting, by a Special Resolution, may determine that any share (whether forming part of the original capital or of any increased capital of the Company) shall be offered to such persons (whether members or holders of debentures of the Company or not), giving them the option to call or be allotted shares of any class of the Company either at a premium or at par or at a discount, (subject to compliance with the provisions of Section 53) such option being exercisable at such times and for such consideration as may be directed by a Special Resolution at a General Meeting of the Company or in General Meeting and may take any other provisions whatsoever for the issue, allotment or disposal of any shares.
8. The Board may at any time increase the subscribed capital of the Company by issue of new shares out of the unissued part of the Share Capital in the original or subsequently created capital, but subject to Section 62 of the Act, and subject to the following conditions namely:
 - I. (a) Such further shares shall be offered to the persons who, at the date of the offer, are holder of the equity shares of the Company in proportion, as nearly as circumstances admit, to the capital paid up on those shares at that date.
 - (b) The offer aforesaid shall be made by notice specifying the number of shares offered and limiting a time not being less than twenty-one days, from the date of the offer within which the offer, if not accepted, will be deemed to have been declined.
 - (c) The offer aforesaid shall be deemed to include a right exercisable by the person concerned to renounce the shares offered to him or any of them in favour of any other person and the notice referred to in clause (b) shall contain a statement of this right.
 - (d) After the expiry of the time specified in the notice aforesaid, or in respect of earlier intimation from the person to whom such notice is given that he declines to accept the shares offered, the Board may dispose of them in such manner as it thinks most beneficial to the Company.
 - II. The Directors may, with the sanction of the Company in General Meeting by means of a special resolution, offer and allot shares to any person at their discretion by following the provisions of section 62 of the Act and other applicable provisions, if any.
 - III. Nothing in this Article shall apply to the increase in the subscribed capital of the Company which has been approved by:
 - (a) A Special Resolution passed by the Company in General Meeting before the issue of the debentures or the raising of the loans, and
 - (b) The Central Government before the issue of the debentures or raising of the loans or is in conformity with the rules, if any, made by that Government in this behalf.
9. (1) The rights attached to each class of shares (unless otherwise provided by the terms of the issue of the shares of the class) may, subject to the provisions of Section 48 of the Act, be varied with the consent in writing of the holders of not less than three fourths of the issued shares of that class or with the sanction of a Special Resolution passed at a General Meeting of the holders of the shares of that class.

(2) To every such separate General Meeting, the provisions of these Articles relating to General Meeting shall Mutatis Mutandis apply, but so that the necessary quorum shall be two persons at least holding or representing by proxy one-tenth of the issued shares of that class.

10. Issue of further shares with disproportionate rights

Subject to the provisions of the Act, the rights conferred upon the holders of the shares of any class issued with preferred or other rights or not, unless otherwise expressly provided for by the terms of the issue of shares of that class, be deemed to be varied by the creation of further shares ranking pari passu therewith.

11. Not to issue shares with disproportionate rights

The Company shall not issue any shares (not being Preference Shares) which carry voting rights or rights in the Company as to dividend, capital or otherwise which are disproportionate to the rights attached to the holders of other shares not being Preference Shares.

12. Power to pay commission

The Company may, at any time, pay a commission to any person for subscribing or agreeing to subscribe (whether absolutely or conditionally) for any share, debenture or debenture stock of the Company or procuring or agreeing to procure subscriptions (whether absolute or conditional) for shares, such commission in respect of shares shall be paid or payable out of the capital, the statutory conditions and requirements shall be observed and complied with and the amount or rate of commission shall not exceed five percent of the price at which the shares are issued and in the case of debentures, the rate of commission shall not exceed, two and half percent of the price at which the debentures are issued. The commission may be satisfied by the payment of cash or the allotment of fully or partly paid shares or partly in one way and partly in the other. The Company may also, on any issue of shares, pay such brokerage as may be lawful.

13. Liability of joint holders of shares

The joint holders of a share or shares shall be severally as well as jointly liable for the payment of all installments and calls due in respect of such share or shares.

14. Trust not recognised

Save as otherwise provided by these Articles, the Company shall be entitled to treat the registered holder of any share as the absolute owner thereof and accordingly, the Company shall not, except as ordered by a Court of competent jurisdiction or as by a statute required, be bound to recognised any equitable, contingent, future or partial interest lien, pledge or charge in any share or (except only by these presents otherwise provided for) any other right in respect of any share except an absolute right to the entirety thereof in the registered holder.

15. Issue other than for cash

- a) The Board may issue and allot shares in the capital of the Company as payment or part payment for any property sold or goods transferred or machinery or appliances supplied or for services rendered or to be rendered to the Company in or about the formation or promotion of the Company or the acquisition and or conduct of its business and shares may be so allotted as fully paid-up shares, and if so issued, shall be deemed to be fully paid-up shares.
- b) As regards all allotments, from time to time made, the Board shall duly comply with Section 39 of the Act.

16. Acceptance of shares

An application signed by or on behalf of the applicant for shares in the Company, followed by an allotment of any share therein, shall be acceptance of the shares within the meaning of these Articles; and every person who thus or otherwise accepts any share and whose name is on the Register shall, for the purpose of these Articles, be a shareholder.

17. Member' right to share Certificates

1. Every person whose name is entered as a member in the Register shall be entitled to receive without payment:
 - a. One certificate for all his shares; or
 - b. Share certificate shall be issued in marketable lots, where the share certificates are issued either for more or less than the marketable lots, sub-division/consolidation into marketable lots shall be done free of charge.

2. The Company shall, within two months after the allotment and within fifteen days after application for registration of the transfer of any share or debenture, complete and have it ready for delivery; the share certificates for all the shares and debentures so allotted or transferred unless the conditions of issue of the said shares otherwise provide.
3. Every certificate shall be under the signature of two Directors and the Company Secretary of the Company and shall specify the shares to which it relates and the amount paid-up thereon.
4. The certificate of title to shares and duplicates thereof when necessary shall be issued under the signature of two Directors and the Company Secretary of the Company or authorized official(s) of the Company.

18. One Certificate for joint holders

In respect of any share or shares held jointly by several persons, the Company shall not be bound to issue more than one certificate for the same share or shares and the delivery of a certificate for the share or shares to one of several joint holders shall be sufficient delivery to all such holders. Subject as aforesaid, where more than one share is so held, the joint holders shall be entitled to apply jointly for the issue of several certificates in accordance with Article 20 below.

19. Renewal of Certificate

If a certificate be worn out, defaced, destroyed, or lost or if there is no further space on the back thereof for endorsement of transfer, it shall, if requested, be replaced by a new certificate without any fee, provided however that such new certificate shall not be given except upon delivery of the worn out or defaced or used up certificate, for the purpose of cancellation, or upon proof of destruction or loss, on such terms as to evidence, advertisement and indemnity and the payment of out of pocket expenses as the Board may require in the case of the certificate having been destroyed or lost. Any renewed certificate shall be marked as such in accordance with the provisions of the act in force. For every certificate issued under the last preceding Article, no fee shall be charged by the Company.

20. Splitting and consolidation of Share Certificate

The shares of the Company will be split up/consolidated in the following circumstances:

- (i) At the request of the member/s for split up of shares in marketable lot.
- (ii) At the request of the member/s for consolidation of fraction shares into marketable lot.

21. Directors may issue new Certificate(s)

Where any share under the powers in that behalf herein contained are sold by the Directors and the certificate thereof has not been delivered up to the Company by the former holder of the said shares, the Directors may issue a new certificate for such shares distinguishing it in such manner as they think fit from the certificate not so delivered up.

22. Person by whom installments are payable

If, by the conditions of allotment of any share, the whole or part of the amount or issue price thereof shall be payable by installments, every such installment, shall, when due, be paid to the Company by the person who for the time being and from time to time shall be the registered holder of the share or his legal representative or representatives, if any.

LIEN

23. Company's lien on shares

The Company shall have first and paramount lien upon all shares other than fully paid-up shares registered in the name of any member, either or jointly with any other person, and upon the proceeds or sale thereof for all moneys called or payable at a fixed time in respect of such shares and such lien shall extend to all dividends from time to time declared in respect of such shares. But the Directors, at any time, may declare any share to be exempt, wholly or partially from the provisions of this Article. Unless otherwise agreed, the registration of transfer of shares shall operate as a waiver of the Company's lien, if any, on such shares.

24. As to enforcing lien by sale

For the purpose of enforcing such lien, the Board of Directors may sell the shares subject thereto in such manner as it thinks fit, but no sale shall be made until the expiration of 14 days after a notice in writing stating and demanding payment of such amount in respect of which the lien exists has been given to the registered holders of the shares for the time being or to the person entitled to the shares by reason of the death of insolvency of the register holder.

25. Authority to transfer

- a. To give effect to such sale, the Board of Directors may authorise any person to transfer the shares sold to the purchaser thereof and the purchaser shall be registered as the holder of the shares comprised in any such transfer.
- b. The purchaser shall not be bound to see the application of the purchase money, nor shall his title to the shares be affected by any irregularity or invalidity in the proceedings relating to the sale.

26. Application of proceeds of sale

The net proceeds of any such sale shall be applied in or towards satisfaction of the said moneys due from the member and the balance, if any, shall be paid to him or the person, if any, entitled by transmission to the shares on the date of sale.

CALLS ON SHARES

27. Calls

Subject to the provisions of Section 49 of the Act, the Board of Directors may, from time to time, make such calls as it thinks fit upon the members in respect of all moneys unpaid on the shares held by them respectively and not by the conditions of allotment thereof made payable at fixed times, and the member shall pay the amount of every call so made on him to the person and at the time and place appointed by the Board of Directors.

28. When call deemed to have been made

A call shall be deemed to have been made at the time when the resolution of the Directors authorising such call was passed. The Board of Directors making a call may by resolution determine that the call shall be deemed to be made on a date subsequent to the date of the resolution, and in the absence of such a provision, a call shall be deemed to have been made on the same date as that of the resolution of the Board of Directors making such calls.

29. Length of Notice of call

Not less than thirty day's notice of any call shall be given specifying the time and place of payment provided that before the time for payment of such call, the Directors may, by notice in writing to the members, extend the time for payment thereof.

30. Sum payable in fixed installments to be deemed calls

If by the terms of issue of any share or otherwise, any amount is made payable at any fixed times, or by installments at fixed time, whether on account of the share or by way of premium, every such amount or installment shall be payable as if it were a call duly made by the Directors, on which due notice had been given, and all the provisions herein contained in respect of calls shall relate and apply to such amount or installment accordingly.

31. When interest on call or installment payable

If the sum payable in respect of any call or, installment be not paid on or before the day appointed for payment thereof, the holder for the time being of the share in respect of which the call shall have been made or the installment shall fall due, shall pay interest for the same at the rate of 12 percent per annum, from the day appointed for the payment thereof to the time of the actual payment or at such lower rate as the Directors may determine. The Board of Directors shall also be at liberty to waive payment of that interest wholly or in part.

32. Sums payable at fixed times to be treated as calls

The provisions of these Articles as to payment of interest shall apply in the case of non-payment of any such sum which by the terms of issue of a share, become payable at a fixed time, whether on account of the amount of the share or by way of premium, as if the same had become payable by virtue of a call duly made and notified.

33. Payment of call in advance

The Board of Directors, may, if it thinks fit, receive from any member willing to advance all of or any part of the moneys uncalled and unpaid upon any shares held by him and upon all or any part of the moneys so advance may (until the same would, but for such advance become presently payable) pay interest at such rate as the Board of Directors may decide but shall not in respect of such advances confer a right to the dividend or participate in profits.

34. Partial payment not to preclude forfeiture

Neither a judgment nor a decree in favour of the Company for calls or other moneys due in respect of any share nor any part payment or satisfaction thereunder, nor the receipt by the Company of a portion of any money which shall from, time to time, be due from any member in respect of any share, either by way of principal or interest nor any indulgency granted by the Company in respect of the payment of any such money shall preclude the Company from thereafter proceeding to enforce a forfeiture of such shares as herein after provided.

FORFEITURE OF SHARES

35. If call or installment not paid, notice may be given

If a member fails to pay any call or installment of a call on the day appointed for the payment not paid thereof, the Board of Directors may during such time as any part of such call or installment remains unpaid serve a notice on him requiring payment of so much of the call or installment as is unpaid, together with any interest, which may have accrued. The Board may accept in the name and for the benefit of the Company and upon such terms and conditions as may be agreed upon, the surrender of any share liable to forfeiture and so far as the law permits of any other share.

36. Evidence action by Company against shareholders

On the trial or hearing of any action or suit brought by the Company against any shareholder or his representative to recover any debt or money claimed to be due to the Company in respect of his share, it shall be sufficient to prove that the name of the defendant is or was, when the claim arose, on the Register of shareholders of the Company as a holder, or one of the holders of the number of shares in respect of which such claim is made, and that the amount claimed is not entered as paid in the books of the Company and it shall not be necessary to prove the appointment of the Directors who made any call nor that a quorum of Directors was present at the Board at which any call was made nor that the meeting at which any call was made was duly convened or constituted nor any other matter whatsoever; but the proof of the matters aforesaid shall be conclusive evidence of the debt.

37. Form of Notice

The notice shall name a further day (not earlier than the expiration of fourteen days from the date of service of the notice), on or before which the payment required by the notice is to be made, and shall state that, in the event of non-payment on or before the day appointed, the shares in respect of which the call was made will be liable to be forfeited.

38. If notice not complied with, shares may be forfeited

If the requirements of any such notice as, aforementioned are not complied with, any share in respect of which the notice has been given may at any time thereafter, before the payment required by the notice has been made, be forfeited by a resolution of the Board to that effect. Such forfeiture shall include all dividends declared in respect of the forfeited shares and not actually paid before the forfeiture.

39. Notice after forfeiture

When any share shall have been so forfeited, notice of the resolution shall be given to the member in whose name it stood immediately prior to the forfeiture and an entry of the forfeiture shall not be in any manner invalidated by any omission or neglect to give such notice or to make such entry as aforesaid.

40. Boards' right to dispose of forfeited shares or cancellation of forfeiture

A forfeited or surrendered share may be sold or otherwise disposed off on such terms and in such manner as the Board may think fit, and at any time before such a sale or disposal, the forfeiture may be cancelled on such terms as the Board may think fit.

41. Liability after forfeiture

A person whose shares have been forfeited shall cease to be a member in respect of the forfeited shares but shall, notwithstanding such forfeiture, remain liable to pay and shall forthwith pay the Company all moneys, which at the date of forfeiture is payable by him to the Company in respect of the share, whether such claim be barred by limitation on the date of the forfeiture or not, but his liability shall cease if and when the Company received payment in full of all such moneys due in respect of the shares.

42. Effect of forfeiture

The forfeiture of a share shall involve in the extinction of all interest in and also of all claims and demands against the Company in respect of the shares and all other rights incidental to the share, except only such of these rights as by these Articles are expressly saved.

43. Evidence of forfeiture

A duly verified declaration in writing that the declarant is a Director of the Company and that a share in the Company has been duly forfeited on a date stated in the declaration, shall be conclusive evidence of the facts therein stated as against all persons claiming to be entitled to the share, and that declaration and the receipt of the Company for the consideration, if any, given for the shares on the sale or disposal thereof, shall constitute a good title to the share and the person to whom the share is sold or disposed of shall be registered as the holder of the share and shall not be bound to see to the application of the purchase money (if any) nor shall his title to the share be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture, sale or disposal of the share.

44. Non-payment of sums payable at fixed times

The provisions of these regulations as to forfeiture shall apply in the case of non-payment of any sum which by terms of issue of a share, becomes payable at a fixed time, whether, on account of the amount of the share or by way of premium or otherwise as if the same had been payable by virtue of a call duly made and notified.

45. Validity of such sales

Upon any sale after forfeiture or for enforcing a lien in purported exercise of the powers herein before given, the Directors may cause the purchaser's name to be entered in the register in respect of the shares sold and may issue fresh certificate in the name of such a purchaser. The purchaser shall not be bound to see to the regularity of the proceedings, nor to the application of the purchase money and after his name has been entered in the register in respect of such shares, the validity of the sale shall not be impeached by any person and the remedy of any person aggrieved by the sale shall be in damages only and against the Company exclusively.

TRANSFER AND TRANSMISSION OF SHARES

46. Transfer

- a. The instrument of transfer of any share in the Company shall be executed both by the transferor and the transferee and the transferor shall be deemed to remain holder of the shares until the name of the transferee is entered in the register of members in respect thereof.
- b. The Board shall not register any transfer of shares unless a proper instrument of transfer duly stamped and executed by the transferor and the transferee has been delivered to the Company along with the certificate and such other evidence as the Company may require to prove the title of the transferor or his right to transfer the shares.

Provided that where it is proved to the satisfaction of the Board that an instrument of transfer signed by the transferor and the transferee has been lost, the Company may, if the Board thinks fit, on an application on such terms in writing made by the transferee and bearing the stamp required for an instrument of transfer, register the transfer on such terms as to indemnity as the Board may think fit.

- c. An application for the registration of the transfer of any share or shares may be made either by the transferor or the transferee, provided that where such application is made by the transferor, no registration shall, in the case of partly paid shares, be effected unless the Company gives notice of the application to the transferee. The Company shall, unless objection is made by the transferee within two weeks from the date of receipt of the notice, enter in the register the name of the transferee in the same manner and subject to the same conditions as if the application for registration was made by the transferee.
- d. For the purpose of Sub-clause (c), notice to the transferee shall be deemed to have been duly given if dispatched by prepaid registered post to the transferee at the address given in the instrument of transfer and shall be delivered in the ordinary course of post.
- e. Nothing in Sub-clause (d) shall prejudice any power of the Board to register as a shareholder any person to whom the right to any share has been transmitted by operation of law.

47. Form of transfer

Shares in the Company shall be transferred by an instrument in writing in such common form as specified in Section 56 of the Companies Act.

48. Board's right to refuse to register

The Board, may, at its absolute discretion and without assigning any reason, decline to register;

1. The transfer of any share, whether fully paid or not, to a person of whom it do not approve or
2. Any transfer or transmission of shares on which the Company has a lien
 - a. Provided that registration of any transfer shall not be refused on the ground of the transferor being either alone or jointly with any other person or persons indebted to the Company on any account whatsoever except a lien on the shares.
 - b. If the Board refuses to register any transfer or transmission of right, it shall, within fifteen days from the date of which the instrument or transfer of the intimation of such transmission was delivered to the Company, send notice of the refusal to the transferee and the transferor or to the person giving intimation of such transmission as the case may be.

- c. In case of such refusal by the Board, the decision of the Board shall be subject to the right of appeal conferred by Section 58.
- d. The provisions of this clause shall apply to transfers of stock also.

49. Further right of Board of Directors to refuse to register

- a. The Board may, at its discretion, decline to recognise or accept instrument of transfer of shares unless the instrument of transfer is in respect of only one class of shares.
- b. No fee shall be charged by the Company for registration of transfers or for effecting transmission on shares on the death of any member or for registering any letters of probate, letters of administration and similar other documents.
- c. Notwithstanding anything contained in Sub-articles (b) and (c) of Article 46, the Board may not accept applications for sub-division or consolidation of shares into denominations of less than hundred (100) except when such a sub-division or consolidation is required to be made to comply with a statutory order or an order of a competent Court of Law or a request from a member to convert his holding of odd lots, subject however, to verification by the Company.
- d. The Directors may not accept applications for transfer of less than 100 equity shares of the Company, provided however, that these restrictions shall not apply to:
 - i. Transfer of equity shares made in pursuance of a statutory order or an order of competent court of law.
 - ii. Transfer of the entire equity shares by an existing equity shareholder of the Company holding less than hundred (100) equity shares by a single transfer to joint names.
 - iii. Transfer of more than hundred (100) equity shares in favour of the same transferee under one or more transfer deeds, one or more of them relating to transfer of less than hundred (100) equity shares.
 - iv. Transfer of equity shares held by a member which are less than hundred (100) but which have been allotted to him by the Company as a result of Bonus and/or Rights shares or any shares resulting from Conversion of Debentures.
 - v. The Board of Directors be authorised not to accept applications for sub-division or consolidation of shares into denominations of less than hundred (100) except when such sub-division or consolidation is required to be made to comply with a statutory order of a Court of Law or a request from a member to convert his holding of odd lots of shares into transferable/marketable lots, subject, however, to verification by the Company.

Provided that where a member is holding shares in lots higher than the transferable limit of trading and transfers in lots of transferable unit, the residual shares shall be permitted to stand in the name of such transferor notwithstanding that the residual holding shall be below hundred (100).

50. Rights to shares on death of a member for transmission

- a. In the event of death of any one or more of several joint holders, the survivor, or survivors, alone shall be entitled to be recognised as having title to the shares.
- b. In the event of death of any sole holder or of the death of last surviving holder, the executors or administrators of such holder or other person legally entitled to the shares shall be entitled to be recognised by the Company as having title to the shares of the deceased.

Provided that on production of such evidence as to title and on such indemnity or other terms as the Board may deem sufficient, any person may be recognised as having title to the shares as heir or legal representative of the deceased shareholder.

Provided further that if the deceased shareholder was a member of a Hindu Joint Family, the Board, on being satisfied to that effect and on being satisfied that the shares standing in his name in fact belonged to the joint family, may recognise the survivors of Karta thereof as having titles to the shares registered in the name of such member.

Provided further that in any case, it shall be lawful for the Board in its absolute discretion, to dispense with the production of probate or letters of administration or other legal representation upon such evidence and such terms as to indemnity or otherwise as the Board may deem just.

51. Rights and liabilities of person

1. Any person becoming entitled to a share in consequence of the death or insolvency of a member may, upon such evidence being produced as may from time to time be required by the Board and subject as herein, after provided elect either
 - a. to be registered himself as a holder of the share or
 - b. to make such transfer of the share as the deceased or insolvent member could have made.
2. The Board, shall, in either case, have the same right to decline or suspend registration as it would have had, if the deceased or insolvent member had transferred the share before his death or insolvency.

52. Notice by such a person of his election

- a. If the person so becoming entitled shall elect to be registered as holder of the shares himself, he shall deliver or send to the Company a notice in writing signed by him stating that he so elects.
- b. If the person aforesaid shall elect to transfer the share, he shall testify his election by executing a transfer of the share.
- c. All the limitations, restrictions and provisions of these regulations relating to the right to transfer and the registration of transfers of shares shall be applicable to any such notice or transfer as aforesaid as if the death or insolvency of the member had not occurred and the notice of transfer had been signed by that member.

53. No transfer to infant, etc.

No transfer shall be made to an infant or a person of unsound mind.

54. Endorsement of transfer and issue of certificate

Every endorsement upon the certificate of any share in favour of any transferee shall be signed by the Secretary or by some person for the time being duly authorised by the Board in that behalf.

55. Custody of transfer

The instrument of transfer shall, after registration, remain in the custody of the Company. The Board may cause to be destroyed all transfer deeds lying with the Company for a period of ten years or more.

56. Register of members

- a. The Company shall keep a book to be called the Register of Members, and therein shall be entered the particulars of every transfer or transmission of any share and all other particulars of shares required by the Act to be entered in such Register.

Closure of Register of members

- b. The Board may, after giving not less than seven days previous notice by advertisement in some newspapers circulating in the district in which the Registered Office of the Company is situated, close the Register of Members or the Register of Debenture Holders for any period or periods not exceeding in the aggregate forty-five days in each year but not exceeding thirty days at any one time.

When instruments of transfer to be retained

- c. All instruments of transfer which shall be registered shall be retained by the Company but any instrument of transfer which the Directors may decline to register shall be returned to the person depositing the same.

Company's right to register transfer by apparent legal owner

57. The Company shall incur no liability or responsibility whatever in consequence of their registering or giving effect to any transfer of shares made or purporting to be made by any apparent legal owner thereof (as shown or appearing in the Register of Members) to the prejudice of persons having or claiming any equitable right, title or interest to or in the same shares notwithstanding that the Company may have had notice of such equitable right or title or interest prohibiting registration of such transfer and may have entered such notice referred thereto in any book of the Company and the Company shall not be bound by or required to regard or attend to or give effect to any notice which may be given to it of any equitable right, title or interest or be under any liability whatsoever for refusing or neglecting so to do, though it may have been entered or referred to in the books of the Company; but the Company shall nevertheless be at liberty to have regard and to attend to any such notice and give effect thereto, if the Board shall so think fit.

ALTERATION OF CAPITAL

Alteration and consolidation, sub-division and cancellation of shares

58. The Company may, from time to time, in accordance with the provisions of the Act, alter by Ordinary Resolution, the conditions of the Memorandum of Association as follows:
1. increase its share capital by such amount as it thinks expedient by issuing new shares;
 2. consolidate and divide all or any of its share capital into shares of larger amount than its existing shares;
 3. convert all or any of its fully paid-up shares into stock, and reconvert that stock into fully paid-up shares of the denomination;
 4. sub-divide its shares, or any of them, into shares of smaller amount than is fixed by the Memorandum, so however, that in the sub-division on the proportion between the amount paid and the amount, if any, unpaid, on each reduced share shall be the same as it was in the case of the shares from which the reduced share is derived.
 5. (a). Cancel shares which, at the date of passing of the resolution in that behalf, have not been taken or agreed to be taken by any person, and diminish the amount of its share capital by the amount of the shares so cancelled.
(b). The resolution whereby any share is sub-divided may determined that, as between the holder of the shares resulting from such sub-division, one or more such shares shall have some preference or special advantage as regards dividend, capital or otherwise over or as compared with the others.
 6. Classify and reclassify its share capital from the shares on one class into shares of other class or classes and to attach thereto respectively such preferential, deferred, qualified or other special rights, privileges, conditions or restrictions and to vary, modify or abrogate any such rights, privileges, conditions or restrictions in such manner as may for the time being be permitted under legislative provisions for the time being in force in that behalf.

Reduction of capital, etc. by Company

59. The Company may, by Special Resolution, reduce in any manner with and subject to any incident authorised and consent as required by law:
- a. its share capital;
 - b. any capital redemption reserve account; or
 - c. any share premium account.

SURRENDER OF SHARES

Surrender of shares

60. The Directors may, subject to the provisions of the Act, accept the surrender of any share by way of compromise of any question as to the holder being properly registered in respect thereof.

MODIFICATION OF RIGHTS

Power of modify shares

61. The rights and privileges attached to each class of shares may be modified, commuted, affected, abrogated in the manner provided in Section 48 of the Act.

SET OFF OF MONEY DUE TO SHAREHOLDERS

Set-off of moneys due to shareholders

62. Any money due from the Company to a shareholder may, without the consent of such shareholder, be applied by the Company in or towards payment of any money due from him, either alone or jointly with any other person, to the Company in respect of calls.

CONVERSION OF SHARES INTO STOCK

Conversion of shares

63. The Company may, by Ordinary Resolution, convert all or any fully paid share(s) of any denomination into stock and vice versa.

Transfer of stock

64. The holders of stock may transfer the same or any part thereof in the same manner as, and subject to the same regulations, under which, the shares from which the stock arose might before the conversion have been transferred, or as near thereto as circumstances admit; provided that the Board may, from time to time, fix the minimum amount of stock transferable, so, however, that such minimum shall not exceed the nominal amount of the shares from which the stock arose.

Right of stockholders

65. The holders of the stock shall, according to the amount of the stock held by them, have the same rights, privileges and advantages as regards dividends, voting at meetings of the Company and other matters, as if they held the shares from which the stock arose, but no such privilege or advantage (except participation in the dividends and profits of the Company and its assets on winding up) shall be conferred by an amount of stock which would not, if existing in shares, have conferred that privilege or advantage.

Applicability of regulations to stock and stockholders

66. Such of the regulations contained in these presents, other than those relating to share warrants as are applicable to paid-up shares shall apply to stock and the words shares and shareholder in these presents shall include stock and stockholder respectively.

67. DEMATERIALISATION OF SECURITIES

a) Definitions

For the purpose of this Article:

‘Beneficial Owner’ means a person or persons whose name is recorded as such with a depository;

‘SEBI’ means the Securities and Exchange Board of India;

‘Depository’ means a company formed and registered under the Companies Act, 2013, and which has been granted a certificate of registration to act as a depository under the Securities and Exchange Board of India Act, 1992, and

‘Security’ means such security as may be specified by SEBI from time to time.

b) Dematerialisation of securities

Notwithstanding anything contained in these Articles, the Company shall be entitled to dematerialise or rematerialise its securities and to offer securities in a dematerialised form pursuant to the Depositories Act, 1996 and the rules framed thereunder, if any.

c) Options for investors

Every person subscribing to securities offered by the Company shall have the option to receive security certificates or to hold the securities with a depository. Such a person, who is the beneficial owner of the securities, can at any time opt out of a depository, if permitted by law, in respect of any security in the manner provided by the Depositories Act and the Company shall, in the manner and within the time prescribed, issue to the beneficial owner the required certificates of securities. If a person opts to hold his security with a depository, the Company shall intimate such depository the details of allotment of the security, and on receipt of the information, the depository shall enter in its record the name of the allottee as the beneficial owner of the security.

d) Securities in depositories to be in fungible form

All securities held by a depository shall be dematerialised and be in fungible form. Nothing contained in Sections 89 and 186 of the Act shall apply to a depository in respect of the securities held by it on behalf of the beneficial owners.

e) Rights of depositories and beneficial owners:

- i.** Notwithstanding anything to the contrary contained in the Act or these Articles, a depository shall be deemed to be the registered owner for the purposes of effecting transfer of ownership of security on behalf of the beneficial owner.
- ii.** Save as otherwise provided in (a) above, the depository, as the registered owner of the securities, shall not have any voting rights or any other rights in respect of the securities held by it.
- iii.** Every person holding securities of the Company and whose name is entered as the beneficial owner in the records of the depository shall be deemed to be a member of the Company. The beneficial

owner of the securities shall be entitled to all the rights and benefits and be subject to all the liabilities in respect of his securities which are held by a depository.

f) Service of documents

Notwithstanding anything in the Act or these Articles to the contrary, where securities are held in a depository, the records of the beneficial ownership may be served by such depository on the Company by means of electronic mode or by delivery of floppies or discs.

g) Transfer of securities

Nothing contained in Section 56 of the Act or these Articles shall apply to transfer of securities effected by a transferor and transferee both of whom are entered as beneficial owners in the records of a depository.

h) Allotment of securities dealt with in a depository

Notwithstanding anything in the Act or these Articles, where securities are dealt with in a depository, the Company shall intimate the details thereof to the depository immediately on allotment of such securities.

i) Distinctive numbers of securities held in a depository

Nothing contained in the Act or these Articles regarding the necessity of having distinctive numbers of securities issued by the Company shall apply to securities held in a depository.

j) Register and Index of Beneficial owners

The Register and Index of Beneficial Owners, maintained by a depository under the Depositories Act, 1996, shall be deemed to be the Register and Index of Members and Security Holders for the purposes of these Articles.

k) Company to recognise the rights of registered holders as also the beneficial owners in the records of the depository

Save as herein otherwise provided, the Company shall be entitled to treat the person whose name appears on the Register of Members as the holder of any share, as also the beneficial owner of the shares in records of the depository as the absolute owner thereof as regards receipt of dividends or bonus or services of notices and all or any other matters connected with the Company, and accordingly, the Company shall not, except as ordered by a Court of competent jurisdiction or as by law required, be bound to recognise any benami trust or equity or equitable, contingent or other claim to or interest in such share on the part of any other person, whether or not it shall have express or implied notice thereof.

GENERAL MEETINGS

Annual General Meeting

68. The Company shall in each year hold in addition to the other meetings a general meeting which shall be styled as its Annual General Meeting at intervals and in accordance with the provisions of Section 96 of the Act.

Extraordinary General Meeting

69. 1. Extraordinary General Meetings may be held either at the Registered Office of the Company or at such convenient place as the Board or the Managing Director (subject to any directions of the Board) may deem fit.

Right to summon Extraordinary General Meeting

2. The Chairman or Vice Chairman may, whenever they think fit, and shall if so directed by the Board, convene an Extraordinary General Meeting at such time and place as may be determined.

Extraordinary Meeting by requisition

70. a. The Board shall, on the requisition of such number of members of the Company as is specified below, proceed duly to call an Extraordinary General Meeting of the Company and comply with the provisions of the Act in regard to meetings on requisition.
- b. The requisition shall set out matters for the consideration of which the meeting is to be called, shall be signed by the requisitionists and shall be deposited at the Registered Office of the Company or sent to the Company by Registered Post addressed to the Company at its Registered Office.
- c. The requisition may consist of several documents in like forms, each signed by one or more requisitionists.

- d. The number of members entitled to requisition a meeting in regard to any matter shall be such number of them as hold, on the date of the deposit of the requisition, not less than 1/10th of such of the paid-up capital of the Company as at the date carries the right of the voting in regard to the matter set out in the requisition.
- e. If the Board does not, within 21 days from the date of receipt of deposit of the requisition with regard to any matter, proceed duly to call a meeting for the consideration of these matters on a date not later than 45 days from the date of deposit of the requisition, the meeting may be called by the requisitionists themselves or such of the requisitionists, as represent either majority in the value of the paid-up share capital held by them or of not less than one tenth of such paid-up capital of the Company as is referred to in Sub-clause (d) above, whichever is less.

Length of notice for calling meeting

71. A General Meeting of the Company may be called by giving not less than twenty one days' notice in writing, provided that a General Meeting may be called after giving shorter notice if consent thereto is accorded by the members holding not less than 95 per cent of the part of the paid-up share capital which gives the right to vote on the matters to be considered at the meeting.

Provided that where any member of the Company is entitled to vote only on some resolution or resolutions to be moved at a meeting and not on the others, those members, shall be taken into account for purpose of this clause in respect of the former resolution or resolutions and not in respect of the latter.

Accidental omission to give notice not to invalidate meeting

72. The accidental omission to give notice of any meeting to or the non-receipt of any such notice by any of the members shall not invalidate the proceedings of any resolution passed at such meeting.

Special business and statement to be annexed

73. All business shall be deemed special that is transacted at an Extraordinary Meeting and also that is transacted at an Annual Meeting with the exception of declaration of a dividend, the consideration of financial statements and the reports of the Directors and Auditors thereon, the election of the Directors in the place of those retiring, and the appointment of and the fixing of the remuneration of Auditors. Where any item of business to be transacted at the meeting is deemed to be special as aforesaid, there shall be annexed to the notice of the meeting a statement setting out all material facts concerning each such item of business including in particular the nature of the concern or interest, if any, therein, of every Director and the Manager, if any, every other Key Managerial Personnel and the relatives of Directors, Manager and other Key Managerial Personnel. Where any item of business consists of the according of approval to any document by the meeting, the time and place where the document can be inspected shall be specified in the statement aforesaid.

Where any item of special business to be transacted at a meeting of the company relates to or affects any other company, the extent of shareholding interest in that other company of every promoter, director, manager, if any, and of every other key managerial personnel of the first mentioned company shall, if the extent of such shareholding is not less than two per cent of the paid-up share capital of that company, also be set out in the statement.

Quorum

74. The quorum requirements for general meetings shall be as under and no business shall be transacted at any General Meeting unless the requisite quorum is present when the meeting proceeds to business:

Number of members upto 1000: 5 members personally present

Number of members 1000-5000: 15 members personally present

Number of members more than 5000: 30 members personally present

If quorum not present, when meeting to be dissolved and when to be adjourned

75. If within half an hour from the time appointed for the meeting, a quorum is not present, the meeting, if called upon the requisition of members, shall be dissolved; in any other case, it shall stand adjourned to the same day in the next week and at the same time and place or to such other day and to be at such other time and place as the Board may determine and if at the adjourned meeting a quorum is not present within half an hour from the time appointed for the meeting, the members present shall be a quorum.

Chairman of General Meeting

76. The Chairman of the Board of Directors shall preside at every General Meeting of the Company and if he is not present within 15 minutes after the time appointed for holding the meeting, or if he is unwilling to act as Chairman, the Vice Chairman of the Board of Directors shall preside over the General Meeting of the Company.

When Chairman is absent

77. If there is no such Chairman, or Vice Chairman or if at any General Meeting, either the Chairman or Vice Chairman is not present within fifteen minutes after the time appointed for holding the meeting or if they are unwilling to take the chair, the members present shall choose one of their members to be the Chairman.

Adjournment of meeting

78. The Chairman may, with the consent of any meeting at which a quorum is present and shall, if so directed by the meeting, adjourn that meeting from time to time from place to place, but no business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place.

When a meeting is adjourned for thirty days or more, notice of the adjourned meeting shall be given as in the case of an original meeting. Save as aforesaid, it shall not be necessary to give any notice of adjournment or of the business to be transacted at an adjourned meeting.

Questions at General Meeting how decided

79. At a General Meeting, a resolution put to the vote of the meeting shall be decided on a show of hands/result of electronic voting as per the provisions of Section 108, unless a poll is (before or on the declaration of the result of the show of hands/ electronic voting) demanded in accordance with the provisions of Section 109. Unless a poll is so demanded, a declaration by the Chairman that a resolution has, on a show of hands/ electronic voting, been carried unanimously or by a particular majority or lost and an entry to that effect in the book of the proceedings of the Company shall be conclusive evidence of the fact without proof of the number or proportion of the votes recorded in favour of or against that resolution.

Casting vote

80. In the case of an equality of votes, the Chairman shall, whether on a show of hands, or electronically or on a poll, as the case may be, have a casting vote in addition to the vote or votes to which he may be entitled as a member.

Taking of poll

81. If a poll is duly demanded in accordance with the provisions of Section 109, it shall be taken in such manner as the Chairman, subject to the provisions of Section 109 of the Act, may direct, and the results of the poll shall be deemed to be the decision of the meeting on the resolution on which the poll was taken.

In what cases poll taken without adjournment

82. A poll demanded on the election of Chairman or on a question of adjournment shall be taken forthwith. Where a poll is demanded on any other question, adjournment shall be taken at such time not being later than forty-eight hours from the time which demand was made, as the Chairman may direct.

Votes

83. a. Every member of the Company holding Equity Share(s), shall have a right to vote in respect of such capital on every resolution placed before the Company. On a show of hands, every such member present shall have one vote and shall be entitled to vote in person or by proxy and his voting right on a poll or on e-voting shall be in proportion to his share of the paid-up Equity Capital of the Company.
- b. Every member holding any Preference Share shall in respect of such shares have a right to vote only on resolutions which directly affect the rights attached to the Preference Shares and subject as aforesaid, every such member shall in respect of such capital be entitled to vote in person or by proxy, if the dividend due on such preference shares or any part of such dividend has remained unpaid in respect of an aggregate period of not less than two years preceding the date of the meeting. Such dividend shall be deemed to be due on Preference Shares in respect of any period, whether a dividend has been declared by the Company for such period or not, on the day immediately following such period.
- c. Whenever the holder of a Preference Share has a right to vote on any resolution in accordance with the provisions of this article, his voting rights on a poll shall be in the same proportion as the capital paid-up in respect of such Preference Shares bear to the total equity paid-up capital of the Company.

Business may proceed notwithstanding demand for poll

84. A demand for a poll shall not prevent the continuance of a meeting for the transaction of any business other than that on which a poll has been demanded; The demand for a poll may be withdrawn at any time by the person or persons who made the demand.

Joint holders

85. In the case of joint holders, the vote of the first named of such joint holders who tender a vote, whether in person or by proxy, shall be accepted to the exclusion of the votes of the other joint holders.

Member of unsound mind

86. A member of unsound mind, or in respect of whom an order has been made by any Court having jurisdiction in lunacy, may vote, whether on a show of hands or on a poll, by his committee or other legal guardian, and any such committee or guardian may, on a poll vote by proxy.

No member entitled to vote while call due to Company

87. No member shall be entitled to vote at a General Meeting unless all calls or other sums presently payable by him in respect of shares in the Company have been paid.

Proxies permitted on polls

88. On a poll, votes may be given either personally or by proxy provided that no Company shall vote by proxy as long as resolution of its Directors in accordance with provisions of Section 113 is in force.

Instrument of proxy

89. a. The instrument appointing a proxy shall be in writing under the hand of the appointed or of the attorney duly authorised in writing, or if the appointer is a Corporation, either under the signature of two Directors and the Company Secretary of the Company or under the hand of an officer or attorney so authorised. Any person may act as a proxy whether he is a member or not.
- b. A body corporate (whether a company within the meaning of this Act or not) may:
1. If it is a member of the Company by resolution of its Board of Directors or other governing body, authorise such persons as it thinks fit to act as its representatives at any meeting of the Company, or at any meeting of any class of members of the Company;
