PAT	38.82	6.15	530.73%
PAT Margin (%)	8.92%	4.09%	483 BPS
EPS (₹)	19.67	3.12	530.45%

Mr. Nikunj kumar Chimanlal Patel, Chairman & Executive Director of Australian Premium Solar (India) Limited, commented on the H2 FY25 results- “We are delighted to close FY25 on a high note, with robust performance across all key financial metrics. Our H2 performance is a testament to our strong execution, margin expansion and scaling efficiencies. **Revenue nearly tripled YoY** in H2, while **PAT rose over 5x**, demonstrating the resilience and scalability of our business model.

In FY25, we made strategic headway in both capacity and market reach. With operations across Gujarat, Maharashtra, Rajasthan, Himachal Pradesh, Jharkhand, Bihar, Madhya Pradesh, Haryana and Tripura, we continue to deepen our national footprint. Our **800 MW Topcon capacity expansion** remains on track, with the first **400 MW** expected to be operational by **Q2 FY26**.

With strong execution, a growing portfolio and a focus on vertical integration, including upcoming solar cell manufacturing, we are poised for a revenue **CAGR of 70–75% over the next 2–3 years**, with **healthy operating margins**. Backed by innovation, strategic investments and stakeholder trust, we are confident in our journey toward becoming a leading force in India's renewable energy landscape.”

About Australian Premium Solar (India) Limited

Established in 2013, Australian Premium Solar (India) Limited is a leading indigenous solar solutions provider specializing in the manufacturing of Monocrystalline and Topcon solar modules, along with offering EPC services for diverse applications.

Drawing on the founders' extensive international experience in the solar industry, the company develops and produces high-quality, locally-manufactured solar products tailored to various sectors, including residential, commercial, industrial, and agricultural markets.

As an ISO 9001-certified organization, APS adheres to rigorous quality standards, ensuring reliability and excellence in every product. The company partners with esteemed firms to supply solar panels for critical applications across industries, underscoring its commitment to innovation and advancing renewable energy solutions.
